					CO2	Understand the various theories and research methodologies used in victimology	K4
					CO3	Analyse the different types of victim services available to victims of crime, including crisis intervention, counseling, and legal assistance	K6
					CO4	Comprehend on legal rights of victims, including the right to be heard in court, the right to compensation, and the right to privacy	K4
					CO5	Research on the principles and practices of restorative justice, including the importance of repairing harm and addressing the needs of victims, offenders, and the community as a whole	K3
47D	IX	HOS50904	d. International Commercial Arbitration	Specialized Honours	CO1	Acquire knowledge on arbitration as a dispute settlement mechanism in international commercial disputes.	K1
					CO2	Compare and understand the relationship between UNCITRAL Model Law and International Commercial Arbitration.	K4
					CO3	Demonstrate the cooperation between Arbitration and National Judicial Systems.	K2
					CO4	Analyse the forms and important aspects of International Commercial Arbitration.	K4

					CO5	Understand the concept of agreements related to International Commercial Arbitration.	K2
48A	IX	HOS60901	a. Intellectual Property Litigations	Specialized Honours	CO1	Identify the practical application IP Laws and the procedural aspects of enforcement of Intellectual Property Rights.	K3
					CO2	Discover and learn about cross border IP litigations by analyzing the interpretation of IP Laws.	K6
					CO3	Understand the dispute resolution mechanism and the significance of Arbitration measures.	K2
					CO4	Analyses the cost-effective mechanism and the best practices to be followed in disputed redressal forums.	K4
					CO5	Appraise international IP enforcement mechanism and its challenges, impact and the reforms needed to promote harmonization in IP business.	K5
48B	IX	HOS60902	b. RERA and Tenancy Law	Specialized Honours	CO1	Knowledge to solve practical problems	K1
					CO2	Understand and describe legislative power to make laws relating to land in the statelists.	K2
					CO3	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K3
					CO4	Different states have enacted their own laws on this subject and the application of these laws is varied from state to state.	K4
					CO5	Problem-solve complex issues in the land related matters and society related to Real estate, disputes between landlord and tenant including cultivating tenant	K6
48C	IX	HOS60903	c. Psychology of Crime	Specialized Honours	CO1	Understand the cause of behavior at an individual level. Environmental, Biological, Physiological, cognitive and psychological factors affecting, or motivating individuals to behave in a certain manner.	K2
					CO2	Analyze the social factors, which can explain behavior of individuals in a group. It is aimed at understanding how presence of others affects the behavior of an individual	K4
					CO3	Create instructions and increase the knowledge of investigators to help them deal with cases of mental illness who are involved in crime.	K6
					CO4	Comprehend the mental state of those who have shown deviant behavior and how such offenders can be reintegrated back into the society.	K3
					CO5	Research on ways to deal with investigator, offender and victims' issues, which arise during the process of case investigation. It is to draw and develop effective interventions to maintain and improve mental health of professionals and to provide counselling to offenders and victims.	K6
			d. Social	Specialized	CO1	Comprehend the complex issue of unorganised labour and their challenges	K3
					CO2	Identify the crucial role played by ILO in their upliftment	K3
					CO3	Critically analyse social security law through the lens of unorganised labour	K4

48D	IX	HOS60904	Security and Unorganised Labour	Honours	CO4	Critically evaluate the challenges faced by workers in unorganised sector	K5
					CO5	Propose solutions to sector specific problems and critically examine the effortstaken to legislate for their improvements	K6
49	IX	HOCC0903	Drafting Pleading and Conveyancing and Chamber Visit	Clinical Core	CO1	Learn not only from the text but also the practical approach which is a must for anadvocate.	K2
					CO2	Establish a law firm and will coordinate registration work.	K6
					CO3	Depth knowledge in this subject matter and to understand the nature of drafting inpleadings and conveyancing.	K1
					CO4	Enumerate certain legal conditions and other formalities that are governed by law andproperty law.	K4
					CO5	Choose practice before the court drafting of pleading is most necessary	K6
50	X	HOLC1021	Mediation and Conciliation	Core Law	CO1	Understand and resolve ethical hitches in Conciliation and Mediation as settlement mechanisms.	K1
					CO2	Apply and practice mediator skills and undertake legal research and promote legal reforms in theory and practice.	K3
					CO3	Choose the right techniques and apply effective communication, gain success by bringing about consensus and draw up settlement agreements.	K3
					CO4	Summarise and apply the substantive techniques of mediation and conciliation	K3
					CO5	Appraise via internship and training as observers at court-annexed mediation centers, at private mediation centers, with sitting/former Judges of Supreme Court and/or High Courts, and/or by senior and/or experienced Advocates.	K2
51	X	HOLC1022	Law of Taxation	Core Law	CO1	Understand the meaning, nature and scope of tax along with its constitutional background.	K2
					CO2	Recognize the taxable event that has Income tax / GST implications together with itsprocedural aspects embodied in respective tax laws.	K2
					CO3	Apply the theoretical knowledge in computation of income tax and GST as it operatesin relation to individuals and other entities.	K3
					CO4	Analyse the procedural aspects for assessment of tax liability for various assessments.	K4
					CO5	Evaluate the powers and functions of various tax authorities under different tax statutes.	K5
52	X	HOLC1023	Criminal Minor Acts	Ancillary Hon's	CO1	Understand the legal framework surrounding minor offenses, including the relevant laws and regulations that govern these types of offenses	K1
					CO2	Identify the key elements that make up different types of minor offenses, including the specific actions or behaviours that are prohibited by law	K2
					CO3	Identify the potential penalties associated with committing minor offenses, including fines, community service, and short-term imprisonment	K4

The Tamil Nadu Dr. Ambedkar Law University

தமிழ்நாடு டாக்டர் அம்பேத்கர் சட்டப் பல்கலைக்கழகம்

State University Established by Act No.43 of 1997

NAAC Accredited

					CO4	Analyse into the criminal justice system, including the different stages of arrest, booking, arraignment, and trial	K6
					CO5	Understand how the criminal justice system operates in relation to minor offenses, including the role of law enforcement, prosecutors, and defence attorneys	K2
53	X		Mock Court and Court Training Programme	Clinical Core	CO1	Demonstrate a thorough and contextual knowledge of the various laws particularly in its application to real and hypothetical legal problems.	K2
					CO2	Analyze as well as critical thinking of students over interesting and contemporary legal issues.	K4
					CO3	Develops interest in advocacy and competence as an advocate.	K6
					CO4	Develops skill in advocacy, legal research and writing skills.	K6
		HOCC1004			CO5	Construct interest in advocacy and competence as an advocate.	K6

COURSE OUTCOMES – B.COM. LL. B (Hons.)

Sl.no	Sem	Course Code	Course Name	Category	Course Outcome (CO)	Cognitive Level	
1	I	HOBM010	Legal Language and Literature– English-I	Interdisciplinary	CO1	Recognize the ability of language skills, both spoken and written.	K1
					CO2	Understand the sound system of the English language to enable proper articulation/pronunciation required for honing their language skills.	K1
					CO3	Interpret the prudence of grammatical structure of English language and its proper usage.	K2

					CO5	Insight into forensic practice and the law relating to forensics allows one to discover interests in forensics and has been a revelation in terms of the career after this degree.	K2
42D	VIII	HOS30804	d. Service Laws	Specialized Honours	CO1	Understand the origin and development of services law and appreciate its current position in the appropriate historical context	K2
					CO2	Analyse the Constitutional provision governing services law	K4
					CO3	Identify the key concepts in laws governing public services	K3
					CO4	Critically examine laws and judicial precedents governing services laws	K4
					CO5	Elaborate on the changing roles and the impact of globalization on bureaucracy.	K6
43	VIII	HOCC0802	Alternative Dispute Resolution Policy	Clinical Core	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources.	K2
					CO2	Examine the protection of traditional knowledge and genetic resources at the International and National level.	K4
					CO3	Interpret the impact of Cultural Property on the intangible cultural heritage of the country.	K2
					CO4	Generalize the international and national level address the Issue of TK and Genetic Resources.	K4
					CO5	Compile legal and policy norms at the intersection of the three regimes.	K6

44	IX	HOLC0919	Civil Procedure Code and Limitation Act	Core Law	CO1	Examine a complete grasp and understanding of the general principles of Civil Procedure and gain mastery over the subject.	K4
					CO2	Illustrate a thorough explanation on all the essential aspects of civil procedure and practice, right from the inception of a civil suit until its finality, with reference to limitation laws.	K
					CO3	Construct knowledge on the latest trends involved in the electronic filing of civil suits including e-vakalatnama.	K3
					CO4	Understand about the latest amendments incorporated along with its effects.	K2
					CO5	Appraise themselves as future advocates in civil side practice.	K5
45	IX	HOLC0920	Criminal Procedure Code (Law of Crimes-II)	Core Law	CO1	Ensure a fair trial where none of the rights of the accused are compromised nor are they unjustifiably favored. Furthermore, to ensure that the judge concerned hears all parties who are relevant to the trial, their presence at the trial is obviously important.	K3
					CO2	Familiarize the crucial aspects relating to investigation and trial of offences (like initiation of criminal cases, powers and duties of police during investigation of offences, stages of criminal trial, functions, duties, and powers of criminal courts)	K2
					CO3	Sensitize critical issues in administration of criminal justice (like protection of human rights of accused, victims, principles of fair trial)	K3
					CO4	Sets the state's machinery running with respect to enforcing law and order and imparting justice, and regulates the procedure followed by these institutions.	K4
					CO5	Create legal machinery for the detection of crime, apprehension of suspected criminals, collection of evidence, determination of the guilt or innocence of a suspect, and imposing suitable punishment on the guilty person.	K6
46	IX	HOLA0906	Maritime Law	Ancillary Hon's	CO1	Appraise the International and Indian Admiralty and Maritime laws	K2
					CO2	Articulate and analyze the roles of national governments and international organizations in the regulation of laws of sea	K3
					CO3	Gain insights on practice in maritime and admiralty law in India	K2
					CO4	Know how the admiralty system works in India with reference to ship management, safety and merchant shipping	K5
					CO5	Appraise the protection of maritime labourers.	K2
		HOLA0901			CO1	Demonstrate the conceptual necessity, contextual inevitability and the legal adaptability of trans-national transactions.	K2
					CO2	Discover the desirability and effectiveness of sovereign immunity and impact of foreign judgments and create the worn-out deliberation on the most crucial aspect affecting the frontier activities.	K4

47A	IX		a. Private International Law	Specialized Honours	CO3	Utilize the knowledge of a substantial range of major concepts, values, principles and rules of conflict of laws and make use of its substantial and procedural aspects explaining the relationship between them in specified areas.	K2
					CO4	Prioritize and comprehend the complex issues arising out of trans-national matrimonial relationships; horizons of contract, tort, and property beyond domestic frontiers	K3
					CO5	Formulate the compelling influence of different personal factors beyond the boundaries of transactions.	K6
47B	IX	HOS50902	b. Law of Election	Specialized Honours	CO1	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K5
					CO2	Understand on Election law and the diversity of electoral institutions and arrangements	K2
					CO3	Different Procedural aspects of holding elections under various Constitutions	K4
					CO4	Effectiveness of Election law as the means to articulate, deliver and regulate the democratic rights	K4
					CO5	Role of Judiciary in adjudication of Election Disputes	K5
47C	IX	HOS50903	c. Victimology	Specialized Honours	CO1	Understand the physical, emotional, and psychological effects of victimization on individuals and their families	K2
					CO2	Understand the various theories and research methodologies used in victimology	K4
					CO3	Analyse the different types of victim services available to victims of crime, including crisis intervention, counseling, and legal assistance	K6
					CO4	Comprehend on legal rights of victims, including the right to be heard in court, the right to compensation, and the right to privacy	K4
					CO5	Research on the principles and practices of restorative justice, including the importance of repairing harm and addressing the needs of victims, offenders, and the community as a whole	K3
47D	IX	HOS50904	d. International Commercial Arbitration	Specialized Honours	CO1	Acquire knowledge on arbitration as a dispute settlement mechanism in international commercial disputes.	K1
					CO2	Compare and understand the relationship between UNCITRAL Model Law and International Commercial Arbitration.	K4
					CO3	Demonstrate the cooperation between Arbitration and National Judicial Systems.	K2
					CO4	Analyse the forms and important aspects of International Commercial Arbitration.	K4
					CO5	Understand the concept of agreements related to International Commercial Arbitration.	K2

48A	IX	HOS60901	a. Intellectual Property Litigations	Specialized Honours	CO1	Identify the practical application IP Laws and the procedural aspects of enforcement of Intellectual Property Rights.	K3
					CO2	Discover and learn about cross border IP litigations by analyzing the interpretation of IP Laws.	K6
					CO3	Understand the dispute resolution mechanism and the significance of Arbitration measures.	K2
					CO4	Analyses the cost-effective mechanism and the best practices to be followed in disputed redressal forums.	K4
					CO5	Appraise international IP enforcement mechanism and its challenges, impact and reforms needed to promote harmonization in IP business.	K5
48B	IX	HOS60902	b. RERA and Tenancy Law	Specialized Honours	CO1	Knowledge to solve practical problems	K1
					CO2	Understand and describe legislative power to make laws relating to land in the statelst.	K2
					CO3	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K3
					CO4	Different states have enacted their own laws on this subject and the application of these laws is varied from state to state.	K4
					CO5	Problem-solve complex issues in the land related matters and society related to Real estate, disputes between landlord and tenant including cultivating tenant	K6
48C	IX	HOS60903	c. Psychology of Crime	Specialized Honours	CO1	Understand the cause of behavior at an individual level. Environmental, Biological, Physiological, cognitive and psychological factors affecting, or motivating individuals to behave in a certain manner.	K2
					CO2	Analyze the social factors, which can explain behavior of individuals in a group. It is aimed at understanding how presence of others affects the behavior of an individual	K4
					CO3	Create instructions and increase the knowledge of investigators to help them deal with cases of mental illness who are involved in crime.	K6
					CO4	Comprehend the mental state of those who have shown deviant behavior and how such offenders can be reintegrated back into the society.	K3
					CO5	Research on ways to deal with investigator, offender and victims' issues, which arise during the process of case investigation. It is to draw and develop effective interventions to maintain and improve mental health of professionals and to provide counselling to offenders and victims.	K6
48D	IX	HOS60904	d. Social Security and Unorganised	Specialized Honours	CO1	Comprehend the complex issue of unorganised labour and their challenges	K3
					CO2	Identify the crucial role played by ILO in their upliftment	K3
					CO3	Critically analyse social security law through the lens of unorganised labour	K4
					CO4	Critically evaluate the challenges faced by workers in unorganised sector	K5

			Labour		CO5	Propose solutions to sector specific problems and critically examine the effortstaken to legislate for their improvements	K6
49	IX	HOCC0903	Drafting Pleading, Conveyancing and Chamber Visit	Clinical Core	CO1	Learn not only from the text but also the practical approach which is a must for anadvocate.	K2
					CO2	Establish a law firm and will coordinate registration work.	K6
					CO3	Depth knowledge in this subject matter and to understand the nature of drafting inpleadings and conveyancing.	K1
					CO4	Enumerate certain legal conditions and other formalities that are governed by law andproperty law.	K4
					CO5	Choose practice before the court drafting of pleading is most necessary	K6
50	X	HOLC1021	Mediation and Conciliation	Core Law	CO1	Understand and resolve ethical hitches in Conciliation and Mediation as settlement mechanisms.	K1
					CO2	Apply and practice mediator skills and undertake legal research and promote legal reforms in theory and practice.	K3
					CO3	Choose the right techniques and apply effective communication, gain success by bringing about consensus and draw up settlement agreements.	K3
					CO4	Summarise and apply the substantive techniques of mediation and conciliation	K3
					CO5	Appraise via internship and training as observers at court-annexed mediation centers, at private mediation centers, with sitting/former Judges of Supreme Court and/or High Courts, and/or by senior and/or experienced Advocates.	K2
51	X	HOLC1022	Law of Taxation	Core Law	CO1	Understand the meaning, nature and scope of tax along with its constitutional background.	K2
					CO2	Recognize the taxable event that has Income tax / GST implications together with itsprocedural aspects embodied in respective tax laws.	K2
					CO3	Apply the theoretical knowledge in computation of income tax and GST as it operatesin relation to individuals and other entities.	K3
					CO4	Analyse the procedural aspects for assessment of tax liability for various assessments.	K4
					CO5	Evaluate the powers and functions of various tax authorities under different tax statutes.	K5
52	X	HOLC1023	Criminal Minor Acts	Ancillary Hon's	CO1	Understand the legal framework surrounding minor offenses, including the relevant laws and regulations that govern these types of offenses	K1
					CO2	Identify the key elements that make up different types of minor offenses, including the specific actions or behaviours that are prohibited by law	K2
					CO3	Identify the potential penalties associated with committing minor offenses, including fines, community service, and short-term imprisonment	K4

					CO2	Identify the scope and reach of state insurance benefits to employees	K3
					CO3	Distinguish the rights of employees under various employment-related mishaps and consequences	K4
					CO4	Critically analyse maternity benefits available to women employees and their adequacy/inadequacy	K4
					CO5	Compile the nuances of retirement benefits payable to employees, test the compliance to be followed by factories critically analysing the relevant laws.	K6
39	VIII	HOLA0804	Competition Law	Ancillary Hon's	CO1	Understand the Economic theory of competition law, the need for protecting competition in the market and the difference between competition law and policy.	K2
					CO2	Apply the leading provisions regulating competition in India with special reference to the Competition Act, 2002.	K3
					CO3	Analyze the various kinds of anti-competitive practices such as Anti-competitive agreements, abuse of dominant position and combination with special reference to landmark judgments.	K4
					CO4	Evaluate the functions of the Competition Commission of India and the role played by the Director General in conducting the investigation process	K5
					CO5	Gain the insight on Competition Advocacy	K2
40	VIII	HOLA0805	Cyber Law and Information Technology	Ancillary Hon's	CO1	Understand the level of technological advance in the Commercial arena and to know the laws regulating cyberspace.	K2
					CO2	Apply the rudiments of internet technology to Contracts, Crimes and civil wrongs.	K3
					CO3	Explore the legal and policy developments in various countries regulating cyberspace.	K2
					CO4	Analyze the scope and function of legal and technological regulation of the internet.	K4
					CO5	Gain insights into Information Technology Act and legal framework of right to Privacy, Data Security and Data Protection.	K2
41A	VIII				CO1	Identify the basics of international human rights law and its application at the municipal level.	K3
					CO2	Understand the scope and limitations of human rights discourse and law making.	K2

		HOS30801	a. International Human Rights Law	Specialized Honours	CO3	Apply the national and international human rights law at various courts, political platforms and societal groups.	K3
					CO4	Create strategies involving policies, laws and governance to strengthen the human rights framework.	K6
					CO5	Construct and evolve the application of human rights to complex social, political and economic situations.	K6
41B	VIII	HOS30802	b. Human Rights in the Constitutional Law	Specialized Honours	CO1	Appreciate the provisions under the Indian Constitution dealing with human rights.	K3
					CO2	Realise liberty, Equality and Fraternity (union of trinity) by ensuring that these values are applicable not in the public domain but also in the private sphere.	K2
					CO3	Display the understanding of the practical application of human rights legislations to specific human rights problems in India.	K3
					CO4	Advocate about human right awareness and duties education.	K4
					CO5	Evaluate the role of the judiciary in balancing individual liberty with social control.	K5
41C	VIII	HOS30803	c. Cyber Crime	Specialized Honours	CO1	Understanding emerging forms of cybercrime and identifying various forms of cybercrime as well as risk factors for victimization and perpetration.	K2
					CO2	Develop, understand, and apply the sociological perspective to various forms of cybercrime and comprehend the intersections between cybercrime and other criminal behaviour.	K6
					CO3	Applying various theoretical perspectives to understand the role of Police, Government offices, students, lecturers and the Non-Governmental Organizations to cater to the problem of cybercrimes.	K3
					CO4	Identify the essential and up-to-date concepts, algorithms, protocols, tools, and methodology of cyber-forensics to correctly define and cite appropriate instances for the application of computer forensics Correctly	K3
					CO5	Apprehending the challenges and barriers law enforcement experiences during cybercrime investigations.	K4
41D	VIII	HOS30804	d. Insurance Law	Specialized Honours	CO1	Demonstrate knowledge of the legal and ethical aspects of insurance Law.	K2
					CO2	Discuss and appreciate the importance of the impact of globalization and diversity in modern insurance-based organizations.	K2
					CO3	Apply how losses are measured and the various principles such as of indemnity, Contribution, subrogation, reinstatement etc that are applied in accessing insurance claims.	K3
					CO4	Develop the ability of critical thinking and an analytical approach to the application of knowledge and skills.	K6
					CO5	Reframe the significance of various types of insurances and the consequences of the happening of various perils insured against.	K3

42A	VIII	HOS40801	a. IP on Traditional Knowledge and Genetic Resources	Specialized Honours	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources	K2
					CO2	Comprehend and focus on the protection of traditional knowledge and genetic resources and the reforms needed at the International and National level.	K2
					CO3	Interpret the impact of Traditional Knowledge, Genetic resources and Cultural IP in the aspects of protection of indigenous communities.	K2
					CO4	Analyses the need for proper forum to address the challenges in IP protection for Traditional Knowledge.	K4
					CO5	Identifies and promotes the participation of Indigenous communities in International IP debates.	K3
42B	VIII	HOS40802	b. Land Laws of Tamil Nadu	Specialized Honours	CO1	Classify the State legislations relating to land	K4
					CO2	Identify procedure in fixing ceiling limit	K3
					CO3	Useful to relate procedural aspects in registration of land, obtaining patta, Chitta	K3
					CO4	Enumerate and help in civil side practice.	K4
					CO5	Analyze the laws pertaining to Land Registration in the State of Tamil Nadu	K4
42C	VIII	HOS40803	c. Forensic Science and Investigation	Specialized Honours	CO1	Keep pace with the emerging developments in Criminal Justice and Forensic Science and help to generate the well-informed citizens on the criminal laws and with an exposure to the application of forensic science in crime investigation.	K2
					CO2	Enhance the competencies of the professionals working in the area of the criminal justice system.	K2
					CO3	Deduce the evidence presented as part of a case study by considering the subjective and objective nature of the evidence and what this may mean to the strength of conclusions.	K3
					CO4	Evaluate the limitations of forensic techniques and interpretations and explore the nature and limitations of the evidence that scientific tests deliver.	K4
					CO5	Insight into forensic practice and the law relating to forensics allows one to discover interests in forensics and has been a revelation in terms of the career after this degree.	K2
42D	VIII	HOS30804	d. Service Laws	Specialized Honours	CO1	Understand the origin and development of services law and appreciate its current position in the appropriate historical context	K2
					CO2	Analyse the Constitutional provision governing services law	K4
					CO3	Identify the key concepts in laws governing public services	K3
					CO4	Critically examine laws and judicial precedents governing services laws	K4
					CO5	Elaborate on the changing roles and the impact of globalization on bureaucracy.	K6

43	VIII	HOCC0802	Alternative Dispute Resolution Policy	Clinical Core	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources.	K2
					CO2	Examine the protection of traditional knowledge and genetic resources at the International and National level.	K4
					CO3	Interpret the impact of Cultural Property on the intangible cultural heritage of the country.	K2
					CO4	Generalize the international and national level address the Issue of TK and Genetic Resources.	K4
					CO5	Compile legal and policy norms at the intersection of the three regimes.	K6
44	IX	HOLC0919	Civil Procedure Code and Limitation Act	Core Law	CO1	Examine a complete grasp and understanding of the general principles of Civil Procedure and gain mastery over the subject.	K4
					CO2	Illustrate a thorough explanation on all the essential aspects of civil procedure and practice, right from the inception of a civil suit until its finality, with reference to limitation laws.	K
					CO3	Construct knowledge on the latest trends involved in the electronic filing of civil suits including e-vakalatnama.	K3
					CO4	Understand about the latest amendments incorporated along with its effects.	K2
					CO5	Appraise themselves as future advocates in civil side practice.	K5
45	IX	HOLC0920	Criminal Procedure Code (Law of Crimes-II)	Core Law	CO1	Ensure a fair trial where none of the rights of the accused are compromised nor are they unjustifiably favored. Furthermore, to ensure that the judge concerned hears all parties who are relevant to the trial, their presence at the trial is obviously important.	K3
					CO2	Familiarize the crucial aspects relating to investigation and trial of offences (like initiation of criminal cases, powers and duties of police during investigation of offences, stages of criminal trial, functions, duties, and powers of criminal courts)	K2
					CO3	Sensitize critical issues in administration of criminal justice (like protection of human rights of accused, victims, principles of fair trial)	K3
					CO4	Sets the state's machinery running with respect to enforcing law and order and imparting justice, and regulates the procedure followed by these institutions.	K4
					CO5	Create legal machinery for the detection of crime, apprehension of suspected criminals, collection of evidence, determination of the guilt or innocence of a suspect, and imposing suitable punishment on the guilty person.	K6
46	IX	HOLA0906	Maritime Law	Ancillary Hon's	CO1	Appraise the International and Indian Admiralty and Maritime laws	K2
					CO2	Articulate and analyze the roles of national governments and international organizations in the regulation of laws of sea	K3
					CO3	Gain insights on practice in maritime and admiralty law in India	K2

					CO4	Know how the admiralty system works in India with reference to ship management, safety and merchant shipping	K5
					CO5	Appraise the protection of maritime labourers.	K2
47A	IX	HOLA0901	a. Private International Law	Specialized Honours	CO1	Demonstrate the conceptual necessity, contextual inevitability and the legal adaptability of trans-national transactions.	K2
					CO2	Discover the desirability and effectiveness of sovereign immunity and impact offoreign judgments and create the worn-out deliberation on the most crucial aspect affecting the frontier activities.	K4
					CO3	Utilize the knowledge of a substantial range of major concepts, values, principles and rules of conflict of laws and make use of its substantial and procedural aspectsexplaining the relationship between them in specified areas.	K2
					CO4	Prioritize and comprehend the complex issues arising out of trans-national matrimonial relationships; horizons of contract, tort, and property beyond domesticfrontiers	K3
					CO5	Formulate the compelling influence of different personal factors beyond theboundaries of transactions.	K6
47B	IX	HOS50902	b. Law of Election	Specialized Honours	CO1	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K5
					CO2	Understand on Election law and the diversity of electoral institutions and arrangements	K2
					CO3	Different Procedural aspects of holding elections under various Constitutions	K4
					CO4	Effectiveness of Election law as the means to articulate, deliver and regulate the democratic rights	K4
					CO5	Role of Judiciary in adjudication of Election Disputes	K5
47C	IX	HOS50903	c. Victimology	Specialized Honours	CO1	Understand the physical, emotional, and psychological effects of victimization on individuals and their families	K2
					CO2	Understand the various theories and research methodologies used in victimology	K4
					CO3	Analyse the different types of victim services available to victims of crime, including crisis intervention, counseling, and legal assistance	K6
					CO4	Comprehend on legal rights of victims, including the right to be heard in court, the right to compensation, and the right to privacy	K4
					CO5	Research on the principles and practices of restorative justice, including the importance of repairing harm and addressing the needs of victims, offenders, and the community as a whole	K3
					CO1	Acquire knowledge on arbitration as a dispute settlement mechanism in internationalcommercial disputes.	K1

47D	IX	HOS50904	d. International Commercial Arbitration	Specialized Honours	CO2	Compare and understand the relationship between UNCITRAL Model Law and International Commercial Arbitration.	K4
					CO3	Demonstrate the cooperation between Arbitration and National Judicial Systems.	K2
					CO4	Analyse the forms and important aspects of International Commercial Arbitration.	K4
					CO5	Understand the concept of agreements related to International Commercial Arbitration.	K2
48A	IX	HOS60901	a. Intellectual Property Litigations	Specialized Honours	CO1	Identify the practical application IP Laws and the procedural aspects of enforcement of Intellectual Property Rights.	K3
					CO2	Discover and learn about cross border IP litigations by analyzing the interpretation of IP Laws.	K6
					CO3	Understand the dispute resolution mechanism and the significance of Arbitration measures.	K2
					CO4	Analyses the cost-effective mechanism and the best practices to be followed in dispute redressal forums.	K4
					CO5	Appraise international IP enforcement mechanism and its challenges, impact and the reforms needed to promote harmonization in IP business.	K5
48B	IX	HOS60902	b. RERA and Tenancy Law	Specialized Honours	CO1	Knowledge to solve practical problems	K1
					CO2	Understand and describe legislative power to make laws relating to land in the statelst.	K2
					CO3	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K3
					CO4	Different states have enacted their own laws on this subject and the application of these laws is varied from state to state.	K4
					CO5	Problem-solve complex issues in the land related matters and society related to Real estate, disputes between landlord and tenant including cultivating tenant	K6
48C	IX	HOS60903	c. Psychology of Crime	Specialized Honours	CO1	Understand the cause of behavior at an individual level. Environmental, Biological, Physiological, cognitive and psychological factors affecting, or motivating individuals to behave in a certain manner.	K2
					CO2	Analyze the social factors, which can explain behavior of individuals in a group. It is aimed at understanding how presence of others affects the behavior of an individual	K4
					CO3	Create instructions and increase the knowledge of investigators to help them deal with cases of mental illness who are involved in crime.	K6
					CO4	Comprehend the mental state of those who have shown deviant behavior and how such offenders can be reintegrated back into the society.	K3

					CO5	Research on ways to deal with investigator, offender and victims' issues, which arise during the process of case investigation. It is to draw and develop effective interventions to maintain and improve mental health of professionals and to provide counselling to offenders and victims.	K6
48D	IX	HOS60904	d. Social Security and Unorganised Labour	Specialized Honours	CO1	Comprehend the complex issue of unorganised labour and their challenges	K3
					CO2	Identify the crucial role played by ILO in their upliftment	K3
					CO3	Critically analyse social security law through the lens of unorganised labour	K4
					CO4	Critically evaluate the challenges faced by workers in unorganised sector	K5
					CO5	Propose solutions to sector specific problems and critically examine the effortstaken to legislate for their improvements	K6
49	IX	HOCC0903	Drafting Pleading, Conveyancing and Chamber Visit	Clinical Core	CO1	Learn not only from the text but also the practical approach which is a must for anadvocate.	K2
					CO2	Establish a law firm and will coordinate registration work.	K6
					CO3	Depth knowledge in this subject matter and to understand the nature of drafting inpleadings and conveyancing.	K1
					CO4	Enumerate certain legal conditions and other formalities that are governed by law andproperty law.	K4
					CO5	Choose practice before the court drafting of pleading is most necessary	K6
50	X	HOLC1021	Mediation and Conciliation	Core Law	CO1	Understand and resolve ethical hitches in Conciliation and Mediation as settlement mechanisms.	K1
					CO2	Apply and practice mediator skills and undertake legal research and promote legal reforms in theory and practice.	K3
					CO3	Choose the right techniques and apply effective communication, gain success by bringing about consensus and draw up settlement agreements.	K3
					CO4	Summarise and apply the substantive techniques of mediation and conciliation	K3
					CO5	Appraise via internship and training as observers at court-annexed mediation centers, at private mediation centers, with sitting/former Judges of Supreme Court and/or High Courts, and/or by senior and/or experienced Advocates.	K2
51	X	HOLC1022	Law of Taxation	Core Law	CO1	Understand the meaning, nature and scope of tax along with its constitutional background.	K2
					CO2	Recognize the taxable event that has Income tax / GST implications together with itsprocedural aspects embodied in respective tax laws.	K2
					CO3	Apply the theoretical knowledge in computation of income tax and GST as it operatesin relation to individuals and other entities.	K3
					CO4	Analyse the procedural aspects for assessment of tax liability for various	K4

						assessments.	
					CO5	Evaluate the powers and functions of various tax authorities under different tax statutes.	K5
52	X	HOLC1023	Criminal Minor Acts	Ancillary Hon's	CO1	Understand the legal framework surrounding minor offenses, including the relevant laws and regulations that govern these types of offenses	K1
					CO2	Identify the key elements that make up different types of minor offenses, including the specific actions or behaviours that are prohibited by law	K2
					CO3	Identify the potential penalties associated with committing minor offenses, including fines, community service, and short-term imprisonment	K4
					CO4	Analyse into the criminal justice system, including the different stages of arrest, booking, arraignment, and trial	K6
					CO5	Understand how the criminal justice system operates in relation to minor offenses, including the role of law enforcement, prosecutors, and defence attorneys	K2
53	X	HOCC1004	Mock Court and Court Training Programme	Clinical Core	CO1	Demonstrate a thorough and contextual knowledge of the various laws particularly in its application to real and hypothetical legal problems.	K2
					CO2	Analyze as well as critical thinking of students over interesting and contemporary legal issues.	K4
					CO3	Develops interest in advocacy and competence as an advocate.	K6
					CO4	Develops skill in advocacy, legal research and writing skills.	K6
					CO5	Construct interest in advocacy and competence as an advocate.	K6

COURSE OUTCOMES – B.C.A.LL. B (Hons.)

Sl. No.	Sem	Course Code	Course Name	Category	Course Outcome (CO)	Cognitive Level	
1	I	HOB0101	Legal Language and Literature–English-I	Interdisciplinary	CO1	Recognize the ability of language skills, both spoken and written.	K1
					CO2	Understand the sound system of the English language to enable proper articulation/pronunciation required for honing their language skills.	K1
					CO3	Interpret the prudence of grammatical structure of English language and its proper usage.	K2
					CO4	Formulate to create the vocabulary for effective spoken and advocacy skills and good drafting skills, vital for the legal profession.	K6
					CO5	Justify the pinnacle spirits in Law, Politics, Society and Literature which widens and deepens their knowledge.	K5
2	I	HOB0102	Business Statistics and Computer Applications	Interdisciplinary	CO1	Examine suitable graphical and numerical descriptive statistics for various types of data.	K4
					CO2	Interpret a range of hypothesis tests in a corporate setting to help decision making.	K2
					CO3	Apply probability rules and concepts relating to discrete and continuous random variables to answer questions within a business context.	K2
					CO4	Classify simple/multiple regression models to analyse the underlying relationships between the variables through hypothesis testing.	K6
					CO5	Assess statistical packages frequently used by professionals and use SPSS techniques to evaluate the data.	K5
3	I	HOB0103	Principles of Economics	Interdisciplinary	CO1	Understand the various advanced economic principles as well as their applications.	K2
					CO2	Label first-hand information about the market structure, how resources allocate various market situations and enable to change the decision making in accordance with global scenarios.	K2
					CO3	Construct how to use limited means to present and retain for the future unlimited wants and how the law can support and, at times conflict with, the functioning of the market and the government, the other two important organizing forces of an economy.	K6
					CO4	Extend an interdisciplinary approach and enhance the employability of students.	K3
					CO5	Recognize the application of legal principles in the field of economics in the precise manner, as a social engineer and uphold the goal of the constitution to distribute the income and wealth of the nation to ensure welfare of each individual.	K2

4	I	HOBC0104	Computer Fundamentals and Legal Implications in Operating Systems	Interdisciplinary	CO1	Understand the fundamental functions of computers.	K1
					CO2	Design and analyze digital circuits with combinational and sequential components.	K6
					CO3	Solve Boolean expressions using the K-Map method.	K3
					CO4	Analyze the laws relating to computers and the internet.	K4
					CO5	Categorize the various operating system security threats, evaluate cryptography as a Security Tool, firewalling to protect systems. Create documents, spreadsheets and presentations with Office tools.	K6
5	I	HOLC0101	Introduction to Law and Legal Research	Core Law	CO1	Recognize and get introduced to the conception of law and its relevance to human life.	K1
					CO2	Understand the classification of laws and legal systems.	K1
					CO3	Apply the skills of using general and legal language.	K3
					CO4	Breakdown analytical skills of enquiry and legal reasoning.	K5
					CO5	Develop the notion of jurisprudence and its intersectionality with social problems.	K6
6	II	HOBC0205	Legal Language and Communication English-II	Interdisciplinary	CO1	State the concepts of communication skills- verbal, non-verbal and written.	K1
					CO2	Recognize the importance and usage of E-Communication skills.	K2
					CO3	Sketch the implication of logical reasoning for law professionals.	K4
					CO4	Prepare the finer manners of law and court procedure in prose lessons.	K3
					CO5	Value to know the use of legal jargon as law professionals, so as to enable them to have advanced professional related communicative skills in legal circles.	K3
7	II	HOBC0206	E-Commerce	Interdisciplinary	CO1	Gain knowledge on mobile commerce and online transactions etc	K1
					CO2	Study the various applications and services available on the internet to portable Devices.	K1
					CO3	Summarize the various devices and technology useful in M Commerce	K2
					CO4	Classify the various modes of mobile payments	K2
					CO5	Assess the security aspects involved in mobile commerce	K5
8	II	HOBC0207	Programming in C and Data Structures	Interdisciplinary	CO1	Understand the basic principles of Programming in C language.	K2
					CO2	Interpret the usage of branching and looping structures, Arrays in C	K2
					CO3	Apply the advanced features like Structures, union, Pointer and file operation in C language.	K3
					CO4	Demonstrate the data structures (array-based list, linked list, stack, queue, binary search tree).	K3
					CO5	Assess algorithms for sorting and searching.	K5
					CO1	Demonstrate the basic rules and principles relating to tort law and display knowledge and understanding of academic literature relating to tort law.	K1

9	II	HOLC0202	Law of Torts (Including Motor Vehicles Act & the Consumer Protection Act)	Core Law	CO2	Develop capacity to spot relevant legal issues in a given fact situation and set out the relevant law governing tortious issues.	K2
					CO3	Analysis the impact of tort law from a policy perspective to undertake legal research at a foundational level and evaluate legal information.	K3
					CO4	Improve the ability to discover, understand and integrate any changes to the tortious law in global parameters.	K4
					CO5	Creates ability and willingness to think critically about tortious liability to articulate own ideas and opinions that arise from that thinking.	K5
10	II	HOLC0203	Law of Contracts-I	Core Law	CO1	Examine the relationship between the Centre and the States in various aspects.	K2
					CO2	Understand the organization, powers and functions of all the various organs & institutions of the State.	K3
					CO3	Illustrate the role of the judiciary and the different kinds of jurisdictions that can be exercised by the Supreme Court and High Courts.	K4
					CO4	Understanding the methods of interpretation of the federal structure and center & state relations.	K6
					CO5	Evaluate the circumstances under which emergency can be proclaimed under the Constitution.	K6
11	III	HOBC0308	Public Policy Governance-National & International Perspectives	Interdisciplinary	CO1	Analyse the ideas, mechanisms, practices and outcomes that shape public policy and governance problems, Programmes and policies.	K4
					CO2	Compose meaningful and equitable solutions to contemporary problems in Public Policy and Governance.	K2
					CO3	Estimate an in-depth understanding of the basic tenets and trends of law and governance.	K5
					CO4	Provide purposive solutions by framing problems, providing Programmatic solutions, undertaking policy and governance research	K6
					CO5	Develop ability to conduct professional analyses of social, political, and economic structures and bureaucratic processes.	K3
12	III	HOBC0309	Relational Database Management System and Legal Analysis	Interdisciplinary	CO1	Outline the elementary and advanced features of DBMS and RDBMS.	K1
					CO2	Understanding the conceptual frameworks of SQL.	K2
					CO3	Demonstrate the legal analytic tools used for analyzing the legal documents.	K3
					CO4	Analyze the legal documents and predict the outcomes using the computational model from the legal arguments.	K4
					CO5	Assess query processing and optimization, database transactions and security.	K5
					CO1	Identify legal professionalism, ethics, values, doctrine, theory and skills to become outstanding professionals in a broad variety of settings.	K1
					CO2	Produce some level of depth rather than mere breadth, with an emphasis on analysis of primary theoretical literature correlating with the social history.	K2

13	III	HOLC0304	Jurisprudence	Core Law	CO3	Demonstrate orally and in writing, a critical understanding of major schools of legal theory that influenced the development of the western legal tradition and Indian legal System.	K3
					CO4	Summarize the rules, arguments and conclusions that are bound to conform to the requirement of logic.	K1
					CO5	Evaluate multiple and contrasting perspectives on law and engage in open-minded academic discussion of them in an applied context.	K5
14	III	HOLC0305	Law of Contracts II	Core Law	CO1	Understand the nuances of the contractual transactions involving Special forms of contracts.	K4
					CO2	Get insight on the special contracts such as contracts of indemnity, guarantee, bailment, pledge and etc., in the light of Indian contract Act, 1872 and various other legislations.	K2
					CO3	Examine the disputes arising out of contractual arrangements under special contracts.	K2
					CO4	Analyze the implications of a contractual arrangement under special contracts.	K2
					CO5	Evaluate the legality of the transactions and the rights and duties of the parties therein.	K5
15	III	HOLC0306	Family Law - I	Core Law	CO1	Identify the factors that determine the legality of domestic relationships.	K2
					CO2	Recall and compare the various religious laws relating to Marriage, Matrimonial Reliefs, Adoption, Guardianship and Maintenance.	K2
					CO3	Compare the personal laws as it existed before and after the codification and subsequent developments.	K4
					CO4	Summarise the secularization of personal laws in the background of the Constitutional Law and to realize the feasibility of UCC.	K4
					CO5	Evaluate the social impact of policy amendments in various personal laws	K6
16	IV	HOB0410	Law and Economics	Interdisciplinary	CO1	Describe the critical thinking and an interdisciplinary approach towards the Law and its relevance to economics and policy making.	K2
					CO2	Identify the law as an important organising force that influences the actions of private citizens as well as government agencies.	K1
					CO3	Experiment an interdisciplinary approach and enhance the employability of students.	K4
					CO4	Explain how law can support at times of conflict between the functioning of the market and the governance further to examine the rest of economic forces.	K2
					CO5	Enable the students to evaluate sector-wise challenges and their impact on Legal and Economic Institutions.	K5
					CO1	Classify the steps in the research process and locate the basic elements of a good research design.	K2
					CO2	Identify the sampling methods and the various sampling techniques.	K2

17	IV	HOBC0411	Sociology and Social Research Methods	Interdisciplinary	CO3	Separate the characteristics of quantitative and qualitative measurement, and understand how to operationalise concepts using each approach.	K4
					CO4	Analyse the various data collection techniques, for both quantitative and qualitative research.	K4
					CO5	Generate and create higher order thinking skills, including analytical, synthetic and application of practical knowledge.	K6
18	IV	HOBC0412	Software Engineering, Testing and its Legal Aspects	Interdisciplinary	CO1	Tabulate the planning activities in software project development and use the appropriate methods and tools for estimating software cost.	K1
					CO2	Apply modern software testing processes in relation to software development and project management.	K3
					CO3	Discover the test strategies and plans, design test cases, prioritize and execute them.	K3
					CO4	Survey the Legal aspects in Software engineering	K6
					CO5	Compile the Legal Issues Surrounding to Professional Practice	K1
19	IV	HOLC0407	Constitutional Law I	Core Law	CO1	Examine the relationship between the Centre and the States in various aspects.	K4
					CO2	Understand the organization, powers and functions of all the various organs & institutions of the State.	K2
					CO3	Illustrate the role of the judiciary and the different kinds of jurisdictions that can be exercised by the Supreme Court and High Courts.	K2
					CO4	Understanding the methods of interpretation of the federal structure and center & state relations.	K2
					CO5	Evaluate the circumstances under which emergency can be proclaimed under the Constitution.	K5
20	IV	HOLC0408	Family Law II	Core Law	CO1	Recall the laws relating to family matters governing inheritance, succession, partition, with practical approach and understand the scheme of succession under the Hindu, Muslim and Christian Laws.	K2
					CO2	Interpret the meaning and difference between intestate and testamentary succession under various religious laws.	K2
					CO3	Analyze the Hindu Joint Family system, coparcenary and partition and its effects under Hindu Law.	K4
					CO4	Summarize comparatively the property rights of women in various Personal Laws.	K4
					CO5	Evaluate the concepts like Hiba and Shuffa under Muslim Law.	K5
21	V	HOBC0513	Object Oriented Programming with Java,	Interdisciplinary	CO1	Understand Object Oriented Programming (OOP) concepts and basic characteristics of Java.	K2
					CO2	Relate the use of Java applications with threads and exceptions.	K2
					CO3	Experiment the principles of packages, inheritance and interfaces.	K3
					CO4	Point out the concepts of Multithreaded Programming.	K4

			Web Technology and its Legal Requirements		CO5	Assess the legal requirements and issues involved with the creation of a web site.	K5
22	V	HOLC0509	Constitutional Law II	Core Law	CO1	Examine the relationship between the Centre and the States in various aspects.	K3
					CO2	Understand the organization, powers and functions of all the various organs & institutions of the State.	K6
					CO3	Illustrate the role of the judiciary and the different kinds of jurisdictions that can be exercised by the Supreme Court and High Courts.	K2
					CO4	Understanding the methods of interpretation of the federal structure and center & state relations.	K2
					CO5	Evaluate the circumstances under which emergency can be proclaimed under the Constitution.	K5
23	V	HOLC0510	Indian Penal Code (Law of Crimes I)	Core Law	CO1	Gain Knowledge to prepare persuasive written and oral arguments for a legal and lay audience on issues relating to the drafting of new criminal laws and the application of existing criminal laws to common scenarios that arise in criminal practice.	K1
					CO2	Awareness of principles of ethical professional judgement in the management and conduct of a criminal law matter, relevant to both prosecution and defence.	K2
					CO3	Apply the principles of criminal law to complex legal problems, and critique the operation of criminal law from both a policy and theoretical/principled perspective.	K3
					CO4	Analyze the principles of criminal responsibility, undertake self-directed legal research using primary and secondary materials, and explores and evaluate legal Information relating to criminal law and legal theory. Research using primary and secondary materials, and explores and evaluate legal Information relating to criminal law and legal theory.	K4
					CO5	Evaluate the impact of criminal law from a policy perspective, with a focus on the impact of the law on those people who are vulnerable or outside mainstream culture.	K5
24	V	HOLC0511	Administrative Law	Core Law	CO1	Gain knowledge about the historical development of administrative law and gain conceptual clarity of this branch of law across various civil and common law Jurisdictions	K1
					CO2	Understand the importance, powers, and limitations of delegated legislation	K2
					CO3	Apply the crucial concept of natural justice and the touchstone requirements of administrative procedures;	K3

					CO4	Evaluate the different restructuring methods for companies	K5
					CO5	Gain an insight on lawful, ethical and socially reasonable corporate behaviour	K2
25A	VI	Elective	NCC	Elective	CO1	To develop character, comradeship, discipline, secular outlook, spirit of adventure and their deals of selfless service among the youth of the country	K3
					CO2	To create a human resource of organized, trained and motivated youth to provide leadership in all walks of life and always available for the service of the nation	K5
					CO3	To provide a suitable environment to motivate the youth to take up a career in the Armed Forces	K6
					CO4	Value the awareness about social causes and community development	K3
					CO5	Gain knowledge on life saving and first aid	K1
26	VI	HOBM0614	Information Security and Digital Forensics	Interdisciplinary	CO1	Understand the different types of internet crimes and law related to the corresponding crime.	K2
					CO2	Associate the investigation tools used for digital evidence collection and preservation.	K2
					CO3	Discover the types of wireless networks and the security problems associated with the networks.	K3
					CO4	Distinguish cyber security with different forms of evidence in digital devices.	K4
					CO5	Generalize the security breaches of computer data that suggest violations of legal, ethical, moral, policy, and/or societal standards.	K6
27	VI	HOLC0614	Property Law	Core Law	CO1	Identify the rules of general and specific transfer and easements.	K3
					CO2	Demonstrate the principles of property law to resolve complex problems and theoretical questions.	K2
					CO3	Infer property law to complex problems and critically examine its operation from a range of theoretical and social perspectives and to Prepare convincing written arguments for a legal audience.	K2
					CO4	Simplify and define the concept and nature of transfer of immovable property, and illustrate the different types of transfers and rules relating to it.	K2
					CO5	Evaluate the general principles registration of documents relating to immovable property	K5
28	VI	HOLC0615	Law of Evidence	Core Law	CO1	Identify, assert and support objections to items of proof, using appropriate Evidentiary rules and tailoring objections to the facts at hand.	K3
					CO2	Understand and use a range of legally specific research principles, methods and tools to make a coherent and persuasive argument for the admission or exclusion of a specific item of evidence, incorporating information and legal standards drawn from both evidentiary rules and substantive law.	K2

					CO3	Research and apply evidentiary standards to complex issues and present a Persuasive written and oral argument for the admission or exclusion of the evidence.	K3
					CO4	Analyze and articulate the processes for the adversarial examination of evidence and differentiate between the roles of the district attorney and defense counsel in the presentation of evidence.	K4
					CO5	To plan and execute a witness examination that comports with evidentiary standards and that persuasively establishes a fact in issue in the case; anticipate and respond to Evidentiary objections that may be raised during examination.	K3
29	VI	HOLA0613	Public International Law	Core Law	CO1	Gain knowledge about how nation-state's function for the betterment of human life, promotion of fundamental goals to peace, prosperity, and advancement of human rights and the protection of the human environment for sustainable development.	K1
					CO2	Equip with the basic structural perspectives of international law and would be able to understand its significance as a bedrock subject of international relations.	K2
					CO3	Apply and trace the significance and influence of the normative principles involved in building the edifice and substance of transformative international law.	K3
					CO4	Analyze in order to appreciate diversity of the subject and its impact on States, their Subjects, the role and significance of international institutions and be able to create and defend principled legal arguments to carry further research.	K4
					CO5	Evaluate and acquire academic contemplation and training primarily in Public International law blended with human rights law and IHL and their practical orientation.	K5
30	VI	HOLA0601	Interpretation of Statutes	Ancillary Hon's	CO1	Understand the interpretation as a branch of legal science, which emerges out of the necessity triggered by the element of fallibility of human communications.	K2
					CO2	Demonstrate the concerns of human communication and relevance of interpretation.	K2
					CO3	Experiment and learn the necessity of principles of interpretation as a consistent source of man-made laws.	K3
					CO4	Reinforce and develop the skills of reading and writing legislations and deducing hidden assumptions with accuracy.	K3
					CO5	Assess the significance of principles of interpretation as tools of social change.	K3
					CO5	Imparted with the sense of responsibilities towards the public.	K5
31	VI	HOCC0601	Professional Ethics	Clinical Core	CO1	Understand the duties and responsibilities towards court, client, opponent and colleague.	K2
					CO2	Appraise the contribution of Bar and Bench towards access to justice.	K5
					CO3	Evaluate accountability towards court, parties and community at large.	K5
					CO4	Explain the Law of Contempt and procedures involved in it.	K2
					CO5	Imparted with the sense of responsibilities towards the public.	K5

32	VII	HOLC0717	Labour Law I	Core Law	CO1	Comprehend the evolution and conceptual backbones of social security laws and recognise the pivotal role played by ILO in ensuring social security rights for workers	K2
					CO2	Distinguish and interpret the rights of employees under various employment-related mishaps and consequences and understand the scope and reach of state insurance benefits to employees	K4
					CO3	Critically analyse maternity benefits available to women employees and their adequacy/inadequacy	K4
					CO4	Appraise the nuances of retirement benefits payable to employees	K5
					CO5	Test compliances by factories under relevant laws and design solutions through legal research.	K5
33	VII	HOLC0716	Environmental Law	Core Law	CO1	Study the basic environmental concerns from scientific, historical and political perspectives.	K1
					CO2	Identify various remedies for environmental wrongs.	K3
					CO3	Identify the constitutional scheme and propositions relating to environmental management.	K3
					CO4	Experiment the complexities of institutions, stakeholders' interest and politics over natural resources from villages to the globe.	K3
					CO5	Interpret the laws and governance structure of pollution control and natural resources management laws.	K2
34	VII	HOLA0702	Banking Law	Ancillary Hon's	CO1	Identify the effects of intellectual property rights on society and economy with special reference to the field of human rights, agriculture, health and information technology.	K3
					CO2	Understand the different types of IPR and be able to compare and contrast in terms of their key difference and similarities.	K2
					CO3	Assess, critique and apply theoretical justification and procedural aspects of each form of intellectual property protection	K5
					CO4	Compare and analyze the laws in other countries like the US, UK, EU and its impact on the growth of a nation's economy.	K2
					CO5	Examine and evaluate the modern IP protection to combat the new challenges especially biotech and pharma patents.	K4
35	VII	HOLA0703	Intellectual Property Law	Ancillary Hon's	CO1	Identify the effects of intellectual property rights on society and economy with special reference to the field of human rights, agriculture, health and information technology.	K3
					CO2	Understand the different types of IPR and be able to compare and contrast in terms of their key difference and similarities.	K2
					CO3	Assess, critique and apply theoretical justification and procedural aspects of each form of intellectual property protection	K5
					CO4	Compare and analyze the laws in other countries like the US, UK, EU and its impact on the growth of a nation's economy.	K2
					CO5	Examine and evaluate the modern IP protection to combat the new challenges especially biotech and pharma patents.	K4
					CO1	Summarise the various functional and theoretical bases for organizing economic relations at the international level.	K2

36A	VII	HOS10701	a. International Economic Law	Specialized Honors	CO2	Experiment the context in which the processes of and actors operate within the sphere of international economic law.	K3
					CO3	Examine the rules and principles to solve problems presented in class and hypothetical or cases decided by international dispute settlement bodies.	K4
					CO4	Assess the relationship between WTO law and bilateral and regional trade agreements.	K5
					CO5	Design the international economic law from multiple perspectives; in particular of individuals and organizations; in the public, private and third sectors.	K6
36B	VII	HOS10702	b. Comparative Constitutional Law	Specialized Honors	CO1	Understand the variety of constitutional systems across the world.	K2
					CO2	Identify the reflection on the potentialities and limits of constitutional law in regulating the exercise of public power in contemporary society.	K3
					CO3	Compare different government structures and their corresponding ways of protecting human rights.	K4
					CO4	Analysis of different types of government, federalism, judicial review, emergency and amendment practiced in other constitutions.	K4
					CO5	Compare the liberty and fundamental freedom of individuals across the Globe.	K3
36C	VII	HOS10703	c. Correctional Process	Specialized Honors	CO1	Demonstrate proficiency in knowledge and application of penology theory and establish the ability to locate, evaluate and effectively use information sources to conduct criminal justice	K2
					CO2	Determine knowledge of research methods and proficiency in the design of correctional research.	K5
					CO3	Validate a thorough and contextual knowledge of penal laws and the various leading cases particularly in its application to real law problems.	K5
					CO4	Analysis of the various aspects of the Indian legal structure like that of the concepts of restorative justice and compensatory schemes for victims.	K4
					CO5	Exhibit an ability to utilize ideas and research from social sciences and to understand the value of interdisciplinary approaches.	K6
36D	VII	HOS10704	d. Corporate Securitisation	Specialized Honours	CO1	Understand the statutory provisions, identify the legal issues impacting the financial market.	K2
					CO2	Apply laws regulating financial markets to trading of securities, mutual funds, investment companies, to protect investor interest.	K3
					CO3	Analyze ways to establish risk avoidance and incorporate control mechanisms to evaluate alternative financing options.	K4
					CO4	Critically evaluate the working of securitization in relation to rehabilitation of sick companies.	K5
					CO5	Appraise the economic environment and the impact of governmental economic policies on consumers, financial institutions and make investment policy recommendations.	K5

37A	VII	HOS20701	a. International Treaties & Conventions on IP	Specialized Honours	CO1	Comprehend the nature of the international system that regulates Intellectual Property Rights.	K1
					CO2	Discuss the different Multilateral Organizations where rules are negotiated and applied with subject matter interest in IPRs.	K2
					CO3	Evaluate the basic principles and policies underlying the protection of IPRs at the multilateral level to protect IP and harmonize the laws of the member nations.	K5
					CO4	Examine the significant developments regarding the enforcement of IP at the regional and international level.	K4
					CO5	Analyses the procedural aspects and challenges of International IP protection and enforcement.	K4
37B	VII	HOS20702	b. Introduction to Land Laws	Specialized Honours	CO1	Understand the concept of real property and the various movements of India	K2
					CO2	Associate the right to property under Indian constitution	K3
					CO3	Evaluate various land reformatory systems exists in pre-independence	K5
					CO4	Understand the doctrine of eminent domain and the power of acquisition of land by the government	K2
					CO5	Analyze the circumstances under which land can be acquired for industrial purposes and to Understand the land rights of tribals.	K4
37C	VII	HOS20703	c. Criminology	Specialized Honours	CO1	Understand and apply competing sociological and criminological theories to explain the social construction of crime and deviance, the nature and causes of crime, and the social reaction to crime and deviance.	K2
					CO2	Analyzing criminality and getting an in-depth knowledge of the criminal justice system, equipping them with skills that analyze data, determine the cause of crime and predict ways of preventing criminal behavior and crimes.	K4
					CO3	Formulating theoretical and empirical explanations of various social problems associated with the criminal justice system in India.	K6
					CO4	Critically analyze the differential impact of criminal justice policy for population groups, including women, juveniles, racial and ethnic minorities, socioeconomic classes and victims.	K4
					CO5	Creates opportunities for the persons who are thrust in the area of criminal justice degree Programme for career development.	K6
37D	VII	HOS20704	d. International Labour Organisation and Labour Jurisprudence	Specialized Honours	CO1	Outline the genesis of ILO in its historical context and its procedural complexities	K2
					CO2	Identify the foundational role the ILO has played in labour jurisprudence, including through the international labour code	K3
					CO3	Examine India's long history of engaging with the ILO and implementing its decisions to uplift its workers	K4
					CO4	Assess the various keystone concepts of labour jurisprudence and also comprehend the role played by the judiciary in developing such jurisprudence	K5

					CO5	Develop critical thinking and deep reflections in developing solutions to contemporary challenges in protection of labour rights	K3
38	VIII	HOLC0818	Labour Law II	Core Law	CO1	Appreciate the evolution and conceptual backbones of social security laws and recognise the pivotal role played by ILO in ensuring social security rights of workers.	K2
					CO2	Identify the scope and reach of state insurance benefits to employees	K3
					CO3	Distinguish the rights of employees under various employment-related mishaps and consequences	K4
					CO4	Critically analyse maternity benefits available to women employees and their adequacy/inadequacy	K4
					CO5	Compile the nuances of retirement benefits payable to employees, test the compliances to be followed by factories critically analysing the relevant laws.	K6

					CO4	Evaluate the functions of the Competition Commission of India and the role played by the Director General in conducting the investigation process	K5
					CO5	Gain the insight on Competition Advocacy	K2
40	VIII	HOLA0805	Cyber Law and InformationTechnology	Ancillary Hon's	CO1	Understand the level of technological advance in the Commercial arena and to know the laws regulating cyberspace.	K2
					CO2	Apply the rudiments of internet technology to Contracts, Crimes and civil wrongs.	K3
					CO3	Explore the legal and policy developments in various countries regulating cyberspace.	K2
					CO4	Analyze the scope and function of legal and technological regulation of the internet.	K4
					CO5	Gain insights into Information Technology Act and legal framework of right to Privacy, Data Security and Data Protection.	K2
41A	VIII	HOS30801	a. International Human Rights Law	Specialized Honours	CO1	Identify the basics of international human rights law and its application at the municipal level.	K3
					CO2	Understand the scope and limitations of human rights discourse and law making.	K2
					CO3	Apply the national and international human rights law at various courts, political platforms and societal groups.	K3
					CO4	Create strategies involving policies, laws and governance to strengthen the human rights framework.	K6
					CO5	Construct and evolve the application of human rights to complex social, political and economic situations.	K6
					CO1	Appreciate the provisions under the Indian Constitution dealing with human rights.	K3

41B	VIII	HOS30802	b. Human Rights in the Constitutional Law	Specialized Honours	CO2	Realise liberty, Equality and Fraternity (union of trinity) by ensuring that these values are applicable not in the public domain but also in the private sphere.	K2
					CO3	Display the understanding of the practical application of human rights legislations to specific human rights problems in India.	K3
					CO4	Advocate about human right awareness and duties education.	K4
					CO5	Evaluate the role of the judiciary in balancing individual liberty with social control.	K5
41C	VIII	HOS30803	c. Cyber Crime	Specialized Honours	CO1	Understanding emerging forms of cybercrime and identifying various forms of cybercrime as well as risk factors for victimization and perpetration.	K2
					CO2	Develop, understand, and apply the sociological perspective to various forms of cybercrime and comprehend the intersections between cybercrime and other criminal behaviour.	K6
					CO3	Applying various theoretical perspectives to understand the role of Police, Government offices, students, lecturers and the Non-Governmental Organizations to cater to the problem of cybercrimes.	K3
					CO4	Identify the essential and up-to-date concepts, algorithms, protocols, tools, and methodology of cyber-forensics to correctly define and cite appropriate instances for the application of computer forensics Correctly	K3
					CO5	Apprehending the challenges and barriers law enforcement experiences during cybercrime investigations.	K4
41D	VIII	HOS30804	d. Insurance Law	Specialized Honours	CO1	Demonstrate knowledge of the legal and ethical aspects of insurance Law.	K2
					CO2	Discuss and appreciate the importance of the impact of globalization and diversity in modern insurance-based organizations.	K2
					CO3	Apply how losses are measured and the various principles such as of indemnity, Contribution, subrogation, reinstatement etc that are applied in accessing insurance claims.	K3
					CO4	Develop the ability of critical thinking and an analytical approach to the application of knowledge and skills.	K6
					CO5	Reframe the significance of various types of insurances and the consequences of the happening of various perils insured against.	K3
42A	VIII	HOS40801	a. IP on Traditional Knowledge and Genetic Resources	Specialized Honours	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources	K2
					CO2	Comprehend and focus on the protection of traditional knowledge and genetic resources and the reforms needed at the International and National level.	K2
					CO3	Interpret the impact of Traditional Knowledge, Genetic resources and Cultural IP in the aspects of protection of indigenous communities.	K2
					CO4	Analyses the need for proper forum to address the challenges in IP protection for Traditional Knowledge.	K4
					CO5	Identifies and promotes the participation of Indigenous communities in International IP debates.	K3

42B	VIII	HOS40802	b. Land Laws of Tamil Nadu	Specialized Honours	CO1	Classify the State legislations relating to land	K4
					CO2	Identify procedure in fixing ceiling limit	K3
					CO3	Useful to relate procedural aspects in registration of land, obtaining patta, Chitta	K3
					CO4	Enumerate and help in civil side practice.	K4
					CO5	Analyze the laws pertaining to Land Registration in the State of Tamil Nadu	K4
42C	VIII	HOS40803	c. Forensic Science and Investigation	Specialized Honours	CO1	Keep pace with the emerging developments in Criminal Justice and Forensic Science and help to generate the well-informed citizens on the criminal laws and with an exposure to the application of forensic science in crime investigation.	K2
					CO2	Enhance the competencies of the professionals working in the area of the criminal justice system.	K2
					CO3	Deduce the evidence presented as part of a case study by considering the subjective and objective nature of the evidence and what this may mean to the strength of conclusions.	K3
					CO4	Evaluate the limitations of forensic techniques and interpretations and explore the nature and limitations of the evidence that scientific tests deliver.	K4
					CO5	Insight into forensic practice and the law relating to forensics allows one to discover interests in forensics and has been a revelation in terms of the career after this degree.	K2
42D	VIII	HOS30804	d. Service Laws	Specialized Honours	CO1	Understand the origin and development of services law and appreciate its current position in the appropriate historical context	K2
					CO2	Analyse the Constitutional provision governing services law	K4
					CO3	Identify the key concepts in laws governing public services	K3
					CO4	Critically examine laws and judicial precedents governing services laws	K4
					CO5	Elaborate on the changing roles and the impact of globalization on bureaucracy.	K6
43	VIII	HOCC0802	Alternative Dispute Resolution Policy	Clinical Core	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources.	K2
					CO2	Examine the protection of traditional knowledge and genetic resources at the International and National level.	K4
					CO3	Interpret the impact of Cultural Property on the intangible cultural heritage of the country.	K2
					CO4	Generalize the international and national level address the Issue of TK and Genetic Resources.	K4
					CO5	Compile legal and policy norms at the intersection of the three regimes.	K6
			Civil Procedure Code		CO1	Examine a complete grasp and understanding of the general principles of Civil Procedure and gain mastery over the subject.	K4
					CO2	Illustrate a thorough explanation on all the essential aspects of civil procedure and practice, right from the inception of a civil suit until its finality, with reference to limitation laws.	K3

44	IX	HOLC0919	and Limitation Act	Core Law	CO3	Construct knowledge on the latest trends involved in the electronic filing of civil suits including e-vakalatnama.	K3
					CO4	Understand about the latest amendments incorporated along with its effects.	K2
					CO5	Appraise themselves as future advocates in civil side practice.	K5
45	IX	HOLC0920	Criminal Procedure Code (Law of Crimes-II)	Core Law	CO1	Ensure a fair trial where none of the rights of the accused are compromised nor are they unjustifiably favored. Furthermore, to ensure that the judge concerned hears all parties who are relevant to the trial, their presence at the trial is obviously important.	K3
					CO2	Familiarize the crucial aspects relating to investigation and trial of offences (like initiation of criminal cases, powers and duties of police during investigation of offences, stages of criminal trial, functions, duties, and powers of criminal courts)	K2
					CO3	Sensitize critical issues in administration of criminal justice (like protection of human rights of accused, victims, principles of fair trial)	K3
					CO4	Sets the state's machinery running with respect to enforcing law and order and imparting justice, and regulates the procedure followed by these institutions.	K4
					CO5	Create legal machinery for the detection of crime, apprehension of suspected criminals, collection of evidence, determination of the guilt or innocence of a suspect, and imposing suitable punishment on the guilty person.	K6
46	IX	HOLA0906	Maritime Law	Ancillary Hon's	CO1	Appraise the International and Indian Admiralty and Maritime laws	K2
					CO2	Articulate and analyze the roles of national governments and international organizations in the regulation of laws of sea	K3
					CO3	Gain insights on practice in maritime and admiralty law in India	K2
					CO4	Know how the admiralty system works in India with reference to ship management, safety and merchant shipping	K5
					CO5	Appraise the protection of maritime labourers.	K2
47A	IX	HOS50901	a. Private International Law	Specialized Honours	CO1	Demonstrate the conceptual necessity, contextual inevitability and the legal adaptability of trans-national transactions.	K2
					CO2	Discover the desirability and effectiveness of sovereign immunity and impact of foreign judgments and create the worn-out deliberation on the most crucial aspect affecting the frontier activities.	K4
					CO3	Utilize the knowledge of a substantial range of major concepts, values, principles and rules of conflict of laws and make use of its substantial and procedural aspects explaining the relationship between them in specified areas.	K2
					CO4	Prioritize and comprehend the complex issues arising out of trans-national matrimonial relationships; horizons of contract, tort, and property beyond domestic frontiers	K3
					CO5	Formulate the compelling influence of different personal factors beyond the boundaries of transactions.	K6
					CO1	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K5

47B	IX	HOS50902	b. Law of Election	Specialized Honours	CO2	Understand on Election law and the diversity of electoral institutions and arrangements	K2
					CO3	Different Procedural aspects of holding elections under various Constitutions	K4
					CO4	Effectiveness of Election law as the means to articulate, deliver and regulate the democratic rights	K4
					CO5	Role of Judiciary in adjudication of Election Disputes	K5
47C	IX	HOS50903	c. Victimology	Specialized Honours	CO1	Understand the physical, emotional, and psychological effects of victimization on individuals and their families	K2
					CO2	Understand the various theories and research methodologies used in victimology	K4
					CO3	Analyse the different types of victim services available to victims of crime, including crisis intervention, counseling, and legal assistance	K6
					CO4	Comprehend on legal rights of victims, including the right to be heard in court, the right to compensation, and the right to privacy	K4
					CO5	Research on the principles and practices of restorative justice, including the importance of repairing harm and addressing the needs of victims, offenders, and the community as a whole	K3
47D	IX	HOS50904	d. International Commercial Arbitration	Specialized Honours	CO1	Acquire knowledge on arbitration as a dispute settlement mechanism in international commercial disputes.	K1
					CO2	Compare and understand the relationship between UNCITRAL Model Law and International Commercial Arbitration.	K4
					CO3	Demonstrate the cooperation between Arbitration and National Judicial Systems.	K2
					CO4	Analyse the forms and important aspects of International Commercial Arbitration.	K4
					CO5	Understand the concept of agreements related to International Commercial Arbitration.	K2
48A	IX	HOS60901	a. Intellectual Property Litigations	Specialized Honours	CO1	Identify the practical application IP Laws and the procedural aspects of enforcement of Intellectual Property Rights.	K3
					CO2	Discover and learn about cross border IP litigations by analyzing the interpretation of IP Laws.	K6
					CO3	Understand the dispute resolution mechanism and the significance of Arbitration measures.	K2
					CO4	Analyses the cost-effective mechanism and the best practices to be followed in dispute redressal forums.	K4
					CO5	Appraise international IP enforcement mechanism and its challenges, impact and the reforms needed to promote harmonization in IP business.	K5
					CO1	Knowledge to solve practical problems	K1
					CO2	Understand and describe legislative power to make laws relating to land in the state list.	K2

48B	IX	HOS60902	b. RERA and Tenancy Law	Specialized Honours	CO3	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K3
					CO4	Different states have enacted their own laws on this subject and the application of these laws is varied from state to state.	K4
					CO5	Problem-solve complex issues in the land related matters and society related to Real estate, disputes between landlord and tenant including cultivating tenant	K6
48C	IX	HOS60903	c. Psychology of Crime	Specialized Honours	CO1	Understand the cause of behavior at an individual level. Environmental, Biological, Physiological, cognitive and psychological factors affecting, or motivating individuals to behave in a certain manner.	K2
					CO2	Analyze the social factors, which can explain behavior of individuals in a group. It is aimed at understanding how presence of others affects the behavior of an individual	K4
					CO3	Create instructions and increase the knowledge of investigators to help them deal with cases of mental illness who are involved in crime.	K6
					CO4	Comprehend the mental state of those who have shown deviant behavior and how such offenders can be reintegrated back into the society.	K3
					CO5	Research on ways to deal with investigator, offender and victims' issues, which arise during the process of case investigation. It is to draw and develop effective interventions to maintain and improve mental health of professionals and to provide counselling to offenders and victims.	K6
48D	IX	HOS60904	d. Social Security and Unorganised Labour	Specialized Honours	CO1	Comprehend the complex issue of unorganised labour and their challenges	K3
					CO2	Identify the crucial role played by ILO in their upliftment	K3
					CO3	Critically analyse social security law through the lens of unorganised labour	K4
					CO4	Critically evaluate the challenges faced by workers in unorganised sector	K5
					CO5	Propose solutions to sector specific problems and critically examine the efforts taken to legislate for their improvements	K6
49	IX	HOCC0903	Drafting Pleading, Conveyancing and Chamber Visit	Clinical Core	CO1	Learn not only from the text but also the practical approach which is a must for an advocate.	K2
					CO2	Establish a law firm and will coordinate registration work.	K6
					CO3	Depth knowledge in this subject matter and to understand the nature of drafting in pleadings and conveyancing.	K1
					CO4	Enumerate certain legal conditions and other formalities that are governed by law and property law.	K4
					CO5	Choose practice before the court drafting of pleading is most necessary	K6
					CO1	Understand and resolve ethical hitches in Conciliation and Mediation as settlement mechanisms.	K1
					CO2	Apply and practice mediator skills and undertake legal research and promote legal reforms in theory and practice.	K3

50	X	HOLC1021	Mediation and Conciliation	Core Law	CO3	Choose the right techniques and apply effective communication, gain success by bringing about consensus and draw up settlement agreements.	K3
					CO4	Summarise and apply the substantive techniques of mediation and conciliation	K3
					CO5	Appraise via internship and training as observers at court-annexed mediation centers, at private mediation centers, with sitting/former Judges of Supreme Court and/or High Courts, and/or by senior and/or experienced Advocates.	K2
51	X	HOLC1022	Law of Taxation	Core Law	CO1	Understand the meaning, nature and scope of tax along with its constitutional background.	K2
					CO2	Recognize the taxable event that has Income tax / GST implications together with its procedural aspects embodied in respective tax laws.	K2
					CO3	Apply the theoretical knowledge in computation of income tax and GST as it operates in relation to individuals and other entities.	K3
					CO4	Analyse the procedural aspects for assessment of tax liability for various assessments.	K4
					CO5	Evaluate the powers and functions of various tax authorities under different tax statutes.	K5
52	X	HOLC1023	Criminal Minor Acts	Ancillary Hon's	CO1	Understand the legal framework surrounding minor offenses, including the relevant laws and regulations that govern these types of offenses	K1
					CO2	Identify the key elements that make up different types of minor offenses, including the specific actions or behaviours that are prohibited by law	K2
					CO3	Identify the potential penalties associated with committing minor offenses, including fines, community service, and short-term imprisonment	K4
					CO4	Analyse into the criminal justice system, including the different stages of arrest, booking, arraignment, and trial	K6
					CO5	Understand how the criminal justice system operates in relation to minor offenses, including the role of law enforcement, prosecutors, and defence attorneys	K2
53	X	HOCC1004	Mock Court and Court Training Programme	Clinical Core	CO1	Demonstrate a thorough and contextual knowledge of the various laws particularly in its application to real and hypothetical legal problems.	K2
					CO2	Analyze as well as critical thinking of students over interesting and contemporary legal issues.	K4
					CO3	Develops interest in advocacy and competence as an advocate.	K6
					CO4	Develops skill in advocacy, legal research and writing skills.	K6
					CO5	Construct interest in advocacy and competence as an advocate.	K6

COURSE OUTCOMES – LL. B (Hons.)

Sl. No.	Sem	Course Code	Course Name	Category	Course Outcome (CO)	Cognitive Level	
1	I	H3LC0101	Introduction to Law and Legal Research	Core Law	CO1	Recognize and get introduced to the conception of law and its relevance to human life.	K1
					CO2	Understand the classification of laws and legal systems.	K1
					CO3	Apply the skills of using general and legal language.	K3
					CO4	Breakdown analytical skills of enquiry and legal reasoning.	K5
					CO5	Develop the notion of jurisprudence and its intersectionality with social problems.	K6
2	I	H3LC0102	Jurisprudence	Core Law	CO1	Identify legal professionalism, ethics, values, doctrine, theory and skills to become outstanding professionals in a broad variety of settings.	K3

					CO2	Identify the crucial role played by ILO in their upliftment	K3
					CO3	Critically analyse social security law through the lens of unorganised labour	K4
					CO4	Critically evaluate the challenges faced by workers in unorganised sector	K5
					CO5	Propose solutions to sector specific problems and critically examine the efforts taken to legislate for their improvements	K6
32	V	H3CC503	Drafting Pleading, Conveyancing and Chamber Visit	Specialized Honours	CO1	Learn not only from the text but also the practical approach which is a must for an advocate.	K2
					CO2	Establish a law firm and will coordinate registration work.	K6
					CO3	Depth knowledge in this subject matter and to understand the nature of drafting in pleadings and conveyancing.	K1
					CO4	Enumerate certain legal conditions and other formalities that are governed by law and property law.	K4
					CO5	Choose practice before the court drafting of pleading is most necessary	K6
33	VI	H3LC619	Civil Procedure Code and Limitation Act	Core Law	CO1	Examine a complete grasp and understanding of the general principles of Civil Procedure and gain mastery over the subject.	K4
					CO2	Illustrate a thorough explanation on all the essential aspects of civil procedure and practice, right from the inception of a civil suit until its finality, with reference to limitation laws.	K3
					CO3	Construct knowledge on the latest trends involved in the electronic filing of civil suits including e-vakalatnama.	K3
					CO4	Understand about the latest amendments incorporated along with its effects.	K2
					CO5	Appraise themselves as future advocates in civil side practice.	K5
					CO1	Ensure a fair trial where none of the rights of the accused are compromised nor are they unjustifiably favored. Furthermore, to ensure that the judge concerned hears all parties who are relevant to the trial, their presence at the trial is obviously important.	K3

34	VI	H3LC620	Criminal Procedure Code (Law of Crimes - II)	Core Law	CO2	Familiarize the crucial aspects relating to investigation and trial of offences (like initiation of criminal cases, powers and duties of police during investigation of offences, stages of criminal trial, functions, duties, and powers of criminal courts)	K2
					CO3	Sensitize critical issues in administration of criminal justice (like protection of human rights of accused, victims, principles of fair trial)	K3
					CO4	Sets the state's machinery running with respect to enforcing law and order and imparting justice, and regulates the procedure followed by these institutions.	K4
					CO5	Create legal machinery for the detection of crime, apprehension of suspected criminals, collection of evidence, determination of the guilt or innocence of a suspect, and imposing suitable punishment on the guilty person.	K6
35	VI	H3LC621	Environment Law	Core Law	CO1	Study the basic environmental concerns from scientific, historical and political perspectives.	K1
					CO2	Identify various remedies for environmental wrongs.	K3
					CO3	Identify the constitutional scheme and propositions relating to environmental management.	K3
					CO4	Experiment the complexities of institutions, stakeholders' interest and politics over natural resources from villages to the globe.	K3
					CO5	Interpret the laws and governance structure of pollution control and natural resources management laws.	K2
36	VI	H3LC622	Law of Taxation	Core Law	CO1	Understand the meaning, nature and scope of tax along with its constitutional background.	K2
					CO2	Recognize the taxable event that has Income tax / GST implications together with its procedural aspects embodied in respective tax laws.	K2
					CO3	Apply the theoretical knowledge in computation of income tax and GST as it operates in relation to individuals and other entities.	K3
					CO4	Analyse the procedural aspects for assessment of tax liability for various assessments.	K4
					CO5	Evaluate the powers and functions of various tax authorities under different tax statutes.	K5
37	VI	H3LA606	Maritime Law	Ancillary Hon's	CO1	Appraise the International and Indian Admiralty and Maritime laws	K2
					CO2	Articulate and analyze the roles of national governments and international organizations in the regulation of laws of sea	K3
					CO3	Gain insights on practice in maritime and admiralty law in India	K2
					CO4	Know how the admiralty system works in India with reference to ship management, safety and merchant shipping	K5
					CO5	Appraise the protection of maritime labourers.	K2
					CO1	Demonstrate a thorough and contextual knowledge of the various laws particularly in its application to real and hypothetical legal problems.	K2

38	VI	H3CC604	Mock Court and Court Training Programme	Clinical Core	CO2	Analyze as well as critical thinking of students over interesting and contemporary legal issues.	K4
					CO3	Develops interest in advocacy and competence as an advocate.	K6
					CO4	Develops skill in advocacy, legal research and writing skills.	K6
					CO5	Construct interest in advocacy and competence as an advocate.	K6

PO 7	Improve research aptitude in view of providing platform by undertaking research projects
PO 8	Advance an attitude of self-reflection while learning and the ability to engage in independent and life-long learning in the broadest context of changing legal scenarios.
PO 9	Ensure the graduated to become skilled in research, written and oral communication, teamwork, advocacy, problem-solving etc

1.1.1 Course Outcome (CO) with Cognitive Levels

COURSE OUTCOME (CO)

POSTGRADUATE PROGRAMME

LL.M – DEPARTMENT OF BUSINESS LAW

Sl. No.	Sem	Course Code	Course Title	Category	Course Outcome (CO)	Cognitive Level	
1	I	COMLC101	Legal Education and Research Methodology	Common	CO1	Understand the demands of the society and be thoroughly equipped to cater to the complexities of the different situations.	K2
					CO2	Apply the professional training to become effective lawyers.	K3
					CO3	Examine the operative legal rules in both substantive and procedural aspects.	K4
					CO4	Appreciate the necessary theoretical and practical skills to deal with the diverse and expanding world of legal practice.	K2
					CO5	Get insight on the research methodology to equip for the dissertation and Ph.D.	K2
2	I	COMLC102	Judicial Process	Common	CO1	Understand the nature of judicial process as an instrument of social ordering	K2
					CO2	Examine the role of judges as Policy makers and as participants in evolving political principles of governance.	K4
					CO3	Evaluate the intricacies of judicial creativity and the judicial tools and techniques employed in the process	K5
					CO4	Analysis of the comparative aspects of Judicial Management and Administration.	K4
					CO5	Explore the Legal progression and creativity through legal reasoning under statutory and codified systems.	K4
3	I	CRBUL101	Legal Framework of Corporate Management and Governance	Specialized Core	CO1	Understand the genesis of Corporate Governance, its theories and its role.	K2
					CO2	Apply the effective principles and best practices to enhance the efficacy in corporate governance.	K3
					CO3	Analyze the corporate social responsibility and transparency in the corporate governance.	K4
					CO4	Evaluate the significance of key managerial personnel, Audit committee and directors.	K5

					CO5	Gain insights on the Institutions and stakeholders that play a major role in corporate structuring.	K2
4	I	CRBUL102	Banking and Finance: Law and Governance	Specialized Core	CO1	Understand the concepts and legal dimensions involving various Legislations and Judicial Pronouncements in the arena of Banking Laws.	K2
					CO2	Apply the legal provisions of Law involved in redressal of Banking and Debt Recovery Disputes.	K3
					CO3	Analyze the role of the Central Banking authority in regulating the Banking Sector.	K4
					CO4	Evaluate the Accounting Procedures involved as per the Accounting Standards.	K5
					CO5	Gain insights in evolving dimensions in the Banking and Finance areas using the advancements in Technology in the Banking Sector.	K2
5	I	GEBUL101	Corporate Law and Human Rights	Generic Elective	CO1	Understand the co relation between corporate law and human rights.	K2
					CO2	Apply the appropriate mechanism for effective resolution of dispute for violation of human rights in corporate sector.	K3
					CO3	Analyze the best practices for protection of human rights within the corporate world.	K4
					CO4	Evaluate the significance and importance of human rights in the life of consumers of the corporate world.	K5
					CO5	Gain the insights of the principles of human rights preservation within the corporate sector.	K2
6	II	COMLC203	Constitutional Law : The New Challenges	Common	CO1	Understand and interpret the Constitution to address the emerging complex issues.	K2
					CO2	Examine the boundaries, limitations, of the Constitution from different perspectives and explore the possible approaches of interpretation and understanding from the perspective of Law and Justice.	K4
					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	K4
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	K3
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	K3
7	II	COMLC204	Law and Social Transformation in India	Common	CO1	Understand the importance of Law, as the instrument of Social Transformation.	K2
					CO2	Analysis of the product of tradition and culture.	K4
					CO3	Examine the common law system and institution in India.	K4
					CO4	Evaluate the development of law and legal institutions in India.	K5
					CO5	Get the insights on interdependence of the law and other social systems in India.	K2
8	II	CRBUL203	Law of Unfair Competition: Comparative Jurisprudence	Specialized Core	CO1	Understand the Economic theory of competition law, the need for protecting competition in the market and the difference between competition law and policy.	K2
					CO2	Apply the leading provisions regulating competition in various jurisdictions.	K3
					CO3	Analyze the interrelation between the jurisdictional aspects of regulatory authorities of competition law and Intellectual property.	K4

					CO4	Evaluate the functions of the Competition Commission of India and other regulatory authorities dealing with competition issues in various countries.	K5
					CO5	Gain the insights of the International competition law and its impact on developing countries.	K2
9	II	DEBUL201	Law of Commercial Dispute Resolution	Discipline Specific Elective	CO1	Understand the operation and implications of various Alternate Dispute Resolution theories and practices and to assess their value.	K2
					CO2	Apply simple dispute resolution systems designs by developing basic mediation skills, including communication, issue identification and analysis.	K3
					CO3	Analyse the skills and elements involved in Negotiation, Mediation and Conciliation.	K4
					CO4	Critically assess the ethical, social and legal issues surrounding dispute resolution models.	K5
					CO5	Enable the clients and society to select and employ the most effective and just dispute resolution methods.	K3
10	III	CRBUL304	Law of Industrial Intellectual Property	Specialized Core	CO1	Understand the international and national instruments relating to Intellectual Property Rights.	K2
					CO2	Examine the impact of Intellectual Property in business, agriculture, human rights law and competition law	K4
					CO3	Analyze the impact of new technologies in balancing the objective behind the Intellectual property system.	K4
					CO4	Evaluating the importance of Intellectual property rights in facilitating the economic growth and industrialization.	K5
					CO5	Gain insight on IPR and competition law with reference to human rights to promote consumer welfare, public and private interests.	K2
11	III	CRBUL305	Law of International Finance and Institutions	Specialized Core	CO1	Understand the genesis of International Finance that regulates various commercial transactions at international level, including the legal framework of International Finance.	K2
					CO2	Apply the International finance laws to current business environment with reference to Foreign Investments.	K3
					CO3	Critically evaluate guidelines and regulations of financing, remittances and money transfers.	K5
					CO4	Accumulate discernment on all the essential legal aspects of International financial Institutions at bilateral, multi lateral and regional level.	K4
					CO5	Gain insight into Securities Laws of different jurisdictions and analyse practices adopted by different countries in the capital market in terms of acquisitions and takeovers.	K2
12	III	DEBUL302	Law of Corporate Cyber Security	Discipline Specific Elective	CO1	Understand the various aspects of Corporate Law legislations in regard to Cyber Security.	K2
					CO2	Apply the laws of cyber security in emerging areas like Cloud Computing, Machine Learning and Artificial Intelligence.	K3
					CO3	Analyse security issues in networks and computer systems to secure corporate infrastructure.	K4
					CO4	Evaluate the human role in security systems with an emphasis on ethics and social engineering vulnerabilities.	K5
					CO5	Gain insights into adoption of Cyber Security measures suggested by International Conventions and regulations.	K2

13	III	GEBUL302	International and National Legal Framework of Consumer Protection	Generic Elective	CO1	Understand the existing laws on consumer protection in India.	K2
					CO2	Examine the major international instruments on consumer protection.	K4
					CO3	Apply the basic procedures for handling consumer disputes.	K3
					CO4	Appreciate the emerging questions and policy issues in consumer law.	K3
					CO5	Get insight on correlation between Indian and international legal frameworks on consumer protection.	K2
14	IV	CRBUL406	Governance and Regulatory Mechanism of Law of Insurance	Specialized Core	CO1	Understand the intricacies involved in the Legal and Regulatory Framework Governing Insurance Laws.	K2
					CO2	Apply the General Principles of the Law of Insurance in forming Insurance Contracts.	K3
					CO3	Analyze the Various Kinds of Insurance Contracts and their nuances.	K4
					CO4	Evaluate the role of the Regulatory Authority, Insurance Ombudsman and Dispute Resolution Mechanisms in Insurance.	K5
					CO5	Gain the insights in Transnational Trends in Regulation of Insurance Business.	K2
15	IV	DEBUL403	International Business Law	Discipline Specific Elective	CO1	Understand the Legal Framework involved in the areas of Transnational Business Laws.	K2
					CO2	Apply the General Principles of the Law of Contract and other Universal Principles in concluding Business Contracts.	K3
					CO3	Analyze the Global Framework for conducting World Trade involving International Trade Law.	K4
					CO4	Evaluate the importance of Legal and Regulatory Mechanisms in International Banking.	K5
					CO5	Gain the insights of Consumer Protection from the view point of a Global Perspective.	K2

COURSE OUTCOME (CO)

POSTGRADUATE PROGRAMME

LL.M – DEPARTMENT OF CONSTITUTIONAL LAW AND HUMAN RIGHTS

Sl. No.	Sem	Course Code	Course Title	Category	Course Outcome (CO)	Cognitive Level	
1	I	COMLC101	Legal Education and Research Methodology	Common	CO1	Understand the demands of the society and be thoroughly equipped to cater to the complexities of the different situations.	K2

					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	K4
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	K3
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	K4
7	II	COMLC204	Law and Social Transformation in India	Common	CO1	Understand the importance of Law, as the instrument of Social Transformation.	K2
					CO2	Analysis of the product of tradition and culture.	K4
					CO3	Examine the common law system and institution in India.	K4
					CO4	Evaluate the development of law and legal institutions in India.	K5
					CO5	Get the insights on interdependence of the law and other social systems in India.	K2
8	II	CRILO203	International Space Law- Policies and Challenges	Specialized Core	CO1	Understand the International Space Law principles laid out in treaties, International Common Law and analyzing its role in soft law.	K2
					CO2	Establish the roles of national governments and international organizations in the regulation of space activities and space applications.	K3

					CO3	Gain insightful perspective on Space Sustainability in the era of growing Space Congestion scenario.	K1
					CO4	Appraise deeper understanding of how the increasing commercialization and privatization of several categories of space activities ought to be controlled through national regulation.	K4
					CO5	Construct the core Domestic Space Law issues that deal with telecommunications, trade, private commercial activities.	K6
9	II	CEILO201	International Diplomatic Law	Discipline Specific Elective	CO1	Understand the Origin and Development of the Role of Messengers and Institution of Diplomacy towards the establishment of Universal Peace.	K2
					CO2	Develop expertise on the Legal Aspects of the Modern Diplomatic and Consular Law.	K6
					CO3	Analyze the Evolutionary Character of Diplomatic Intercourse practiced by International Organizations.	K4
					CO4	Systematize the Art of Approaching and Resolving Contemporary International Crisis.	K5
					CO5	Devise Human Nature and Value oriented Solutions for International Conflict Resolution Management.	K6
10	III	CRILO304	International Law of Organisations	Specialized Core	CO1	Understand the Origin and Developments of New International Law of Organization.	K2
					CO2	Conceptualise the Interface between State and International Institutions in the current International Legal System.	K1
					CO3	Study the Humanisation oriented Reforms Movement evolved by the International Institutions.	K1
					CO4	Visualise the expanding Network of International Institutions and related Challenges and Complexities.	K6
					CO5	Assess the impact of the International Institutions on promoting Peacekeeping and Peacemaking.	K5
11	III	CRILO305	International Economic Law	Specialized Core	CO1	Illustrate the various functional and theoretical bases for organizing economic relations at the international level.	K4
					CO2	Construct the nations' trade intercourse and their diplomatic relations with each other.	K5
					CO3	Examine the rules and principles to solve problems presented in class and hypotheticals or cases decided by international dispute settlement bodies.	K4
					CO4	Determine and appreciate the relationship between WTO law and bilateral and regional trade agreements.	K3
					CO5	Predict and test the international economic law from multiple perspectives; in particular, of individuals and organisations; in the public, private and third sectors; in relatively rich and relatively poor economic contexts; in terms of calm and crises; and on local, national, regional and global levels.	K6
12	III	DEILO302	International Humanitarian and Refugee Law	Discipline Specific Elective	CO1	Understand the nature and scope of IHL and Refugee Law in the international and national sphere.	K2
					CO2	Determine the complications involved in monitoring and enforcing IHL.	K3
					CO3	Deduce the Role of courts in the international and national systems to appreciate these laws.	K5
					CO4	Develop the Art of Assessing Contemporary International Humanitarian and Refugee Crisis	K5
					CO5	Adapt Indian approaches to IHL and Refugee Law.	K6
13	III	GEILO302	International Criminal Law	Generic Elective	CO1	Learn the foundational perspectives on the international element of crimes vis a vis criminological pattern.	K1

					CO2	Study the evolutionary jurisprudence of the substantive and procedural aspects of international crimes.	K1
					CO3	Develop legal insights on the evolution of concept of international crimes through the Statute of the International Criminal Court.	K5
					CO4	Understand the impact of ad hoc and permanent international criminal justice delivery systems.	K2
					CO5	Promote preventive studies on international crimes especially, to combat the ever increasing patterns of State criminality and suggest welfare approaches for the human family.	K3
14	IV	CRILO406	Peaceful Settlement of International Disputes	Specialized Core	CO1	Evaluate the significance of the Principle of Universal Peace and its relevance for the welfare of humanity.	K5
					CO2	Classify and Identify the characteristics of Diplomatic and Non-Diplomatic modes of settlement of international disputes.	K4
					CO3	Familiarize the working pattern of existing International Dispute Settlement Mechanisms.	K3
					CO4	Reflect on the impact of the Principle of Peaceful Settlement of International Disputes in securing International Justice.	K5
					CO5	Enhance the skills of debating on the current world crisis threatening global order and suggest ways and means to overcome on the basis of systematic research.	K6
15	IV	DEILO403	Private International Law	Discipline Specific Elective	CO1	Demonstrate the conceptual necessity, contextual inevitability and the legal adaptability of trans-national transactions.	K3
					CO2	Discover the desirability and effectiveness of sovereign immunity and impact of foreign judgments and create the worn-out deliberation on the most crucial aspect affecting the frontier activities.	K3
					CO3	Utilize the knowledge of a substantial range of major concepts, values, principles and rules of conflict of laws and make use of its substantial and procedural aspects explaining the relationship between them in specified areas.	K3
					CO4	Prioritize and comprehend the complex issues arising out of trans-national matrimonial relationships; horizons of contract, tort, and property beyond domestic frontiers.	K1
					CO5	Formulate the compelling influence of different personal factors over beyond the boundaries transactions.	K5

COURSE OUTCOME (CO)

POSTGRADUATE PROGRAMME

LL.M – DEPARTMENT OF ENVIRONMENTAL LAW AND LEGAL ORDER

Sl. No.	Sem	Course Code	Course Title	Category	Course Outcome (CO)		Cognitive Level
					CO	Description	
1	I	COMLC101	Legal Education and Research Methodology	Common	CO1	Understand the demands of the society and be thoroughly equipped to cater to the complexities of the different situations.	K2
					CO2	Application of professional training to produce effective lawyers.	K3
					CO3	Examine the operative legal rules in both substantive and procedural aspects.	K4
					CO4	Appreciate the necessary theoretical and practical skills to deal with the diverse and expanding world of legal practice.	K2
					CO5	Get insight on the research methodology to equip for the dissertation and Ph.D.	K2
2	I	COMLC102	Judicial Process	Common	CO1	Understand the nature of judicial process as an instrument of social ordering	K2
					CO2	Examine the role of judges as Policy makers and as participants in evolving political principles of governance.	K4
					CO3	Evaluate the intricacies of judicial creativity and the judicial tools and techniques employed in the process	K5
					CO4	Analysis of the comparative aspects of Judicial Management and Administration .	K4
					CO5	Explore the Legal progression and creativity through legal reasoning under statutory and codified systems.	K4
3	I	CRELO101	Environmental Law Policy and Governance	Specialized Core	CO1	Correlating the significance and importance of the environment and its various components.	K4
					CO2	Historical development of environmentalism throughout India, the various movements and their outcomes.	K1
					CO3	Analysing the environmental policies, laws and establishing appropriate legal mechanism for the protection of environment	K4
					CO4	Understanding the role of judiciary in Protecting the Human and Natural Environment.	K2
					CO5	Finding the Balance between Environmental Protection and economic development.	K2

					CO1	Evaluating the importance and structure of international legal framework in relation to international environmental law and its impact on Global Environment.	K6
4	I	CRELO102	International Environmental Laws- Principles and Governance	Specialized Core	CO2	Administering the environmental legal principles to international and national situations involving environment.	K5
					CO3	Critically analyse the link between national and international laws in the enforcement of International and National Environmental Law.	K4
					CO4	Developing research and practice in the field of international environmental law.	K5
					CO5	Understanding the various Dispute Resolution Mechanisms prescribed under the international environmental legal regime and their procedures.	K2
5	I	GEELO101	Science, Technology and Environment: Law and Governance	Generic Elective	CO1	Understanding the inter-relationship between science, technology and environment.	K2
					CO2	Attributing sustainable development goals towards the unsustainable practices and implementing them effectively throughout the country.	K2
					CO3	Classifying the medical and Communications technologies, its impact on the environment and analysing their regulatory framework.	K2
					CO4	Addressing the ethical concerns arising out of the various scientific Processes.	K2
					CO5	Recognizing the importance of International Organizations, NGO's and Public Participation in technological developments.	K2
6	II	COMLC203	Constitutional Law : The New Challenges	Common	CO1	Understand and interpret the Constitution to address the emerging complex issues.	K2
					CO2	Examine the boundaries, limitations, of the Constitution from different perspectives and explore the possible approaches of interpretation and understanding from the perspective of Law and Justice.	K4
					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	K4
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	K3
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	K4
7	II	COMLC204	Law and Social Transformation in India	Common	CO1	Understand the importance of Law, as the instrument of Social Transformation.	K2
					CO2	Analysis of the product of tradition and culture.	K4
					CO3	Examine the common law system and institution in India.	K4
					CO4	Evaluate the development of law and legal institutions in India.	K5
					CO5	Get the insights on interdependence of the law and other social systems in India.	K2
8	II	CRELO203	Legal Regulation of Pollution Control	Specialized Core	CO1	Understanding the kinds of pollution and its social, economic and cultural impacts.	K2
					CO2	Identifying legal issues and comprehend the pollution control regime.	K1
					CO3	Analysing the judgments relating to pollution control and identify the legal issues.	K4
					CO4	Applying the core principles of environmental law to air, water and land based pollution.	K3

					CO5	Connecting and finding the remedies available to citizens in dealing with pollution and applying them in practice.	K4
9	II	DEELO201	Climate Change Laws: Policy and Management	Discipline Specific Elective	CO1	Understanding the concept of climate change and recalling the laws and policies regulating it.	K2
					CO2	Summarizing the International Organizations, their framework, and its programmes relating to Climate Change.	K5
					CO3	Constructing appropriate mechanisms for protection of environment.	K6
					CO4	Comparing and implementing best practices for prevention of pollution.	K4
					CO5	Analysing the Core principles of protection and preservation of environment.	K4
10	III	CRELO304	Environmental Energy and Mining Laws	Specialized Core	CO1	Recognizing the concepts relating to Mining and Energy and identifying the various kinds of Energy resources.	K4
					CO2	Evaluating the International Organizations governing the Energy and Mining Laws and the mechanisms responsible for the protection of environment.	K5
					CO3	Executing the best practices for sustainable mining and Energy Production.	K3
					CO4	Evolving sound principles for protection and preservation of environment.	K5
					CO5	Analysing the National energy and mining laws, their implementation and dispute settlement mechanisms.	K4
11	III	CRELO305	Research Methods In Environmental Law	Specialized Core	CO1	Understanding the core concepts and procedures from a practical view point and their application in environmental problem – solving.	K2
					CO2	Assessing the key elements from economic, political, and social analysis as they pertain to the design and evaluation of environmental policies and institutions.	K4
					CO3	Recalling the ethical, cross – cultural, and historical context of environmental issues and the links between human and natural systems.	K1
					CO4	Applying system concepts and methodologies to analyze and understand interactions between social and environmental processes.	K3
					CO5	Constructing their roles and identities as citizens, consumers and environmental actors in a complex, interconnected world.	K6
12	III	DEELO302	Biodiversity, Traditional Knowledge and Intellectual Property Laws	Discipline Specific Elective	CO1	Recalling the various concepts of biological diversity and the laws related to them.	K1
					CO2	Attributing the specific type of intellectual property rights which has a closer relation with the biodiversity regime and Traditional Knowledge.	K2
					CO3	Comparing the different regimes of state practice relating to IP, biodiversity and TK in the developed and developing countries in general and particularly in India, USA and European Union.	K4
					CO4	Analysing the importance of community IP rights given to the tribes, indigenous people, farmers, etc.	K4
					CO5	Producing concepts which are inclusive IP, inclusive growth, and inclusive and sustainable development and constructing the relationship between these concepts.	K6
13	III	GEELO302	Food and Agriculture:	Generic Elective	CO1	Understanding the socio, economic relationship between food and agricultural policies and other areas of law.	K2

			Policy, Governance and Framework		CO2	Classifying the broad scope of issues, laws and regulations that fall under the food and agriculture umbrella.	K4
					CO3	Recalling the development of agriculture and food security over the years in India.	K1
					CO4	Assessing the regulatory framework of the food and agricultural sectors on the central level and the roles that states play in regulation of these sectors.	K4
					CO5	Analysing the basic elements of food safety and food labelling, agricultural contracts, environmental regulation of agricultural production, farm programs, the Farm Bill and other key aspects of law and policy.	K4
14	IV	CRELO406	Law and Local Environmental Governance in India	Specialized Core	CO1	Understanding the background knowledge of rural culture and their environmental management.	K2
					CO2	Applying the appropriate tools for addressing crucial urban problems at both policy making and implementation levels.	K3
					CO3	Classifying the urban problems and producing solutions for the same.	K4
					CO4	Analysing the role of judiciary in sustainable development.	K4
					CO5	Adopting proper laws and policies pertaining to local environment.	K4
15	IV	DEELO403	Coastal and Marine Management: Law and Governance	Discipline Specific Elective	CO1	Recognizing the various Marine Resources and understanding effective coastal resource management and maintenance.	K1
					CO2	Explaining the global legal framework protecting marine resources and implementing global legal framework regarding the conservation of marine resources.	K2
					CO3	Identifying the Marine protected areas and analysing the conservation measures under Indian legislature and Judiciary	K1
					CO4	Differentiating the sources of coastal and marine ecosystem pollution, the causes of Coastal erosion and other marine ecosystem destructions.	K2
					CO5	Planning for the preservation of coastal and marine health along with the aid of legal framework and non-legal stakeholders.	K5

COURSE OUTCOME (CO)

POSTGRADUATE PROGRAMME

LL.M – DEPARTMENT OF CRIMINAL LAW AND CRIMINAL JUSTICE ADMINISTRATION

Sl. No.	Sem	Course Code	Course Title	Category	Course Outcome (CO)	Cognitive Level
1	I	COMLC101	Legal Education and Research Methodology	Common	CO1 Understand the demands of the society and be thoroughly equipped to cater to the complexities of the different situations.	K2
					CO2 Application of professional training to produce effective lawyers.	K3
					CO3 Examine the operative legal rules in both substantive and procedural aspects.	K4
					CO4 Appreciate the necessary theoretical and practical skills to deal with the diverse and expanding world of legal practice.	K2
					CO5 Get insight on the research methodology to equip for the dissertation and Ph.D.	K2
2	I	COMLC102	Judicial Process	Common	CO1 Understand the nature of judicial process as an instrument of social ordering	K2
					CO2 Examine the role of judges as Policy makers and as participants in evolving political principles of governance.	K4
					CO3 Evaluate the intricacies of judicial creativity and the judicial tools and techniques employed in the process	K5
					CO4 Analysis of the comparative aspects of Judicial Management and Administration .	K4
					CO5 Explore the Legal progression and creativity through legal reasoning under statutory and codified systems.	K4
3	I	CRCLA101	Contemporary and Applied Approach to Criminal Justice System	Specialized Core	CO1 Remembering the major areas of the criminal justice system: policing, courts, corrections and the history of those components and comprehending the relationship between the criminal justice complex and the socioeconomic elements of the Indian society.	K1
					CO2 Applying the various types of crime and criminals, the numerous theories of crime causation, and the relationship between crime and its various correlates.	K3
					CO3 Analysing the various social movements over the years, and how they have influenced the criminal justice system.	K4
					CO4 Evaluating scholarly research, governmental crime statistics, and public policy.	K5

					CO5	Creating research oriented approach in combating and reforming issues and challenges in criminal Justice System.	K6
4	I	CRCLA102	Law relating to Drugs and Enforcement Agencies	Specialized Core	CO1	Remembering the implications of Drug related criminal activities, legally, socially and medically and grasping the applications of legal frame works on Drug laws and policies with the aid of international organisation's measures in controlling Drug manufacturing and trafficking.	K1
					CO2	Applying the existing legal system relating to prevention of Drug Trafficking and Drug related issues with its ancillary complications.	K3
					CO3	Analysing the national and international preventive mechanisms and its scope in combating drug related crimes.	K4
					CO4	Evaluating the judicial responses on the Narcotic Drugs and Psychotropic Substances abuses through penal sanction and reformative approaches.	K5
					CO5	Creating research oriented approach in combating and reforming the Drug abusers and traffickers.	K6
5	I	GECLA101	Economic Crime- Multidisciplinary and Cross-National Perspective	Generic Elective	CO1	Reminiscing the laws and procedures associated with identifying, acquiring, examining economic Crime in multidisciplinary and Cross – National Perspective approach and interpreting the major economic institutions such as cooperatives, insurance and stock– exchange and explore the major causes of economic crime	K1
					CO2	Applying the innovative knowledge to understand that economic crime is not limited to crimes committed in the public sector, but also extends to those perpetrated by economic actors in the private sector.	K3
					CO3	Analysing the fact that, unlike other crimes, economic crimes may continue to increase in the coming years, adversely affecting economic, national and international security situations.	K4
					CO4	Evaluating the problem of domestic legislation, when the – circumstances and proceedings of the crime take place outside the territorial jurisdiction of India and understand some of the major problems faced in coping with economic crime in the areas of detection, investigation, prosecution	K5
					CO5	Creating a springboard for future research and be useful for new developing countries which may have to encounter a similar economic crime phenomenon.	K6
6	II	COMLC203	Constitutional Law : The New Challenges	Common	CO1	Understand and interpret the Constitution to address the emerging complex issues.	K2
					CO2	Examine the boundaries, limitations, of the Constitution from different perspectives and explore the possible approaches of interpretation and understanding from the perspective of Law and Justice.	K4
					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	K4
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	K3
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	K4
7	II	COMLC204	Law and Social Transformation in India	Common	CO1	Understand the importance of Law, as the instrument of Social Transformation.	K2
					CO2	Analysis of the product of tradition and culture.	K4
					CO3	Examine the common law system and institution in India.	K4

					CO4	Evaluate the development of law and legal institutions in India.	K5
					CO5	Get the insights on interdependence of the law and other social systems in India.	K2
8	II	CRCLA203	Organized and Unorganized Crimes- Law and Policy	Specialized Core	CO1	Remembering the various types of crimes and the distinctive characterisation of Organised crime and discernment the diverse types of Organised crimes vis-à-vis Predatory Crimes, Human Trafficking, Drug Trafficking and its modus operandi	K1
					CO2	Applying the contributions of Criminologists in assessing and investigating the Organised crimes nationally and internationally	K3
					CO3	Analysing the repercussion of Organised Crimes into National security and financial stability	K4
					CO4	Evaluating the preventive measures of Organised Crimes through various legislatures and legal frameworks in India	K5
					CO5	Creating innovative pedagogies in identifying, prosecuting and punishing the perpetrators of Organised crimes.	K6
9	II	DECLA201	Digital Crime and Digital Forensic in Cyber Space	Discipline Specific Elective	CO1	Remembering the laws and procedures associated with identifying, acquiring, examining, presenting digital evidence and apprehending standards of professionalism an ethical behaviour for information security and digital forensics professional and apply these standards successfully to ethical dilemmas.	K1
					CO2	Applying the role of digital forensics and the relationship of digital forensics to traditional forensic science, traditional science and the appropriate use of scientific methods	K3
					CO3	Analysing collaborative work with clients, management, and / or law enforcement to advance digital investigations or protect the security of digital resources.	K4
					CO4	Evaluating the ability to properly document a computer forensics investigation / analysis and create reports.	K5
					CO5	Creating platform for future research for appropriate security components in preventing cybercrimes.	K6
10	III	CRCLA304	Law of Victimology and Human Rights– Juristic Perspective	Specialized Core	CO1	Remembering the evolution of Victimology in the contemporary era, internationally and implementing and guaranteeing the rights of victim in redressing their claims.	K1
					CO2	Applying the International Organisation and instruments in addressing the Rights of Victims	K3
					CO3	Analysing the reciprocity concept of victimization of victims and means and measures in removing the societal taboo on certain type victims	K4
					CO4	Evaluating the judicial trends in Compensatory jurisprudence on Victimology through legal findings	K5
					CO5	Creating analytical oriented mechanism in approaching the Victimology with reformative and rehabilitative process.	K6
11	III	CRCLA305	Criminal Justice System- A Comparative Jurisprudence	Specialized Core	CO1	Remembering the various Criminal Justice Administrative Systems in evolving the Criminal Jurisprudence and appreciating the transnational Criminal Justice System and Administration like Common Law System, Anglo Saxon System, European and Middle East Countries Criminal Law	K1
					CO2	Applying the comparative methodological process with the Substantive and Procedural Criminal Legal Systems in understanding the Criminal Justice Administration.	K3
					CO3	Analysing the various procedures like investigation, trial, sentencing process of international societies.	K4
					CO4	Evaluating the applicability of Principle of Legality internationally with reference to General Principle of Criminal Law in other countries	K5

					CO5	Creating an advanced understanding about the Criminal Justice System in a comparative analysis latitude.	K6
12	III	DECLA302	Criminal Justice Research and Policy Development	Discipline Specific Elective	CO1	Remembering the basic ideas, techniques, and problems associated with conducting criminological and criminal justice research and appreciating the basic principles, overview of scientific inquiry in criminal justice, identify scholarly research, and field research methods.	K1
					CO2	Applying enhance communication skills and reading: / research / writing acumen to strengthen the weaknesses of research design.	K3
					CO3	Analysing the influence of criminal justice research for policy development to comprehend various research methods used to study criminology, including how to critically review criminological research	K4
					CO4	Evaluating published research work to determine specific strengths and weaknesses of the research methodology as well as understand basic concepts of social research.	K5
					CO5	Creating critical thinking around important issues in criminal justice research methodology and to come out with workable Problem – solving solutions to methodological problems.	K6
13	III	GECLA302	Medical Ethics and Accountability	Generic Elective	CO1	Recollecting the conventions and codes of conduct including Nuremberg code, declaration of Geneva, and the physician’s pledge by the World Medical Association (WMA), along with other international codes and to gain a broader understanding of codes of conduct and the ethical practices to gain in – depth knowledge about medical law, ethics, and the duties & responsibilities.	K1
					CO2	Achieve medico – legal issues not just in the legal context, but also with a sound grounding in ethics, social and theoretical contexts.	K3
					CO3	Exploring all the rights and the codes of conduct to be followed by doctors and emphasizes the aspects of competence, advance directives, and negligence that play a vital role in ethical practice in medicine.	K3
					CO4	Appraise the repercussions of unethical acts and misconduct in the practice to equip with better decision-making skills that will help to elevate their practice and observe fulfilling victims’ outcomes that also abide by the moral principles associated with the practice.	K4
					CO5	Generating developmental skills and attitudes that can direct their conduct during their practicing career while also being sensitive towards the ethical issues that they may face on a day – to – day basis.	K5
14	IV	CRCLA406	Criminalistic and Scientific Investigation- Law and Policy	Specialized Core	CO1	Remembering the developmental skills in forensic identification, forensic problem solving either independently or as a team member and valuing variety of specific career fields related to forensic science and law enforcement and keep abreast with all recent developments and emerging trends in Forensic science, Ethics and the law.	K2
					CO2	Applying enhance knowledge, in depth understanding and application of forensic science, policing and criminal investigation by teaching and research.	K4
					CO3	Analysing various protocols used when a crime scene is being secured and evidence is being procured by law enforcement members	K5
					CO4	Evaluating the field of forensic science, which includes investigating a crime by applying forensic science principles.	K4
					CO5	Creating critical and analytical subject specific skills involving the principles, practices and techniques of specific field and enhancing the competence in research methods and presentation of information.	K4
15	IV	DECLA403	Elite Class Deviance and	Discipline Specific Elective	CO1	Remembering the classification of Crimes – Blue Collar Crimes, White Collar Crimes, Victimless Crimes etc and its characterisation and comprehending the elementary aspects of Deviance and the distinguishing factors between Crimes and Elite Class Deviance through various philosophies	K1

			Crime Accountability		CO2	Applying the Legal System and other legal orders in addressing the Elite Class Deviance in India	K3	
						CO3	Analysing the issues and challenges in adjudicating the Profession Class Deviance and penalising their deviant behaviour.	K4
						CO4	Evaluating the scope of legal measures in India to confront the perpetrators of Elite Class Deviance and their accountability	K5
						CO5	Creating a scope for the research oriented contemporary Criminal Justice and Administration System to bridge the gap between Crime and Deviance.	K6

COURSE OUTCOME (CO)

POSTGRADUATE PROGRAMME

LL.M – DEPARTMENT OF HUMAN RIGHTS AND DUTIES EDUCATION

Sl. No.	Sem	Course Code	Course Title	Category	Course Outcome (CO)	Cognitive Level
1	I	COMLC101	Legal Education and Research Methodology	Common	CO1 Understand the demands of the society and be thoroughly equipped to cater to the complexities of the different situations.	K2
					CO2 Application of professional training to produce effective lawyers.	K3
					CO3 Examine the operative legal rules in both substantive and procedural aspects.	K4
					CO4 Appreciate the necessary theoretical and practical skills to deal with the diverse and expanding world of legal practice.	K2
					CO5 Get insight on the research methodology to equip for the dissertation and Ph.D.	K2
2	I	COMLC102	Judicial Process	Common	CO1 Understand the nature of judicial process as an instrument of social ordering	K2
					CO2 Examine the role of judges as Policy makers and as participants in evolving political principles of governance.	K4
					CO3 Evaluate the intricacies of judicial creativity and the judicial tools and techniques employed in the process	K5
					CO4 Analysis of the comparative aspects of Judicial Management and Administration .	K4
					CO5 Explore the Legal progression and creativity through legal reasoning under statutory and codified systems.	K4
3	I	CRHDE101	Human Rights and Duties Jurisprudence	Specialized Core	CO1 Summarise the framework and functional or practical utility-oriented aspects of Human Rights and Duties Jurisprudence.	K2
					CO2 Relate the significance and influence of the normative principles involved in building the edifice of Human Rights Jurisprudence.	K2
					CO3 Identify the contemporary challenges of Human Rights by studying the historical background and development of human rights law.	K3
					CO4 Analyse and apply the difference between need-based and value-based human rights.	K4
					CO5 Assess the nature and scope of Human Rights, Evolution of human rights and historical sources of human rights emergence.	K5

4	I	CRHDE102	Human Rights Research Methods: Theory and Practice	Specialized Core	CO1	Understand the development process of national and international human rights Law and its research methods.	K2
					CO2	Apply the research methods and techniques in the human rights studies.	K3
					CO3	Analyse the role of science, technology and ethics in research works.	K4
					CO4	List the research techniques, quality of researcher and various sources of human rights law.	K5
					CO5	Create a draft of research work based on the human rights.	K6
5	I	GEHDE101	Criminal Justice System and Human Rights	Generic Elective	CO1	Understand the relationship between Human rights and Criminal law, Human rights perspectives on crime and punishment theories, Rights of accused persons and convicts.	K2
					CO2	Apply on the violation of rights of victim, accuse, prisoner and inmates	K3
					CO3	Analyse the rights of the accused, prisoners, inmates of jail, victim, witnesses, women, children and disabled person.	K4
					CO4	Examine the crime and punishment in human rights perspective and duties of Police, court, and independent expert for protect the human rights.	K5
					CO5	Promote human rights perspective while exercising criminal justice system.	K6
6	II	COMLC203	Constitutional Law : The New Challenges	Common	CO1	Understand and interpret the Constitution to address the emerging complex issues.	K2
					CO2	Examine the boundaries, limitations, of the Constitution from different perspectives and explore the possible approaches of interpretation and understanding from the perspective of Law and Justice.	K4
					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	K4
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	K3
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	K4
7	II	COMLC204	Law and Social Transformation in India	Common	CO1	Understand the importance of Law, as the instrument of Social Transformation.	K2
					CO2	Analysis of the product of tradition and culture.	K4
					CO3	Examine the common law system and institution in India.	K4
					CO4	Evaluate the development of law and legal institutions in India.	K5
					CO5	Get the insights on interdependence of the law and other social systems in India.	K2
8	II	CRHDE203	International Human Rights	Specialized Core	CO1	Understand the Legal Dimensions of Human Rights in International Law, Normative order in United Nations Charter and international humanitarian law.	K2
					CO2	Identify the international law relating to the protection of individual and their rights.	K3
					CO3	Appraise the International Human Rights Law, its principles laid out, legal significance in declarations, covenants, conventions and treaties.	K5
					CO4	Critically analyse the status of individual under international laws.	K4
					CO5	Promote the better implementation of international law for individuals with municipal law.	K6

9	II	DEHDE201	Human Rights and Tamilnadu Policy	Discipline Specific Elective	CO1	Comprehend the policies in Adivasis or tribals in Tamil Nadu and their protection, Tamil Nadu education policies, Reservations in the state, Tamil Nadu has pioneered Gender and Juvenile justice, Environmental protections, Labour and housing and health schemes in the state	K4
					CO2	Appraise the efficiency of the state policy in protecting and promoting the human rights.	K5
					CO3	Scrutinize the policies of the Tamil Nadu in protecting the basic human rights of the people.	K3
					CO4	Assess the policies and understand more clearly whether they are only the paper tiger or a real one.	K4
					CO5	Plan the new way to handle the issues connected to human rights violations.	K6
10	III	CRHDE304	Human Rights and Policy in India	Specialized Core	CO1	Understand the Human rights in India. And what are the rights available to the citizens in the national level.	K2
					CO2	Outline the policies in India which protects Human rights in various issues.	K2
					CO3	Peruse the commissions and contributions in protecting Human rights at the national level.	K3
					CO4	Assess the protection given by the commissions and the Constitution to promote human rights.	K5
					CO5	Develop the knowledge on handling new challenges in the matter of human rights.	K3
11	III	CRHDE305	Human Rights Institution- Law and Governance	Specialized Core	CO1	Comprehend the national and international mechanisms for enforcing human rights	K4
					CO2	Appraise the efficiency of these mechanisms, constitutional governance and secularism.	K5
					CO3	Peruse the protection and measures taken by the institution and mechanisms in promoting human rights	K3
					CO4	Assess the protection, constitutional vision of social justice and the concept of secularism and its judicial interpretation.	K5
					CO5	Develop the various ways to handle and understand the current issues.	K3
12	III	DEHDE302	Science, Techonology and Human Rights	Discipline Specific Elective	CO1	Analyse the aspects and impact of science and technology on human life and society.	K4
					CO2	Understand the development and conceptual perspectives in science, technology and Pros and cons of Artificial intelligence particularly in human rights.	K2
					CO3	Critically evaluating the safeguarding of privacy and protecting ourselves from negative impacts on the growth of artificial intelligence.	K5
					CO4	Discover the research ideas on international parameters of human rights and science and technology.	K3
					CO5	Construct their knowledge in the field of Bio technology development and human rights.	K6
13	III	GEHDE302	Trade, Environment and Human Rights	Generic Elective	CO1	Comprehend the globalisation and development's impact on human rights, with a focus on commerce and the environment	K4
					CO2	Appraise the legal framework governing human rights in trade and the environment.	K3
					CO3	Peruse the national and international levels, ethical awareness and perspective on various ways of promoting and implementing human rights	K3
					CO4	Assess the interplay between trade, environment, development, human rights in international and national level.	K5

					CO5	Develop the perspective of human rights, contemporary issues and international conditions regarding trade and the environment, human rights-based efforts and policy establishment.	K3
14	IV	CRHDE406	Human Rights of Disadvantaged and Vulnerable Groups	Specialized Core	CO1	Identify different laws and helps in their implementation on protection of the rights of disadvantaged people and identifying social taboos.	K3
					CO2	Recognise the protection of the elderly persons in human rights perspective, the international norms for the protection of the elderly persons and also Identifying social taboos regarding the disabled persons.	K3
					CO3	Understand problems of vulnerable groups including LGBTQ and their human rights in a multifaceted way.	K2

					CO2	Apply on the violation of rights of migrant's workers, refugees and stateless persons.	K3
					CO3	Critically analyse and interrogate the genesis and current developments in refugee law and formulate human rights-based policies and initiatives	K4
					CO4	Assess the phenomenon of refugees, internally displaced persons and migrants and analyse the role of nation state and non-state actors	K5
					CO5	Elaborate the protection of the rights of refugees, internally displaced and migrant worker.	K6

COURSE OUTCOME (CO)

POSTGRADUATE PROGRAMME

LL.M – DEPARTMENT OF LABOUR LAW AND ADMINISTRATIVE LAW

Sl. No.	Sem	Course Code	Course Title	Category	Course Outcome (CO)	Cognitive Level
1	I	COMLC101	Legal Education and Research Methodology	Common	CO1 Understand the demands of the society and be thoroughly equipped to cater to the complexities of the different situations.	K2
					CO2 Application of professional training to produce effective lawyers.	K3
					CO3 Examine the operative legal rules in both substantive and procedural aspects.	K4
					CO4 Appreciate the necessary theoretical and practical skills to deal with the diverse and expanding world of legal practice.	K2
					CO5 Get insight on the research methodology to equip for the dissertation and Ph.D.	K2
2	I	COMLC102	Judicial Process	Common	CO1 Understand the nature of judicial process as an instrument of social ordering	K2
					CO2 Examine the role of judges as Policy makers and as participants in evolving political principles of governance.	K4
					CO3 Evaluate the intricacies of judicial creativity and the judicial tools and techniques employed in the process	K5
					CO4 Analysis of the comparative aspects of Judicial Management and Administration .	K4
					CO5 Explore the Legal progression and creativity through legal reasoning under statutory and codified systems.	K4
3	I	CRLAL101	Law of Industrial Relations and Governance	Specialized Core	CO1 Comprehending Industrial Relations laws in resolution of disputes	K2
					CO2 Applying Industrial Relations with service to workers' participation in management	K3
					CO3 Appraising common and distinguishing features of Indian, English American e-laws	K4
					CO4 Devising measures to practice in labour and industrial relations matters and ace labour service-related competitive exams.	K5
					CO5 Generating significant research ideas on labour and industrial relations perspective research.	K6

4	I	CRLAL102	ILO and Industrial Jurisprudence	Specialized Core	CO1	Comprehending both national and International perspectives on industrial jurisprudence to undertake legal research and promote legal reforms in theory and practice equipping the student to practice in labour and service matters.	K2
					CO2	Comparing and contrasting the ethical hitches in ratification and enforcement of conventions and Recommendations by the members countries	K4
					CO3	Analysing and applying the substantive techniques of tripartite structure and functioning of ILO and its organs.	K4
					CO4	Critically evaluating and interrogating the genesis of ILS and its role in labour rights.	K5
					CO5	Formulating solutions to Labour Disputes by choosing the right laws and effective interpretations, bringing about consensus and settlement agreements resolving the disputes.	K6
5	I	GELAL101	Law of Local Governance and Regulatory Mechanism	Generic Elective	CO1	Defining and interpreting the significance of Local Self Government in Grass Root democracy.	K1
					CO2	Analysing the evolution of Local Self Government in different timelines	K4
					CO3	Critically analysing the issues in the working, structure and functioning of Local Self Government.	K4
					CO4	Relating the significance of Good Governance, democratic decentralisation and the initiatives of Local Self Government.	K2
					CO5	Designing reforms and prospects of different models of Local Self Government.	K6
6	II	COMLC203	Constitutional Law : The New Challenges	Common	CO1	Understand and interpret the Constitution to address the emerging complex issues.	K2
					CO2	Examine the boundaries, limitations, of the Constitution from different perspectives and explore the possible approaches of interpretation and understanding from the perspective of Law and Justice.	K4
					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	K4
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	K3
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	K4
7	II	COMLC204	Law and Social Transformation in India	Common	CO1	Understand the importance of Law, as the instrument of Social Transformation.	K2
					CO2	Analysis of the product of tradition and culture.	K4
					CO3	Examine the common law system and institution in India.	K4
					CO4	Evaluate the development of law and legal institutions in India.	K5
					CO5	Get the insights on interdependence of the law and other social systems in India.	K2
8	II	CRLAL203	Law and Policy of Social Security	Specialized Core	CO1	Understanding and defining employee state insurance schemes and the benefits available thereunder, along with conditions for claiming such benefits	K2
					CO2	Discovering the laws relating to provident funds and its allied concepts	K6
					CO3	Categorising and breaking down the laws of compensation to employees for workplace accidents, injuries, death etc. and the key underlying principles and doctrines thereof.	K2

					CO4	Assessing various global approaches to social security, understand the ILO's recommendations in this regard, and appreciate the comparative aspects of approaches adopted by UK, USA and India	K4
					CO5	Investigating the importance of social security and formulate measures and policies in keeping with the current times.	K5
9	II	DELAL201	Law and Service Jurisprudence	Discipline Specific Elective	CO1	Comprehending and defining the Constitutional provision governing services law.	K2
					CO2	Applying the principles to certain special categories of service, particularly judicial officers and civil servants in judicial services	K3
					CO3	Analysing Indian services law in a global context with special reference to recruitment, promotion and conditions of service.	K4
					CO4	Critically examining the dispute settlement mechanism.	K5
					CO5	Facilitating full participation in ensuring accountability, transparency and good governance; and the role of service law in our rapidly changing world.	K6
10	III	CRLAL304	Administrative Process and Liability	Specialized Core	CO1	Understanding the historical development of administrative law and gain conceptual clarity of this branch of law across various civil and common law jurisdictions	K2
					CO2	Appraising the Nature, Limits and Control over Delegated Legislation and the exercise of Administrative discretion and Procedural fairness.	K4
					CO3	Reflecting the criticality of judicial review and state accountability and understand the available remedies.	K2
					CO4	Exploring the common as well as distinguishing features between Indian, English, French and American Administrative Law.	K4
					CO5	Developing a spirit of research imploring into the nuances of modern administrative systems.	K5
11	III	CRLAL305	Law and Policy on Wages	Specialized Core	CO1	Understanding the significance of the process of fixation of wages and the role played by various stakeholders in this process.	K2
					CO2	Discovering ideas on research on Wage policy and its issues at their Doctoral research level.	K6
					CO3	Devising research ideas on Constitutional and Judicial perspective research work.	K5
					CO4	Critically evaluating wage policies and designing strategies for effective wage policy.	K5
					CO5	Developing skills necessary to practice on labour and industrial relations matters and ace labour service-related competitive exams.	K5
12	III	DELAL302	Law relating to Occupational Safety, Health and Working Conditions	Discipline Specific Elective	CO1	Understanding the conceptual underpinnings of occupational safety and health and appreciating the role played by ILO and WHO in setting standards, rulemaking and ensuring the success of these goals to achieve occupational safety and health for workers.	K2
					CO2	Analysing sector-specific laws for occupational health and safety, especially in vulnerable sectors such as mines, beedi industry etc.	K4
					CO3	Critically examine the key Indian laws that govern occupational safety and health with their strengths and shortcomings	K4
					CO4	Reflecting and developing familiarity with organisations at various levels in India that are devoted to this task.	K5

					CO5	Facilitating discernment of practical considerations such as compliance mechanisms, training and awareness plans etc. to ensure occupational safety and health.	K6
13	III	GELAL302	Labour Law and Human Rights	Generic Elective	CO1	Understanding the legal framework relating to aspects of human rights.	K2
					CO2	Discovering legislations tailored to protect the vulnerable sector of the society mainly the women, children, labourers like bonded, agricultural, migrant and manual scavengers.	K6
					CO3	Analysing the international standards on labour and its relation to human rights.	K4
					CO4	Critically evaluating the legal system's engagement with the working class.	K5
					CO5	Developing the ability to form an opinion about the important and contemporary developments in the field of labour law and human rights study	K5
14	IV	CRLAL406	Judicial Review of Administrative Action	Specialized Core	CO1	Understanding and appreciating the nature and scope of Judicial Review in modern administration.	K2
					CO2	Discovering research ideas on Constitutional and Judicial perspective research work.	K6
					CO3	Comparatively analysing the concepts in USA, UK and Indian perspective	K2
					CO4	Critically examining the role of administrative functions and the extent of judicial control.	K5
					CO5	Developing required skills to enable the student to take practice on the service side.	K5
15	IV	DELAL403	Law and Governance of Industrial Discipline	Discipline Specific Elective	CO1	Identifying and comprehending the pre-enquiry formalities like drafting the charge-sheet, serving the charge-sheet, assess the explanation given by the charge-sheeted employee, order for domestic enquiry etc.	K1
					CO2	Applying practical skills gained in drafting charge-sheet, show cause notice, order of suspension, report of findings, order of punishment, etc.;	K3
					CO3	Analysing and determining if a case is fit for suspension or transfer pending enquiry and the service conditions of a suspended employee	K4
					CO4	Moderating enquiry to determine if it is being held in accordance with legal requirements and principles of natural justice; Conduct the domestic enquiry independently.	K3
					CO5	Formulating solutions in promotion on industrial discipline	K6

					CO4 Comprehend the different kinds of taxes, tax policies and to analyse the relationship between Budget and Taxation.	K2
					CO5 Apply the skills of interpretation in understanding Fiscal statutes and policy making.	K3
4	I	CRTL102			CO1 Recognize the working of direct tax regime.	K1

			Law of Income Tax	Specialized Core	CO2	Understand how direct taxes are being levied.	K2
					CO3	Classify the heads of income and to thoroughly analyze the steps in arriving at the taxable income.	K2
					CO4	Assess the sources of income and tax liability and exemption from tax liability and to appreciate the procedural compliances.	K4
					CO5	Generate ideas for better implementation of direct taxes.	K5
5	I	GETXL101	Constitution and Law of Local Taxes	Generic Elective	CO1	Appreciate the concept of fiscal federalism in the grass-root levels of democracy.	K4
					CO2	Identify the various taxes imposed by local authorities and their significance in the development of the economy.	K1
					CO3	Understand the procedural and practical aspects involved in the levy and collection of several local taxes.	K2
					CO4	Comprehend the powers and functions of local authorities when it comes to taxation.	K2
					CO5	Analyze how GST has impacted State power to levy local taxes.	K4
6	II	COMLC203	Constitutional Law : The New Challenges	Common	CO1	Understand and interpret the Constitution to address the emerging complex issues.	K2
					CO2	Examine the boundaries, limitations, of the Constitution from different perspectives and explore the possible approaches of interpretation and understanding from the perspective of Law and Justice.	K4
					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	K4
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	K3
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	K4
7	II	COMLC204	Law and Social Transformation in India	Common	CO1	Understand the importance of Law, as the instrument of Social Transformation.	K2
					CO2	Analysis of the product of tradition and culture.	K4
					CO3	Examine the common law system and institution in India.	K4
					CO4	Evaluate the development of law and legal institutions in India.	K5
					CO5	Get the insights on interdependence of the law and other social systems in India.	K2
8	II	CRTXL203	Law of Goods and Services Tax	Specialized Core	CO1	Recall the nature, scope and importance of indirect tax system.	K1
					CO2	Understand the taxable event under GST.	K2
					CO3	Calculate and determine the levy of tax.	K3
					CO4	Analyse the nuances of new tax regime.	K4
					CO5	Assess the procedural compliances embedded in GST and to plan for complying with the same.	K4
9	II	DETXL201	Corporate Governance and Taxation	Discipline Specific Elective	CO1	Understand the practical application of corporate taxation.	K2
					CO2	Recall various provisions of the Companies Act, its schedules, rules, notifications, circulars including case laws that has nexus with taxation aspects.	K1

					CO3	Analyse the legal, procedural and taxation aspects of Corporate Restructuring, Merger & Acquisitions, Insolvency, Liquidation & Winding-up.	K4
					CO4	Examine the principle of Corporate Accounting and various process and methods of corporate tax planning as per Income Tax Act 1961.	K4
					CO5	Comprehend the concept of corporate social responsibility that underpin and reflects in the corporate taxation.	K2
10	III	CRTXL304	Law of International Taxation	Specialized Core	CO1	List the arenas where taxation comes at the international level.	K1
					CO2	Understand how taxation works at the international level.	K2
					CO3	Classify the areas where the non-residents are subjected to tax in India.	K3
					CO4	Analyse how India is keeping in line with international tax practices.	K4
					CO5	Understand the interaction among tax systems at the international level in the presence or absence of double taxation conventions.	K2
11	III	CRTXL305	Law of Taxation and IPR	Specialized Core	CO1	Understand the conceptual framework of Taxation, IPR and E-commerce.	K2
					CO2	Comprehend the Tax implications of Online trading and their taxation under domestic legislation.	K2
					CO3	Appreciate how transactions involving IPR are subjected to tax in India under both direct and indirect tax laws.	K4
					CO4	Apprehend the international consensus on taxing IPR and E-Commerce	K4
					CO5	Perceive the emerging trends in IPR and E-commerce transactions and identify the challenges posed by them.	K2
12	III	DETXL302	Law of Transfer Pricing	Discipline Specific Elective	CO1	Understand the basic concepts of transfer pricing and how it acts as an avoidance mechanism.	K2
					CO2	Comprehend the methods taken to arrive at the Arm's Length Price.	K2
					CO3	Appreciate the international mechanism to check transfer pricing issues.	K4
					CO4	Examine the measures adopted by India to keep in line with international mechanisms to curb tax avoidance.	K4
					CO5	Apprehend the transfer pricing issues with regard to specific transactions involving IPR and E-commerce	K4
13	III	GETXL302	Law relating to Tax Planning and Economic Development	Generic Elective	CO1	Understand and appreciate the differences between tax planning, evasion and avoidance.	K2
					CO2	Evaluate how tax avoidance is as harmful as tax evasion.	K5
					CO3	Interpret and analyze legitimate way of tax planning under different provisions of the Income-tax Act, 1961.	K5
					CO4	Understand how the international mechanisms are framed to combat evasion and avoidance.	K2
					CO5	Comprehend how India is keeping in line with international mechanisms.	K2
14	IV	CRTXL406	Comparative Tax Laws	Specialized Core	CO1	Understand how taxation works at selected jurisdictions.	K2
					CO2	Comprehend the basic principles of direct and indirect taxation on a comparative basis across the globe and differt policy goals underlying those tax law.	K4

					CO3	Appreciate how India varies from its tax structure when compared to the selected jurisdictions.	K2
					CO4	Evaluate the pros and cons of tax legislations at selected jurisdictions.	K5
					CO5	Analyse the changes that can be made into India's tax legislations so as to attain growth.	K4
15	IV	DETXL403	Law relating to International Trade and Taxation	Discipline Specific Elective	CO1	Appreciate the role played by WTO in promoting world trade.	K2
					CO2	Perceive the various trade protection measures adopted at the national and international level to ensure free trade.	K3
					CO3	Comprehend the various efforts and initiatives on part of India in order to provide trade remedies.	K4
					CO4	Analyse the process of dispute resolution in the international arena along with reporting procedures.	K4
					CO5	Understand the role played by DGTR in investigation of trade disputes and the challenges faced by it in resolving trade disputes.	K2

COURSE OUTCOME (CO)**POSTGRADUATE PROGRAMME****LL.M – DEPARTMENT OF CYBER – SPACE LAW AND JUSTICE**

SL.NO	SEM	COURSE CODE	COURSE TITLE	CATEGORY	CO		COGNITIVE LEVEL
1	I		Legal Education and Research Methodology	Common Course I	CO1	Understand the demands of the society and be thoroughly equipped to cater to the complexities of the different situations.	
					CO2	Apply the professional training to become effective lawyers.	
					CO3	Examine the operative legal rules in both substantive and procedural aspects.	
					CO4	Appreciate the necessary theoretical and practical skills to deal with the diverse and expanding world of legal practice.	
					CO5	Get insight on the research methodology to equip for the dissertation and Ph.D.	

2	I		Judicial Process	Common Course-II	CO1	Understand the nature of judicial process as an instrument of social ordering	
					CO2	Examine the role of judges as Policy makers and as participants in evolving political principles of governance.	
					CO3	Evaluate the intricacies of judicial creativity and the judicial tools and techniques employed in the process	
					CO4	Analysis of the comparative aspects of Judicial Management and Administration.	
					CO5	Explore the Legal progression and creativity through legal reasoning under statutory and codified systems.	
3	I		Cyber Laws and Regulations in India	Hard Core Course-I	CO1	Understand and explain the rudiments of cyber space	
					CO2	Learn the scope and function of legal and technological regulations of the internet.	
					CO3	Understand with the Social and Legal issues	

						emerging from Cyberspace.	
					CO4	Explore the legal and policy developments in India to regulate Cyberspace.	
					CO5	Develop the understanding of relationship between commerce and Cyberspace and give learners in depth knowledge in legal frame work of cyber laws in India	
4	I		Intellectual Property Rights and Cyberspace	Hard Core Course-II	CO1	Understand the significance of protecting the different aspects of information generally recognized as Intellectual Property in Computers.	
					CO2	Critically analyze the complicated issues in enforcing Intellectual Property Rights in Cyberspace.	
					CO3	Analyse the challenges posed by the new technologies and examine the role of Intellectual Property protection in the digital environment.	
					CO4	Explore the legal framework in individual states with respect to the articulation of cyber jurisdiction in its personal laws.	

					CO5	Appreciate the relevance of new technologies in the management of Intellectual Property Rights.	
5	I		E-Commerce and Consumer Protection	Elective Course-I	CO1	A general outline on the conceptual framework of e-commerce and consumer protection	
					CO2	Learn the existing legal and regulatory frameworks protecting consumers including e- consumers Understand the concept of approaching to a consumer dispute	
					CO3	Learn the key principles and myriad tests to determine jurisdiction in e-consumer disputes along with the legal framework on determination of jurisdiction in internet contracts in India and in the International scenario which includes	
						international conventions relating to jurisdictional issues in cyberspace.	
					CO4	Understand the working and functioning of Grievance Redressal mechanism	
					CO5	An insight into the challenges faced by the e-consumers	
6	II		Constitutional Law: The New Challenges	Common Course-III	CO1	Understand and interpret the Constitution to address the emerging complex issues.	

					CO2	Examine the boundaries, limitations, of the Constitution from different perspectives and explore the possible approaches of interpretation and understanding from the perspective of Law and Justice.	
					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	
7	II		Law and Social Transformation in India	Common Course-IV	CO1	Understand the importance of Law, as the instrument of Social Transformation.	
					CO2	Analysis of the product of tradition and culture.	

					CO3	Examine the common law system and institution in India.	
					CO4	Evaluate the development of law and legal institutions in India.	
					CO5	Get the insights on interdependence of the law and other social systems in India.	
8	II		Techno Legal aspects of Cyberspace	Hard Core Course-III	CO1	Understand the impact of technology on legal sphere	
					CO2	Explore the new career prospects in technological phase of legal and para legal arena.	
					CO3	Have clarity over the interface of technology with new dimensions of law and administrative procedures.	
					CO4	Focus on the E - Litigation in various countries and its impact over new developments	
					CO5	Analyse the impact of technical intrusion in law and social justice.	
9	II		Digital Evidence	Discipline Elective Course-I	CO1	Understand the Nature of Electronic Information and the devices and software used to create, store, retrieve and present it.	
					CO2	Understand and discuss the legislation governing Digital Evidence and its impact in the society	

					CO3	Critically interpret the shortcomings of the legislation and the need for new changes	
					CO4	Increase the proficiency in analysing digital evidence admissibility issues and the cases concerned	
					CO5	Gain clarity of how evidentiary issues are affected when material is in an electronic form and current updated changes across the globe.	
10	III		Global scenario of Cyber laws	Hard Core Course-IV	CO1	Understand the different dimensions of cyber issues and legislations.	
					CO2	Know the role of International Organizations and Conventions in combating cybercrimes.	
					CO3	Examine various doctrines and precedents in resolving the emerging disputes.	
					CO4	Understand the global framework of cyber law and its implications across the nations.	
					CO5	Explore futuristic issues and the need for robust law mechanism to meet the changes.	
11	III		Cyber Crime in India	Hard Core Course-V	CO1	Develop strategy, policy, advocacy in cybercrimes related technology and regulations.	
					CO2	Develop and grow as cybercrime experts in corporations, law firms, and companies	
					CO3	Expertise as forensically sounds in legal matters in various courts.	
					CO4	Analyse and Apply knowledge of	

						electronic data during investigation and examination in legal matters.	
					CO5	Recognize the need for amendments, polices to combat and prevent cyber crimes	
12	III		Transnational Cyber Crimes	Discipline Elective Course-II	CO1	Identify and analyse challenges of a theoretical and practical nature regarding the legal response to transnational cybercrime.	
					CO2	Understand and discuss the limits of the law regarding transnational cybercrime and post-conflict situations.	
					CO3	Independently and critically interpret and apply relevant sources of cyber legislation in India	
					CO4	Examine various doctrines and precedents in resolving the emerging disputes.	
					CO5	Understand and reflect on social dilemmas that may arise in the field of transnational cybercrimes and deal with these in a responsible and comprehensive manner.	
13	III		International Cyber Security and Governance	Elective Course-II	CO1	Understand the theoretical cybercrime framework and policy mechanisms.	
					CO2	Develop Proficiency in Global Cyber security Infrastructure	
					CO3	Interpret the findings and recommendations arising out universal cybercrime incidents and its impact	
					CO4	Elucidate the nature and framework of International Organisations and their role in Cyber Security Governance	
					CO5	Attain Clarity and know the growing menace and challenges ahead in	

						combating global cybercrimes.	
14	IV		Computer Forensics	Hard Core Course-VI	CO1	Play roles in strategy, policy, advocacy, and legal advisory and litigation roles for businesses, individuals, and organisations that depend upon technology.	
					CO2	Develop and grow as digital forensic experts in corporations, law firms, insurance agencies, and law enforcement organisations.	
					CO3	Expertise as forensically sound in legal matters across the nation.	
					CO4	Analyse and Apply knowledge of electronic data during investigation and examination in legal matters.	
					CO5	Explore and research the new advancements of Cyber Forensic Policies and career prospects across the world	
15	IV		Cyber Space and Telecommunication: Legal and Security Issues	Discipline Elective Course-III	CO1	Become an expert in the areas of law related to convergence of Cyberspace and Telecom sector	
					CO2	Become a lawyer in telecom corporates for resolving issues in online scenario	
					CO3	Practice in courts in cases related to telecom sector in online scenario.	
					CO4	Explore and research the new advancements of online telecom Policies and career prospects across the world	

					CO5	Understand the forensic and evidentiary issues in Telecom related cybercrimes

						issue that arises from the contract of trade through the sea.	
					CO 4	Address the contemporary challenges in maritime transportation and examine the operation of international trade law in practical contexts.	
					CO 5	Examine and monitor several key issues in the operation of international trade including trade in goods, services, carriage of goods, shipping, et	
6	II		Constitutional Law: The New Challenges	Common Course-III	CO1	Understand and interpret the Constitution to address the emerging complex issues.	
					CO2	Examine the boundaries, limitations, of the Constitution from different perspectives and explore the possible approaches of interpretation and understanding from the perspective of Law and Justice.	
					CO3	Analysis the mechanism of judicial process of constitutional interpretation involves a technique of adapting the law to meet changing social needs	
					CO4	Apply the in-depth understanding of fundamental rights jurisprudence to complicated issues in the constitutional courts and contribute to the evolving constitutional jurisprudence in India.	
					CO5	Explore the various functional theories, doctrine and Constitutional principles working in the backdrop and its interplay with the emerging issues.	
7	II		Law and Social Transformation in India	Common Course-IV	CO1	Understand the importance of Law, as the instrument of Social Transformation.	
					CO2	Analysis of the product of tradition and culture.	
					CO3	Examine the common law system and institution in India.	
					CO4	Evaluate the development of law and legal institutions in India.	
					CO5	Get the insights on interdependence of the law and other social systems in India.	
8	II		Admiralty Law and Practice	Hard Core Course-III	CO1	Learn the Historical background of Admiralty law in England and India	
					CO2	Appraise the distinctive nature of Admiralty Law, its scope and the Mode of Exercising admiralty jurisdiction	
					CO3	Articulate and analyze the roles of national	

						governments and international organizations in the regulation of admiralty laws.	
					CO4	Critically evaluate the International and National laws relating to Maritime claims, liens and priorities, Ship owners' liability and limitation.	
					CO5	Gain insights on practice in admiralty law in India.	
9	II		Maritime Safety and Security	Discipline Elective Course-I	CO1	Comprehend the differences and similarities between laws relating to ship safety and ship security	
					CO2	Use the basic provisions of International conventions to establish national, regional and global individual and collective responsibility for maritime safety and security	
					CO3	Interpret the related municipal laws on various aspects of safety and security in sea	
					CO4	Evaluate the legal arena for liability in marine collision; salvages and wrecks; towage; pilotage; piracy, hijacking and armed robbery at sea	
					CO5	Learn the practical aspects relating to suits for the violation of the safety measures by the concerned authority and claiming compensation for suffering.	
10	III		Law related to Shipping	Hard Core Course-IV	CO1	Know how to register a ship in a country and what are the rights and privileges under shipping law of that country.	
					CO2	Examine the global practice as to determining nationality of ship	
					CO3	Understand maritime lien and maritime claim for taking action through Admiralty court.	
					CO4	Explore the liabilities in mortgage of Ship	
					CO5	Demonstrate proficiency in drafting Ship building contract.	
11	III		Law on Seafarers	Hard Core Course-V	CO1	Understand the life of seafarers and their struggles.	
					CO2	Comprehend Knowledge over the historical origin of seafarers, the historical timeline of the evolution of Maritime Labour Laws.	
					CO3	Analyse the human rights violations that affects the seafarers and evaluate the legal solutions available to address their grievances.	
					CO4	Evaluate the working conditions and employment schemes of seafarers and the responsibilities of flag state, coastal state and the port state with	

						respect to seafarers.	
					CO5	Aid in legal enforcement of their rights through practice and through further dissemination.	
12	III		Maritime Crimes and Issues	Discipline Elective Course-II	CO1	Appraise the implications of rules and legal framework of criminal jurisprudence related to maritime crimes.	
					CO2	Gain insights and be familiarized with basic knowledge on critical international and national maritime laws.	
					CO3	Analyse the role of the international criminal system over the regulation of jurisdictional issues on unlawful activities at sea like trafficking, hijacking, robbery, etc.	
					CO4	Develop further insightful study on how to prevent the evolving contemporary crimes through the implication of legal regulations.	
					CO5	Determine the effective role of regional cooperation for a better outcome in preventing the threat to international peace and security and to build peace keeping.	
13	III		Regulatory Mechanism for Marine Pollution	Elective Course-II	CO1	Know the specific obligation to protect and preserve marine environment generally and maritime environment with specific focus, such as preventing, controlling and mitigating pollution of marine environment	
					CO2	Analyse the main principles which govern the international law of the marine environment as it applies to shipping and other offshore activities	
					CO3	Evaluate the extent to which National law is influenced by internationally accepted principles.	
					CO4	Understand the complex framework of international conventions, developed through international consensus, and reinforced through technical developments in the committees of the International Maritime Organisation and other regional organisations.	
					CO5	Respond to challenges caused by shipping incidents as well as other sources of pollution	
14	IV		Dispute Settlement Mechanism under Maritime Law	Hard Core Course-VI	CO1	Have a comprehensive understanding of the framework of Admiralty jurisdiction and the historical perspective and analyse the developments of Admiralty jurisdiction in India	
					CO2	Analyse different Maritime claims and Limitation Claims in order to undertake practise in the field	

						of Admiralty Law.	
					CO3	Understand the increasing relevance of Arbitration and Conciliation in the field of Maritime Law.	
					CO4	Enhance the academic and practical knowledge in resolving Maritime disputes through the process of Maritime arbitration and related instruments.	
					CO5	Examine the contemporary challenges in the Maritime Arbitration dispute settlement mechanism.	
15	IV		Port Operations and Coastal Zone Management	Discipline Elective Course-III	CO1	Get introduced to Port Operations, their Management and to determine the economic, social and environmental implications of such management.	
					CO2	Realise the legal issues from the practical dimension by understanding the working of coastal zones management and port operations.	
					CO3	Know the relevance of coastal zone management and port operations being conducted in a sustainable manner by balancing with the economic interest.	
					CO4	Understand the role of technological innovations for coastal zone management and port operations.	
					CO5	Learn the Coastal Zone Management and Port Operations of India and the contemporary solutions.	

PROGRAMME OUTCOME (PO)

POSTGRADUATE PROGRAMME

The PG Programme prepares the students to

PO 1	Gain & apply legal knowledge to the complex Socio-legal problems.
PO 2	Explore and learn the detailed laws and the procedure relevant to the specific field of study and the judicial response to it.
PO 3	Foster the learners with the Constitutional legislative & societal transformation & to develop clinical abilities.
PO 4	Equip the learners with the knowledge of teaching methods and its nuances thereby enabling them to enter the teaching profession.
PO 5	Enhance the art of undertaking doctrinal and empirical research covering an extensive area of socio-legal knowledge and implementation of copious tools and techniques of research.
PO 6	Develop the skills necessary for aiding legal research and to effectively hone their advocacy skills in the specialized areas
PO 7	Improve research aptitude in view of providing platform by undertaking research projects
PO 8	Advance an attitude of self-reflection while learning and the ability to engage in independent and life-long learning in the broadest context of changing legal scenarios.
PO 9	Ensure the graduated to become skilled in research, written and oral communication, teamwork, advocacy, problem-solving etc

PROGRAMME SPECIFIC OUTCOME (PSO)

POSTGRADUATE PROGRAMME

LL. M – DEPARTMENT OF BUSINESS LAW

After successful completion of the LL.M – Business Law Programme, the students will be able to:

PSO 1	Enable the students to gain a holistic understanding on the framework and working of Business laws in Indian and International Perspective.
PSO 2	Analyze and realize the key theoretical debates of corporate law and the related areas of law with the latest developments in the field.
PSO 3	Enhance self-learning and develop the skills required by modern Business professionals such as Communication, Negotiation, Problem solving, Team building etc
PSO 4	Motivate the students to address the needs arising from the unique dynamics of the current corporate environment and to maximize their potential as business lawyers
PSO 5	Equip the students for a career in global business by providing insights on the complexities of transnational business transactions.

LL. M – DEPARTMENT OF CONSTITUTIONAL LAW

After successful completion of the LL.M – Constitutional Law Programme, the students will be able to:

PSO 1	Enable the students to apprehend working of the Indian Constitution from theoretical and policy perspectives.
PSO 2	Analyse and realize the Constitutional Law thereby, students will be able to excel in the career, as the challenge to any law is subjected to the scrutiny on the touchstone of the Constitution.
PSO 3	Enhance self-learning and improving the understanding of legal progression in socio-economic goals in the development of constitutional jurisprudence.
PSO 4	Motivate the students to analyse social problems and understanding the dynamics, for social transformation.
PSO 5	Equip the students with various methodological tools in tune with contemporary developments to pursue research in the field of Constitutional Law and Human Rights

LL. M – DEPARTMENT OF INTELLECTUAL PROPERTY LAW

After successful completion of the LL.M – Intellectual Property Law Programme, the students will be able to:

PSO 1	Contribute effectively in the fields of Intellectual Property Law and to meet the advanced needs of growing technological innovations.
PSO 2	Critically think in neoteric ways and be able to analyse the legislation in the perspective of socio - economic justice.
PSO 3	Express the deep knowledge of law in a variety of legal & business contexts and engage with the role of law in practice and display their ability to deal with various legal issues and business.
PSO 4	Develop and demonstrate strong soft-skills for making them industry-ready, when they complete the programme.
PSO 5	Developed with a sense of responsibility to serve the society through their professional skills and will be able to develop a base of legal excellence with international and indigenous understanding.

LL. M – DEPARTMENT OF INTERNATIONAL LAW AND ORGANISATION

After successful completion of the LL.M – International Law and Organisation Programme, the students will be able to:

PSO 1	Understand the fundamental concepts, principles and doctrines in international law. To address the new challenges in international law due to the emerging legal and economic order.
PSO 2	Inculcate necessary interpretative skills to critically analyse International Conventions, to identify International Customs, to determine general principles of International Law and to dissect judgments to find and understand the evolving international jurisprudence of international Courts and Tribunals.
PSO 3	Critically analyse international disputes and to come up with effective international dispute resolution and avoidance and exposing them to the practical training through intellectual debate and discussion in seminars, conferences, symposium, workshop, field visits, etc.
PSO 4	Enhance critical thinking and analytical skills to understand the significance of International law in maintaining international peace, security and for promotion of human rights.
PSO 5	Determine in moulding learners for the service of our society through academics, independent legal practice etc. This will create a knowledge pool of international legal scholars to train and equip future scholars of international law.

LL. M – DEPARTMENT OF ENVIRONMENTAL LAW & LEGAL ORDER

After successful completion of the LL.M – Environmental Law & Legal Order Programme, the students will be able to:

PSO 1	Recognize the various concepts relating to the different components in the environment and identify the natural resources available in the world at different stages and understand the laws relating to the protection of the environment and be able to compare them with other legal frameworks.
PSO 2	Apply research and practice in International and Municipal Environmental law by implementing the appropriate environmental law principles, research methodologies and legal drafting.
PSO 3	Analyse the roles of International Organizations, Governments, Judiciary, NGO's and Public towards protecting the environment.
PSO 4	Develop a strong and multi-disciplinary knowledge and a robust skill set to deal with the legal issues and producing methodical solutions to the Economic, Social and Cultural problems present in protecting the environment and effectuating sustainability.
PSO 5	Invest themselves voluntarily in the pursuit of knowledge and address the various environmental issues arising out of International and National Environmental Legal regime which develops competitiveness and employability, it also enhances social inclusion, active citizenship and personal development.

LL. M – DEPARTMENT OF CRIMINAL LAW AND CRIMINAL JUSTICE ADMINISTRATION

After successful completion of the LL.M – Criminal Law and Criminal Justice Administration Programme, the students will be able to:

PSO 1	Enable the students to provide the maximum sense of security to the people at large by dealing with crimes and criminals effectively, quickly and legally.
PSO 2	Encourage the analysis of legal problems and controlling crime and achieving justice are goals that all societies must seek to achieve. The syllabus makes these goals possible.
PSO 3	Inculcate proficiency to analyse legal materials and formulate legal briefs for litigation or for promoting legal compliance with ethical responsibilities related to the profession.
PSO 4	Enhance critical thinking and analytical skills to adapt to the understanding of how crime prevention and control can be improved.
PSO 5	Stimulate the capability to evaluate new criminal jurisprudence at National and International levels to solve criminal justice issues and challenges through interpretation and legal research via doctrinal and empirical legal research in Criminology, Penology, Victimology and Criminal Justice Administration.

LL. M – DEPARTMENT OF HUMAN RIGHTS AND DUTIES EDUCATION

After successful completion of the LL.M – Human Rights and Duties Education Programme, the students will be able to:

PSO 1	Understand the multi-disciplinary, trans-disciplinary nature of Human Rights and its evolving nature.
PSO 2	Analyse theoretical as well as practical perspective relating to Human Rights and its implications on various ages and stages to all persons across the globe.
PSO 3	Equip themselves to face the challenges posed by technological, socio-economic environmental changes and its implications on Human Rights by overcoming them through effective understanding.
PSO 4	Inculcate global citizenry attitude so as to resolve conflicts associated with Human Rights
PSO 5	Undertake sectoral and cross-sectoral research relating to Human Rights and raise to resolve the conflict amicably thereby achieving the goals prescribed by the Charter of UN.

LL. M – DEPARTMENT OF LABOUR LAW AND ADMINISTRATIVE LAW

After successful completion of the LL.M – Labour Law and Administrative Law Programme, the students will be able to:

PSO 1	Enable the learner to exhibit comprehensive knowledge and understanding of work-related policies and legislations on national and international fronts.
PSO 2	Encourage the analysis of legal problems in the labour industry from an objective point of view and work towards finding solutions by application of labour laws and regulations.
PSO 3	Inculcate proficiency to undertake doctrinal and empirical legal research in employment laws and labour standards.
PSO 4	Equip the learner to display skills and competencies necessary to make the student invaluable to industries, workers, human rights organizations, employer and employee organizations, research bodies, governments and the society at large.
PSO 5	Stimulate the capability to evaluate employment at national and international levels to solve client problems through interpretation and legal research.

LL. M – DEPARTMENT OF TAXATION LAW

After successful completion of the LL.M – Taxation Programme, the students will be able to:

PSO 1	Understand the structure of Indian as well as International tax system and key principles underlying the substantive provisions of Direct and Indirect Tax laws.
PSO 2	Develop capacity to apply this knowledge to make computations in a structured and analytical manner and demonstrate the practical application of such learning in solving legal problems relating to Taxation and address issues in concrete cases/scenarios.
PSO 3	Analyze various tax concerns in a clear and concise manner, using statutory provisions and case authorities in support. Evaluate the interaction of Tax policy, the Fiscal functions of the economy, and economic growth.
PSO 4	Acquire firm grounding in the legal analysis and tax draftsmanship. Also establish a specialised body of knowledge and set of skills for professional Tax practice or further learning by adapting to the tax law that changes over time.
PSO 5	Follow consistently the ethical principles and professional standards related to the profession, including the standards in taking a tax position.

LL. M – DEPARTMENT OF CYBER- SPACE LAW AND JUSTICE

After successful completion of the LL.M – Cyber – Space and Justice Programme, the students will be able to:

PSO 1	Enable the students with intricate legal and technical architectures of cyber space design, policy and cyber security framework.
PSO 2	Motivate students to have a comprehensive approach towards emerging challenges in Cyber Security and related laws which augments the students as able researchers.
PSO 3	Enhance self-learning and focusing on the intersection of technology, law and deciphering growing cases in contemporary times.
PSO 4	Enrich the students as tech legal experts to serve in Forensics department, Cyber Labs and Technical Expertise in various crime branches.
PSO 5	Equip the students to become socially responsible cyber law practitioners and cyber law analysts to practice in Cyber Security legal arena globally.

LL. M – DEPARTMENT OF MARITIME LAW

After successful completion of the LL.M – Maritime Programme, the students will be able to:

PSO 1	Comprehend the basic legal framework and legal systems pertaining to the seas of the world and get expertise in areas arising out of international disputes under Maritime and allied laws.
PSO 2	Analyse the organisational set up involved in National and International Maritime laws and appraise their role.
PSO 3	Apply a comprehensive and inter-disciplinary approach towards emerging challenges in Maritime and related laws and expand their research acumen
PSO 4	Learn and evaluate the practical aspects of Shipping and Maritime Laws which would facilitate future prospects in Marine Advocacy and Lawyering.
PSO 5	Develop their capabilities to address new challenges in Indian and International maritime laws and find career prospects in the field in convergence with other laws and technologies.

8	DEPARTMENT OF LABOUR LAW AND ADMINISTRATIVE LAW					
9	DEPARTMENT OF TAXATION LAW					
10	DEPARTMENT OF CYBER SPACE LAW & JUSTICE					
11	MARITIME LAW					

PROGRAMME OUTCOME (PO)

POSTGRADUATE PROGRAMME

The PG Programme prepares the students to

PO 1	Gain & apply legal knowledge to the complex Socio-legal problems.
PO 2	Explore and learn the detailed laws and the procedure relevant to the specific field of study and the judicial response to it.
PO 3	Foster the learners with the Constitutional legislative & societal transformation & to develop clinical abilities.
PO 4	Equip the learners with the knowledge of teaching methods and its nuances thereby enabling them to enter the teaching profession.
PO 5	Enhance the art of undertaking doctrinal and empirical research covering an extensive area of socio-legal knowledge and implementation of copious tools and techniques of research.
PO 6	Develop the skills necessary for aiding legal research and to effectively hone their advocacy skills in the specialized areas
PO 7	Improve research aptitude in view of providing platform by undertaking research projects
PO 8	Advance an attitude of self-reflection while learning and the ability to engage in independent and life-long learning in the broadest context of changing legal scenarios.
PO 9	Ensure the graduated to become skilled in research, written and oral communication, teamwork, advocacy, problem-solving etc

PROGRAMME SPECIFIC OUTCOME (PSO)

POSTGRADUATE PROGRAMME

LL. M – DEPARTMENT OF BUSINESS LAW

After successful completion of the LL.M – Business Law Programme, the students will be able to:

PSO 1	Enable the students to gain a holistic understanding on the framework and working of Business laws in Indian and International Perspective.
PSO 2	Analyze and realize the key theoretical debates of corporate law and the related areas of law with the latest developments in the field.
PSO 3	Enhance self-learning and develop the skills required by modern Business professionals such as Communication, Negotiation, Problem solving, Team building etc
PSO 4	Motivate the students to address the needs arising from the unique dynamics of the current corporate environment and to maximize their potential as business lawyers
PSO 5	Equip the students for a career in global business by providing insights on the complexities of transnational business transactions.

LL. M – DEPARTMENT OF CONSTITUTIONAL LAW

After successful completion of the LL.M – Constitutional Law Programme, the students will be able to:

PSO 1	Enable the students to apprehend working of the Indian Constitution from theoretical and policy perspectives.
PSO 2	Analyse and realize the Constitutional Law thereby, students will be able to excel in the career, as the challenge to any law is subjected to the scrutiny on the touchstone of the Constitution.
PSO 3	Enhance self-learning and improving the understanding of legal progression in socio-economic goals in the development of constitutional jurisprudence.
PSO 4	Motivate the students to analyse social problems and understanding the dynamics, for social transformation.
PSO 5	Equip the students with various methodological tools in tune with contemporary developments to pursue research in the field of Constitutional Law and Human Rights

LL. M – DEPARTMENT OF INTELLECTUAL PROPERTY LAW

After successful completion of the LL.M – Intellectual Property Law Programme, the students will be able to:

PSO 1	Contribute effectively in the fields of Intellectual Property Law and to meet the advanced needs of growing technological innovations.
PSO 2	Critically think in neoteric ways and be able to analyse the legislation in the perspective of socio - economic justice.
PSO 3	Express the deep knowledge of law in a variety of legal & business contexts and engage with the role of law in practice and display their ability to deal with various legal issues and business.
PSO 4	Develop and demonstrate strong soft-skills for making them industry-ready, when they complete the programme.
PSO 5	Developed with a sense of responsibility to serve the society through their professional skills and will be able to develop a base of legal excellence with international and indigenous understanding.

LL. M – DEPARTMENT OF INTERNATIONAL LAW AND ORGANISATION

After successful completion of the LL.M – International Law and Organisation Programme, the students will be able to:

PSO 1	Understand the fundamental concepts, principles and doctrines in international law. To address the new challenges in international law due to the emerging legal and economic order.
PSO 2	Inculcate necessary interpretative skills to critically analyse International Conventions, to identify International Customs, to determine general principles of International Law and to dissect judgments to find and understand the evolving international jurisprudence of international Courts and Tribunals.
PSO 3	Critically analyse international disputes and to come up with effective international dispute resolution and avoidance and exposing them to the practical training through intellectual debate and discussion in seminars, conferences, symposium, workshop, field visits, etc.
PSO 4	Enhance critical thinking and analytical skills to understand the significance of International law in maintaining international peace, security and for promotion of human rights.
PSO 5	Determine in moulding learners for the service of our society through academics, independent legal practice etc. This will create a knowledge pool of international legal scholars to train and equip future scholars of

international law.

LL. M – DEPARTMENT OF ENVIRONMENTAL LAW & LEGAL ORDER

After successful completion of the LL.M – Environmental Law & Legal Order Programme, the students will be able to:

PSO 1	Recognize the various concepts relating to the different components in the environment and identify the natural resources available in the world at different stages and understand the laws relating to the protection of the environment and be able to compare them with other legal frameworks.
PSO 2	Apply research and practice in International and Municipal Environmental law by implementing the appropriate environmental law principles, research methodologies and legal drafting.
PSO 3	Analyse the roles of International Organizations, Governments, Judiciary, NGO's and Public towards protecting the environment.
PSO 4	Develop a strong and multi-disciplinary knowledge and a robust skill set to deal with the legal issues and producing methodical solutions to the Economic, Social and Cultural problems present in protecting the environment and effectuating sustainability.
PSO 5	Invest themselves voluntarily in the pursuit of knowledge and address the various environmental issues arising out of International and National Environmental Legal regime which develops competitiveness and employability, it also enhances social inclusion, active citizenship and personal development.

LL. M – DEPARTMENT OF CRIMINAL LAW AND CRIMINAL JUSTICE

After successful completion of the LL.M – Criminal Law and Criminal Justice Administration Programme, the students will be able to:

PSO 1	Enable the students to provide the maximum sense of security to the people at large by dealing with crimes and criminals effectively, quickly and legally.
PSO 2	Encourage the analysis of legal problems and controlling crime and achieving justice are goals that all societies must seek to achieve. The syllabus makes these goals possible.
PSO 3	Inculcate proficiency to analyse legal materials and formulate legal briefs for litigation or for promoting legal compliance with ethical responsibilities related to the profession.
PSO 4	Enhance critical thinking and analytical skills to adapt to the understanding of how crime prevention and control can be improved.
PSO 5	Stimulate the capability to evaluate new criminal jurisprudence at National and International levels to solve criminal justice issues and challenges through interpretation and legal research via doctrinal and empirical legal research in Criminology, Penology, Victimology and Criminal Justice Administration.

LL. M – DEPARTMENT OF HUMAN RIGHTS AND DUTIES EDUCATION

After successful completion of the LL.M – Human Rights and Duties Education Programme, the students will be able to:

PSO 1	Understand the multi-disciplinary, trans-disciplinary nature of Human Rights and its evolving nature.
PSO 2	Analyse theoretical as well as practical perspective relating to Human Rights and its implications on various ages and stages to all persons across the globe.
PSO 3	Equip themselves to face the challenges posed by technological, socio-economic environmental changes and its implications on Human Rights by overcoming them through effective understanding.
PSO 4	Inculcate global citizenry attitude so as to resolve conflicts associated with Human Rights.
PSO 5	Undertake sectoral and cross-sectoral research relating to Human Rights and raise to resolve the conflict amicably thereby achieving the goals prescribed by the Charter of UN.

LL. M – DEPARTMENT OF LABOUR LAW AND ADMINISTRATIVE LAW

After successful completion of the LL.M – Labour Law and Administrative Law Programme, the students will be able to:

PSO 1	Enable the learner to exhibit comprehensive knowledge and understanding of work-related policies and legislations on national and international fronts.
PSO 2	Encourage the analysis of legal problems in the labour industry from an objective point of view and work towards finding solutions by application of labour laws and regulations.
PSO 3	Inculcate proficiency to undertake doctrinal and empirical legal research in employment laws and labour standards.
PSO 4	Equip the learner to display skills and competencies necessary to make the student invaluable to industries, workers, human rights organizations, employer and employee organizations, research bodies, governments and the society at large.

PSO 5

Stimulate the capability to evaluate employment at national and international levels to solve client problems through interpretation and legal research.

LL. M – DEPARTMENT OF TAXATION LAW

After successful completion of the LL.M – Taxation Programme, the students will be able to:

PSO 1	Understand the structure of Indian as well as International tax system and key principles underlying the substantive provisions of Direct and Indirect Tax laws.
PSO 2	Develop capacity to apply this knowledge to make computations in a structured and analytical manner and demonstrate the practical application of such learning in solving legal problems relating to Taxation and address issues in concrete cases scenarios.
PSO 3	Analyze various tax concerns in a clear and concise manner, using statutory provisions and case authorities in support. Evaluate the interaction of Tax policy, the Fiscal functions of the economy, and economic growth.
PSO 4	Acquire firm grounding in the legal analysis and tax draftsmanship. Also establish a specialised body of knowledge and set of skills for professional Tax practice or further learning by adapting to the tax law that changes over time.
PSO 5	Follow consistently the ethical principles and professional standards related to the profession, including the standards in taking a tax position.

LL. M – DEPARTMENT OF CYBER- SPACE LAW AND JUSTICE

After successful completion of the LL.M – Cyber – Space and Justice Programme, the students will be able to:

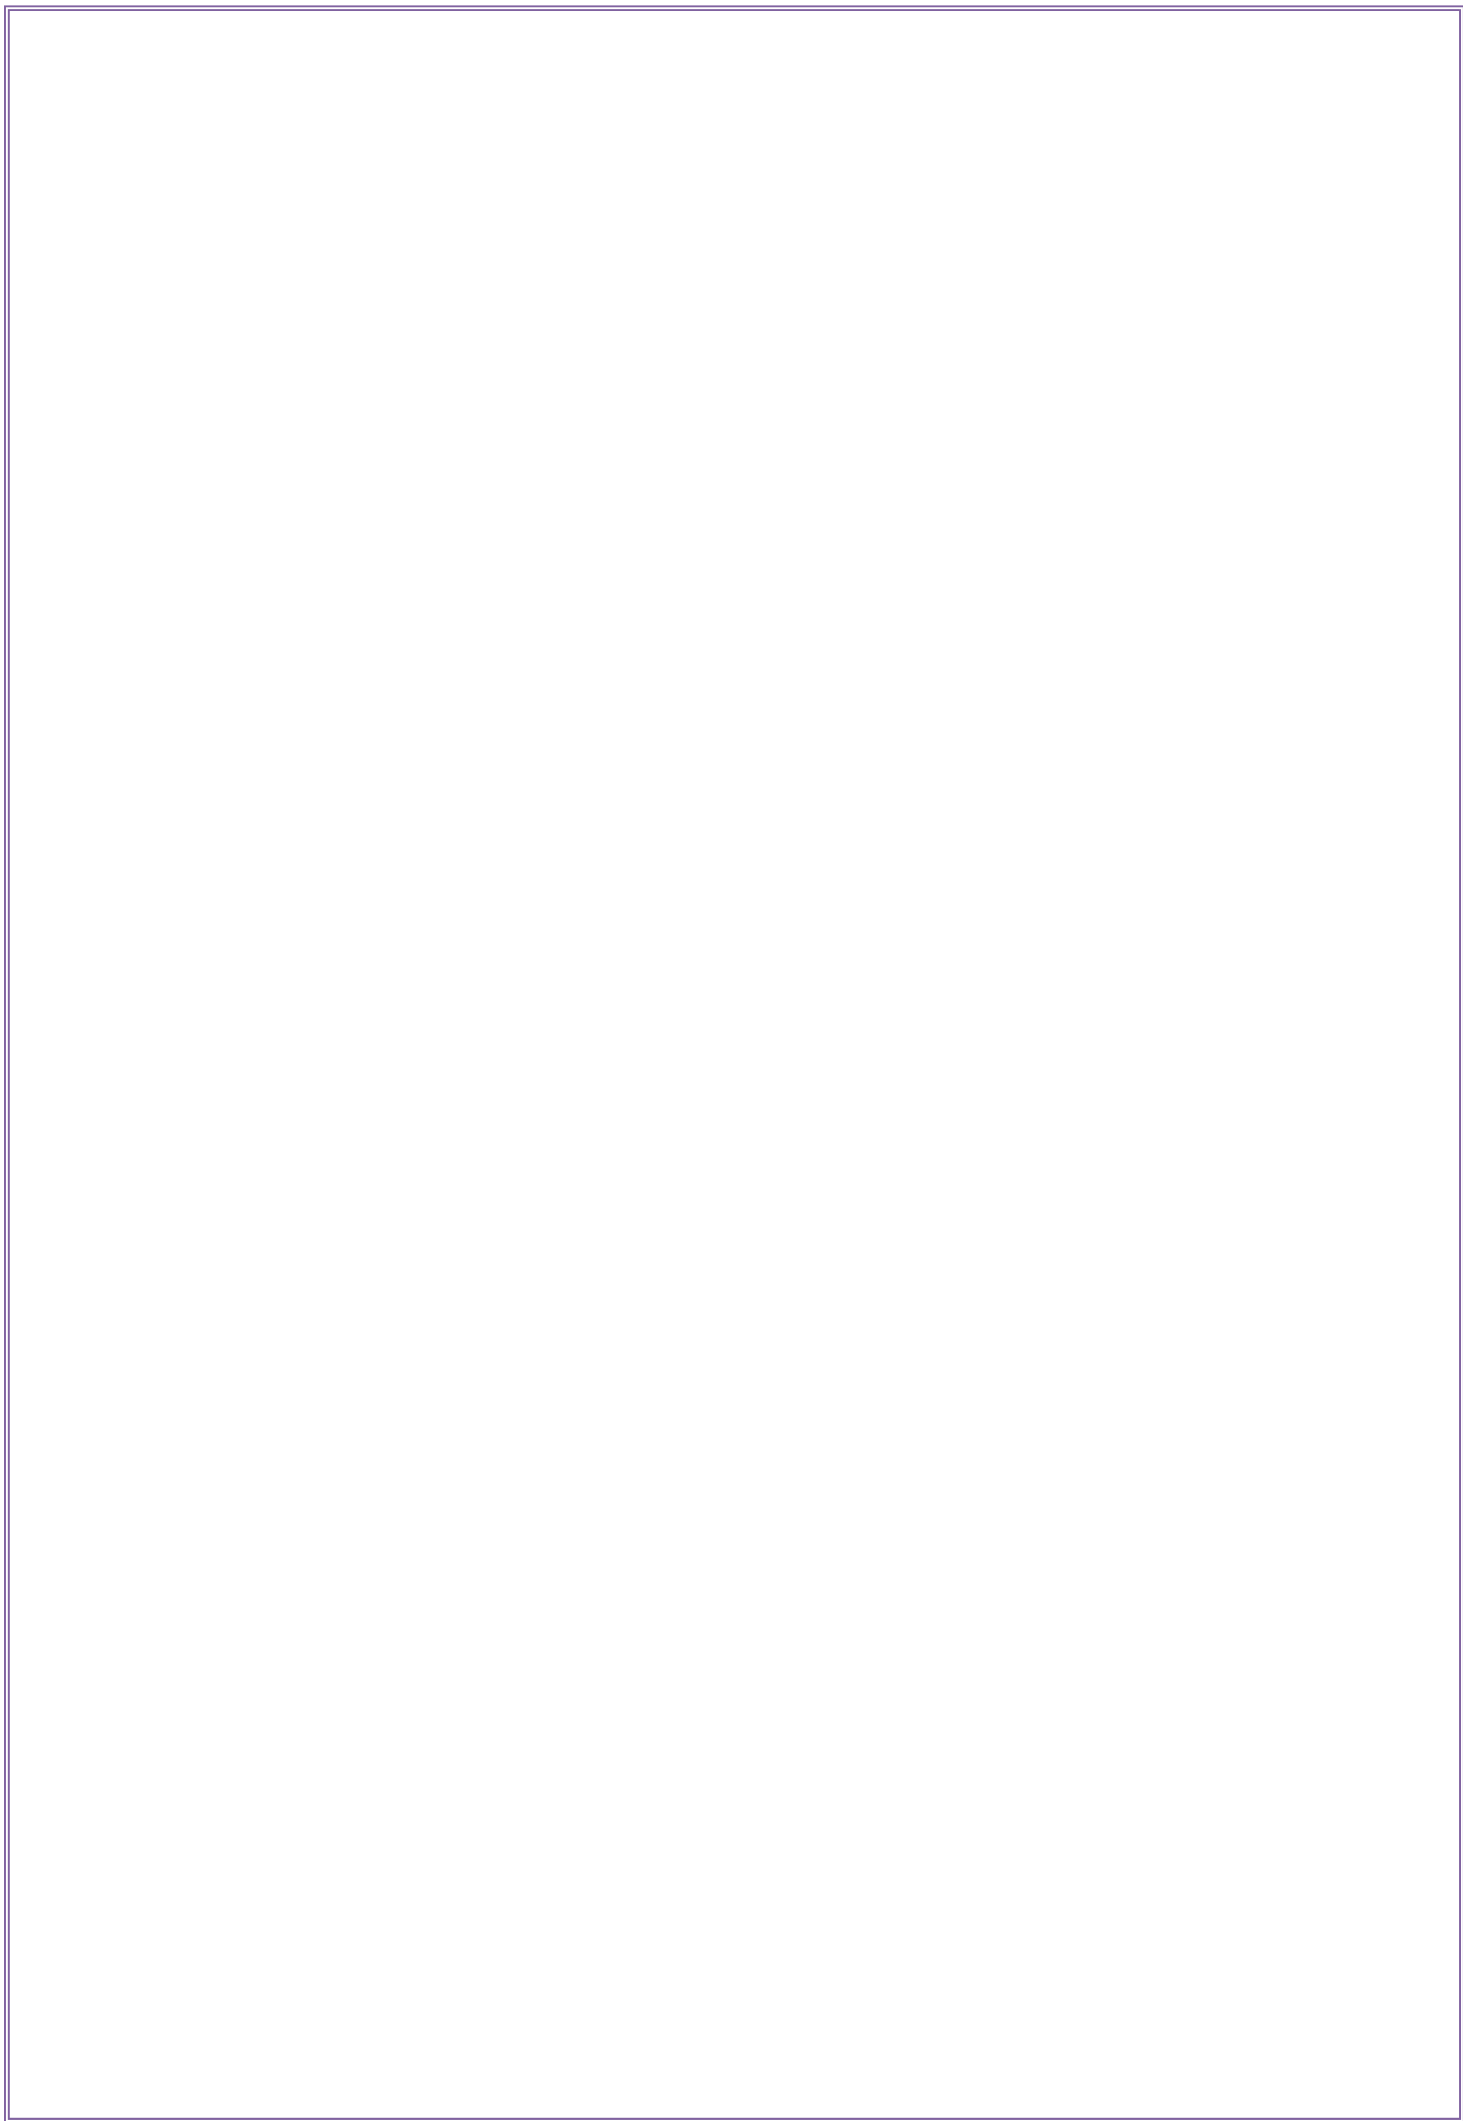

PSO 1	Enable the students with intricate legal and technical architectures of cyber space design, policy and cyber security framework.
PSO 2	Motivate students to have a comprehensive approach towards emerging challenges in Cyber Security and related laws which augments the students as able researchers.
PSO 3	Enhance self-learning and focusing on the intersection of technology, law and deciphering growing cases in contemporary times.

PSO 4	Enrich the students as tech legal experts to serve in Forensics department, Cyber Labs and Technical Expertise in various crime branches.
PSO 5	Equip the students to become socially responsible cyber law practitioners and cyber law analysts to practice in Cyber Security legal arena globally.
PSO 1	Comprehend the basic legal framework and legal systems pertaining to the seas of the world and get expertise in areas arising out of international disputes under Maritime and allied laws.

LL. M – DEPARTMENT OF MARITIME LAW

After successful completion of the LL.M – Maritime Programme, the students will be able to:

PSO 2	Analyse the organisational set up involved in National and International Maritime laws and appraise their role.
PSO 3	Apply a comprehensive and inter-disciplinary approach towards emerging challenges in Maritime and related laws and expand their research acumen
PSO 4	Learn and evaluate the practical aspects of Shipping and Maritime Laws which would facilitate future prospects in Marine Advocacy and Lawyering.
PSO 5	Develop their capabilities to address new challenges in Indian and International maritime laws and find career prospects in the field in convergence with other laws and technologies.
