Letter No. M2/10458/2021 dated 28,02,2022

In the letter read above, the Commissioner of Land Administration has stated that in the meeting chaired by the Hon ble Chief Minister of Tamil Nadu conducted on 03.2,2022 to review the effective dealing of encroachment related cases, it was Instructed that a special cell should be formed in the Office of the Commissioner of Land Administration to deal with various litigations, pertaining to encroachments and other land matters, co-ordinate with the law offices, monitor the various court cases, and allied legal matters.

2. Further stated that all Government and private land management activities in the state such as Patta Transfer, Settlement of land records, Land Transfer, Land Alienation, Land Lease, Land Acquisition, Land Exchange and Eviction of Encroachments etc.; are being done by the District Administrations under the supervision of Commissioner of Land Administration (CLA). While performing the various functions prescribed under Revenue standing orders, Acts, Rules and G.Os, various litigations are being filed in the judicial forums by the aggrieved persons against the orders passed by the Revenue Authorities including Commissioner of Land Administration and the Principal Secretary to Government, Revenue & Disaster Management Department, Especially, many writ petitions are being filed by the encroachers of the valuable Government lands in which strenuous efforts to be taken by the concerned Revenue Authorities to defend the case on behalf of Government to protect the Government lands. Further, many public interest litigation petitions are being filed in the Hon'ble High Courts related to various nature of Government lands with different prayers. Resident from To resident to To To Francisco Company

3. In the above circumstances, certain gaps exist which have to be addressed for better, more effective dealing of the litigation. CONTRACTOR FOR THE STATE OF THE PROOF PARTY PARTY OF THE PARTY OF THE

- Monitoring: No centralized monitoring system is available to follow up the listing of W.Ps, status of DCA filing, status of reports filing and obtaining copy of judgements etc., as well as filing of compliance or status reports related to land matters in respect of the Hon'ble High Court.
- Co-ordination: The co-ordination between the authorities and law officers on follow up of the writ petitions has to be improved, since in some cases the communications have not reached to the concerned authorities in time due to various reasons which leads to passing of unpleasant remarks on the Government machinery by the Honble Judges, ordering personal appearance of Higher officials and ultimately losing the case against the Government,
- Supervision: Increspect of the cases conducted by the District Authorities in the relevant subordinate courts, there is a need for central supervision whether the cases are being followed up,
- Especially in LAOP cases for seeking higher compensation, appeals are being filed in the appellate Courts and the same are pending for more than 5 years with minimal follow up and ultimately losing the case against the Government which leads to huge financial implication for the Government.
- Drafting and vetting: The Counter affidavits as of now-are prepared by the law officers based on the para-war remarks offered by the official respondents, or based on the rough draft prepared by the officials. Legal expertise is needed in-house, for better drafting, in the light of the high volume of cases and strict time limits given by the Hon'ble Courts for filing of the affidavits.
- Research and Advisory: Commissioner of Land Administration as a statutory authority passes orders related to land matters which are routinely challenged and in many times, quashed by the Hon'ble Courts due to legal infirmities; especially not appreciating the latest legal position as ordered by the Hon'ble Courts. In such cases, the analysis and remarks of a legal expert would help the authority to pass the appropriate order in all manner, by other points:
- While furnishing remarks to the Government on various nature like amendment of a particular section in the existing land acquisition Act, framing new rules on the existing Acts, formulation of new land acquisition Act etc., legal expertise is needed to analyse the provisions of the Act/Rules legally and offer the remarks.
- 4, In this regard, the Commissioner of Land Administration has pointed out an example illustratively. The Hon'ble High Court recently directed to furnish the details of overall pending LAOP cases in the State and none of the Department is having the actual details of the present stage of the cases and there is no centralized mechanism

monitor the stage of the cases, status of filling appeals etc., and hence the details have been urgently compiled from the Districts by this Commissionerate and roughly 11,000+ LAOP cases are found as pending which includes an unpredictable financial burden to the State which is unnoticeable at higher level so far.

- 5. Taking into consideration of the above, there is an imperative need to create an exclusive wing to monitor the Court cases and co-ordinate with the law officers of various courts including other allied legal matters with respect to this Commissionerate. The main functions of the legal cell are as follows:
 - 1) This cell will act as a nodal agency to collect the details of various pending Iltigations like Writ Petitions, Writ Appeals, LAOP cases/Appeals etc., from the Districts with respect to the land matters and maintain the data base centrally.
 - 2) This legal cell will have a close co-ordination with law officers to get the details of cases on daily basis and to have a regular touch with AG, AAG and other Government pleaders for their assistance in Writ Petitions; Appeals, Revisions, Reviews, Special Leave Petition, etc., and also supervise the contesting of the cases in various Courts of law. and accountable
 - 3) The cell will render effective legal assistance in the preparation of legal opinions, reports and correspondence, drafting of affidavit / reply, review, drafting of legal documents, as required from time to time in consultation with the office concerned with the approval of competent authority.
- 4) This cell will assist this Commissionerate in drafting the important statutory orders which are sensitive in nature and also it will advise the matter of preferring of appeals in appellate Courts against the orders of the judicial for and in the matter of taking recourse to other legal remedies.
 - 5) This cell will also provide appropriate legal advice on procedural questions of law arising in functioning and applicability of various land related Acts and Rules made there under to firmly secure the interest of the Government: Further, this cell will suggest remedial statutory measures to meet any lacunae, Inadequacies or short comings in such Acts/Rules.
 - AND ALTERNATION OF THE POST OF SECTION AND AND ADDRESS OF SECTION ADDRESS OF SECTI 6) The legal cell will provide clarifications on the issues raised by the field level authorities related to the provisions of various Acts/ Rules including Interpretation of the laws and rules with the approval of competent authority and a second of the TO SECURE IN STRUCTURE OF SEASONS OF SEASONS ASSESSED TO SEE TO SEASON SEASONS OF ASSESSED
