Event Report

Title of Event:

2nd National Criminal Investigation Competition & Workshop

Organized by:

Tamil Nadu Dr. Ambedkar Law University
School of Excellence in Law
Center of Excellence in Digital Forensics
In Collaboration with Asian Criminological Society

Dates:

25th and 26th February 2024

Venue:

Auditorium, Administrative Block, Tamil Nadu Dr. Ambedkar Law University, Chennai

Inaugural Session

Date: 25th February 2024

Time: 10:00 AM

The inaugural session set the tone for the two-day event, starting with an invocation and the lighting of the kuthuvilakku, a symbolic act representing the pursuit of knowledge.

The welcome address was delivered by Dr. Ranjit Oommen Abraham, Head of the Department of Cyber Space Law & Justice, TNDALU, who emphasized the university's commitment to bridging academia and practice in criminal investigations.

Key dignitaries present:

- - Prof. Dr. N. S. Santosh Kumar, Vice-Chancellor, TNDALU, presided over the session, commending the university's efforts to lead initiatives in forensic sciences and digital investigations.
- - Hon'ble Dr. Justice P. Jyothimani, Former Judge, Madras High Court, delivered the inaugural address, highlighting the integration of technology into criminal justice systems.
- - Prof. Dr. Purvi Pokhriyal, National Forensic Sciences University, Delhi, delivered a special address, sharing insights into advancements in forensic sciences.
- - Ms. Ilakkiya Karunagaran, IPS, Deputy Commissioner of Police, Principal, Karnataka Police Training School, spoke on the practical challenges faced by law enforcement in modern criminal investigations and the increasing reliance on forensic evidence.

This session showcased the strong collaboration between TNDALU, the Asian Criminological Society, and other institutions, reflecting a shared commitment to advancing knowledge in forensic and criminal investigations.

Participation and Collaboration

The event witnessed overwhelming participation, with around 200 teams from law schools, forensic institutions, and law enforcement academies across India. The collaboration between academic and professional institutions, such as the Asian Criminological Society, further enriched the event by bringing diverse expertise to the table.

The competition fostered a spirit of learning and innovation, encouraging participants to explore cutting-edge techniques in criminal investigation and digital forensics.

Workshop Highlights

The two-day workshop was structured to provide a comprehensive learning experience, blending theory with practical insights.

Key sessions included:

1. 1. Interactive lectures by experts:
 - - Discussions on digital forensics, its importance in criminal trials, and the latest investigative tools.
 - - Special emphasis on the application of forensic science in solving real-world cases.
2. 2. Hands-on workshops:
 - - Demonstrations of forensic software and techniques used in digital evidence recovery.
 - - Mock crime scene investigations to give participants practical exposure to solving complex cases.
3. 3. Panel discussions:
 - - Legal and ethical challenges in criminal investigations.
 - - Collaborative approaches to integrating law enforcement and forensic science.

Valedictory Session

Date: 26th February 2024

Time: 5:30 PM

The valedictory session marked the conclusion of the event, celebrating the efforts of participants and organizers alike.

Speakers included:

- - Dr. R. Thilagaraj, Director, Center of Excellence in Digital Forensics, and President, Asian Criminological Society, who emphasized the need for continuous research and training in forensic sciences.
- - Mrs. S. Paari, Former Director, Corporate Workplace Services, Cognizant, shared insights on bridging the gap between academic knowledge and industry practices.
- - Adv. Balamurugan, Additional Public Prosecutor, discussed the critical role of legal frameworks in ensuring justice through forensic evidence.

Highlights of the session:

- - Announcement of competition results, with top teams recognized for their innovative approaches to solving mock investigations.
- - Distribution of prizes and trophies to the winning teams.

The event concluded with closing remarks by Dr. Ranjit Oommen Abraham, who commended the participants for their enthusiasm and dedication. Dr. A. Vijaylakshmi, Director of B.Com LLB (Hons.), TNDALU, delivered the vote of thanks, appreciating the collaborative efforts of the organizing committee and participants.

Outcome

The 2nd National Criminal Investigation Competition & Workshop successfully achieved its objectives by:

- - Enhancing participants' understanding of advanced criminal investigation techniques.
- - Promoting interdisciplinary collaboration between law, forensic science, and law enforcement.
- - Encouraging innovative problem-solving approaches in criminal justice.

This event underscored the importance of collaborations, such as that between TNDALU and the Asian Criminological Society, in fostering a culture of learning and excellence in the field of criminal investigations.

THE TAMIL NADU DR. AMBEDKAR
LAW UNIVERSITY (TNDALU)

In collaboration with

CENTER OF EXCELLENCE IN
DIGITAL FORENSICS (CoEDF) &
ASIAN CRIMINOLOGICAL SOCIETY (ACS)

25th & 26th February 2024

VENUE - SCHOOL OF
EXCELLENCE IN LAW,
TNDALU, PERUNGUDI, CHENNAI

OFFICIAL INVITE

We cordially welcome you to the 2nd National Criminal Investigation Competition and Workshop, 2024 conducted by the Tamil Nadu Dr. Ambedkar Law University in collaboration with the Center of Excellence in Digital Forensics (CoEDF) and the Asian Criminological Society (ACS). This exciting event is an initiative by some of the greatest minds in the field of law, criminology, social work, human rights, and police administration. It focuses on creating awareness among the upcoming generation, especially the Law, Criminology, Social Work, Human Rights and Police Administration students, in vital areas such as Criminology and Forensic Science and its practical application. The event includes an engaging criminal investigation competition where students can apply their investigative skills and crime scene evidence analysis skills, which is followed by a workshop with live demonstrations, delivered by people who are experts in their niche of study. We urge you to join us for a weekend of fun learning, intellectual discussions and exciting activities. The event is scheduled to be held from 25th - 26th February, 2024 at the School of Excellence in Law, Chennai. The Organising Committee of the competition cordially welcome your esteemed institution to participate in the same and make this event a grand success. Don't miss out on this great opportunity to bring out the Sherlock Holmes in you!

With Warm Regards,
The Organising Committee,
School of Excellence in Law,
Chennai.

ABOUT SOEL - TNDALU

The School of Excellence in Law takes immense pleasure in conducting the 2nd National Crime Scene Investigation Competition and Workshop, 2024. The School of Excellence in Law has been established by the University as its campus since 2002 and has been modelled on the lines of other National Law Schools in the country. The University is functioning as a nodal agency to uplift the legal education in the state of Tamil Nadu through School of Excellence in Law at Chennai and through sixteen affiliated colleges in the state. The institution is the first full-fledged sui generis law university in the country. The institution strives to promote legal education among the students for exploring different avenues and developing an overall skill set in the field of law. As a new initiative, the Department of Criminal Law and Criminal Justice Administration and the Department of Cyberspace Law and Justice, TNDALU have joined hands with ACS and COEDF to pull off an event as successful as its previous edition.

ABOUT CoEDF

The Center of Excellence in Digital Forensics (CoEDF), is a pioneer of specialized academics and a training institution headed by Prof. Dr.R. Thilagaraj, supported by great minds in the fields of Information Security, Digital Forensics, Criminology, Forensic Science and Forensic Medicine. It offers degrees, diplomas and certifications on Criminology, Forensic Science, Digital Forensic, Information Security and in other related areas in collaboration with various Universities, Colleges and Corporates. CoEDF also offers training to the law enforcement officials, faculties in the Universities and Colleges, officials from corporates, IT companies, banks and professionals from financial companies on various contemporary issues relating to cyber-crimes and frauds. CoEDF also provides awareness programmes to school children and parents on the safe usage of cyber space and social media. It has its signature programme titled “Butterflies Beware safe surfing” which is exclusively provided in schools. CoEDF also provides consultancy services to provide assistance and advise for securing the businesses, e-governance set-up and IT infrastructures.

ABOUT ACS

The Asian Criminological Society (ACS) was established in 2009 in Macau, China with the following objectives: (1) to promote the study of criminology and criminal justice across Asia; (2) to enhance cooperation in the fields of criminology and criminal justice by scholars and practitioners; (3) to encourage communication between criminologists and criminal justice practitioners in Asia and the world through publications and conferences; and finally, (4) to foster training and research in criminology and criminal justice in institutions of learning, and in criminal justice agencies.

WHY CRIMINAL INVESTIGATION?

4

During a criminal investigation, which includes crime scene investigation, evidence is carefully gathered and examined. The purpose of a crime scene investigation is to determine what had transpired to identify the sequence of events leading to the actual crime, the responsible party and their modus operandi. It is helpful to recognise and properly gather physical and digital evidence when trying to solve and prosecute violent crimes. Whether physical evidence will be used in resolving or prosecuting violent crimes depends heavily on the law enforcement officer who saves and searches the crime scene. Firstly, not all lawyers are equally capable of seeking out and compiling evidence. The scope of evidence collection and crime scene investigation is not just limited to forensics students but every student/person connected to the criminal justice system is required to possess basic knowledge about crime scene investigation and evidences.

ABOUT THE COMPETITION

This program as an innovation departs from the usual custom of conducting moot court competitions. Criminal Investigation competition assesses the ability of students to perform procedures related to crime scene procedures and to hypothesize the suspects. It aims to learn more about crime investigation by examining physical evidences from the crime scene along with use of reasoning and logical skills. It is interdisciplinary, including identifying, reporting, sketching, identification, photography, reasoning and observational skills.

ABOUT THE WORKSHOP

The workshop is designed in such a way that the participants get to learn about investigating a crime scene, taking evidence and analyzing. It is to be conducted before the competition by a team of forensic experts who guide us on the do's and don'ts of a crime scene investigation with a live demonstration of evidence collection methodology is also to be imparted to the participants. Interested participants may register separately for the workshop alone

TEAM ELIGIBILITY & TEAM COMPOSITION

5

- This event comprise of competition and workshop.
- The competition is open to full-time students and full-time research scholars belonging to streams of Law, Criminology, Social work, Human rights, and Police administration and who are below the age of 30 years.
