The TamilNadu Dr. Ambedkar Law University

Government of Tamil Nadu by an Act of State Legislature [Act No.43 of 1997] established the Tamil Nadu Dr.Ambedkar Law University for the advancement and dissemination of knowledge in learning, teaching and research in the field of law. His Excellency Shri. K.R. Narayanan, Former President of India inaugurated it on September 20, 1997, and the University started functioning from October 3, 1997 onwards. The University was named after the Architect of the Indian Constitution Dr. B.R. Ambedkar. The University is recognized by the Bar Council of India (BCI) and University Grants Commission (UGC) (Sec. 2f and 12b of the UGC Act.). The University is the first full-fledged *sui-generis* University that offers Legal Education through this University and its affiliated colleges in the State and the University is the first of its kind not only in the country but also in South Asia. The University has 16 affiliated law colleges in the State of Tamil Nadu. The school of Excellence in Law run by the university at its campus since 2002 has been modelled on the lines of other National Law Schools in the country and offers three-year undergraduate (Hons.) as well as five year integrated undergraduate (Hons.) degree courses in Law. The University has a Postgraduate and Research Centre, which offers Master of Law Degree Courses in 11 different specializations, doctoral programme as well as organizing research in diverse areas of law as well as in inter-disciplinary studies.

Spoken Tutorial, IIT Bombay

The Spoken Tutorial Project is an initiative of National Mission on Education through ICT, MHRD, Govt of India, to promote IT literacy through Open Source Software. Their goal is to benefit a learner of any level- Beginner, Intermediate or Advanced, through Spoken Tutorial-based software training in any language. The project aims to create Spoken Tutorials which teach FOSS in many Indian languages. The idea is to teach software(s) in a language that the learner is comfortable in. This project is for the community and by the community. Through the portal, we aim to get like-minded individuals to collaborate with each other to create Spoken Tutorials. The Spoken Tutorial Project is about teaching and learning a particular FOSS (Free and Open Source Software) like Linux, Scilab, LaTeX, PHP & MySQL, Java, C/C++, LibreOffice etc. via an easy Video tool - Spoken Tutorials.
