On this august occasion, I want to share a few things with you all. Before delving into the significance of Model United Nations, it is imperative to underscore why platforms like these are indispensable in the context of our contemporary world. As we navigate the intricate landscape of the 21st century, global challenges are no longer confined by borders; they transcend geographical boundaries and demand collaborative, multidimensional solutions. From climate change to human rights, from geopolitical tensions to economic disparities, the complexities of our era necessitate a concerted effort by the international community. Model United Nations serves as a microcosm of this global endeavor, offering a simulated arena where participants can engage in rigorous debate, diplomatic negotiation, and consensus-building.

The relevance of MUN in today's world cannot be overstated. Beyond the acquisition of knowledge, MUN cultivates essential skills such as critical thinking, research proficiency, public speaking, and teamwork. Moreover, it instills in participants a sense of global citizenship, fostering empathy, cultural understanding, and a nuanced appreciation for diverse perspectives. In essence, MUN empowers the youth to become proactive agents of change, equipped with the tools and mindset to address the pressing issues confronting our planet.

Now, at the heart of our institution's ethos lies a steadfast commitment to academic excellence, innovation, and holistic development. SOEL endeavors to provide its students with a transformative educational experience—one that transcends the confines of the classroom and extends into the realm of real-world engagement. By organizing events such as the MUN conference, we seek to nurture the intellectual curiosity, leadership acumen, and global awareness of our students, preparing them to navigate the complexities of an ever-evolving world.

Our initiative of this SOEL MUN operates on the principles of authenticity, inclusivity, and excellence. Delegates, representing various nations and stakeholders, immerse themselves in the intricacies of international diplomacy, grappling with pressing global issues within the framework of the United Nations. Through committee sessions, plenary debates, and resolution drafting, participants engage in a dynamic exchange of ideas, negotiate alliances, and seek common ground on matters of paramount importance.

We truly believe that SOEL MUN stands as a beacon of our unwavering commitment to nurturing the next generation of leaders—individuals who are not merely spectators but active participants in shaping the course of history. As we convene under the theme "Salvare Plantae", we are reminded of the urgent imperative to address environmental sustainability and safeguard the delicate balance of our planet's ecosystems. It is incumbent upon us, as stewards of the earth, to rise to this challenge with resolve, ingenuity, and collective action.

In conclusion, I implore all delegates to approach this conference with a spirit of open-mindedness, collaboration, and empathy. Your deliberations hold the potential to inspire innovative solutions, forge lasting connections, and catalyze positive change on a global scale.

As we gather here today, united in our pursuit of knowledge, understanding, and collaboration, let us remember the words of Eleanor Roosevelt, who famously said, "It is better to light a candle than to curse the darkness." In the spirit of this sentiment, let us each strive to be that beacon of light, illuminating the path towards a brighter, more just world. With open minds, compassionate hearts, and a steadfast commitment to dialogue and diplomacy, I am confident that together, we can overcome the challenges that lie ahead and build a future of peace, prosperity, and harmony for generations to come.

By simulating real-world scenarios and encouraging diplomatic negotiations, delegates honed their skills in conflict resolution, empathy, and consensus-building. In line with Mahatma Gandhi's vision of nurturing peace from a young age, SOEL MUN Society prioritized student involvement as facilitators and mentors. Student Mentors were equipped with the necessary resources and training to inspire participants and empower them to become ambassadors of peace within their communities. LL.B. FRESHER'S MOOT COURT ORIENTATION AND COMPETITION 2023-2024

The Fresher's Moot Court Orientation and Competition for the 3 years LLB course. The Orientation was conducted on 18th January and the competition was conducted on 16th February. The freshers were presented with an incredible opportunity to begin and to carry forward a legacy that is extremely rich and varied in the School of Excellence in Law, the Tamil Nadu Dr. Ambedkar Law University, Chennai. The Moot Court Association, School of Excellence in Law, takes immense pride in presenting the report of the Fresher's Moot Court Competition, 2023-24.

ABOUT THE FRESHER'S MOOT:

Moot court is a primary law school activity, to indulge in, which is the dream of every law student. A moot court is a "mock court" where a hypothetical case is argued by law students in front of a panel of judges. Mooting is a specialised application of the art of persuasive advocacy. Mooting not only helps the students to improve their research and speaking skills, but also enables them to appreciate the law by applying it to the facts of the case.

The fresher's Moot Court Competition was a simulation of the actual Moot Court Competition. The primary difference between Freshers Moot and an actual moot is that every student was required to participate individually by formulating and preparing the memorial and arguments by themselves and deliver the arguments.

Understanding the complexity of this for the freshers, each participant was allotted with a mentor who helped and guided them throughout the competition in various aspects. The complexity of the competition was reduced by allowing the students to participate individually without any opposing counsel which did not require them to answer any rebuttals and sur rebuttals.

ABOUT THE FRESHER'S ORIENTATION:

The Fresher's Moot Court Orientation 2023-24 for 3 years LLB course was conducted on 18th January ,2024. It was conducted in an online mode via google meet from 11 am. The guest speaker for the day was Adv Mohammad Sajid, BBA MA LLB (Hons), Alumni of SOEL.

The emcee for the day gave a brief intro of Adv Mohammad Sajid. He is the ever humble and commendable alumni of the Tamilnadu Dr.Ambedkar Law University, Mr. Mohammed Sajid, who has worked as a fine member of the

MCA and has bagged awards in various Moot Court Competitions. He has also won the Best Male Advocate Award from the Honorable Judges of Madras High court.

The President of moot court association, Ms. Nishasri explained about how MCA functions. The Guest speaker gave a significant lecture on importance of mooting and explained mooting procedures. He also underlined the importance of participating in fresher's moot. The key takeaways from his lecture was that fresher's moot is to ensure that they fulfill the roles of both a researcher and a speaker in the competition, typically undertaken by two different individuals. It also aims to prepare them to face an actual Moot Court Competition, enabling them to develop memorials and arguments under the guidance of mentors. The goal is to diminish the fear of mooting and enhance their legal research skills.

This was followed by a mock moot performed by MCA members representing the petitioner and respondent sides which was judged by Adv Mohammad Sajid. The demonstration and explanation by the guest speaker regarding every step of the rounds made the freshers clear about all the proceedings. The Orientation ended with a Q & A session for the freshers to clarify all their doubts regarding moots.

ABOUT THE FRESHER'S MOOT COURT COMPETITION:

The Moot Court Association (MCA) successfully hosted the Fresher's moot court competition on February 16th at the MCA Hall, between 10 am-2 pm. TAMIL MOOT COURT COMPETITION

ABOUT THE COMPETITION

The Moot Court Association of School of Excellence in Law, Chennai organised a Tamil Language Moot Court Competition as a part of its intra-university law fest, event Aazhi 2024 – an Odyssey through Legal Currents. The event saw registration of 21 intra-university teams, witnessing enthusiastic participation from more than 60 students from all years of 5 Years and 3 Years LL.B. Courses. The Moot proposition dealt with one of the most contemporary issues in the subject of Labour Law, i.e., the status of gig workers under Indian labour law. The Problem was drafted by Mr. Yuvaraj, an LL.M. student of School of Excellence in Law, under the guidance of Prof. (Dr.) J. Mahalakshmi, Head of Department of Labour Law and Administration.

THE MOOT PROBLEM

In the vibrant country of AIDIN, the people embraced a constitution embodying values of justice, equality, liberty, and fraternity. Amidst a bustling economy with millions toiling in the organized and unorganized sectors, the winds of Liberalization, Privatization, and

Globalization in 1991 brought both prosperity and challenges. Multinational companies and foreign investments fuelled growth, yet the rise of contract employments cast a shadow on labour rights, leaving many in precarious positions.

Enter Harry and Hermoine, dedicated drivers at Road Rocker for two decades, whose lives took a drastic turn during the COVID-19 crisis. Abruptly terminated without terminal benefits, they embarked on a legal battle seeking justice. Their journey led them through the corridors of the Labour Court of Sardam, the High Court, and the Division Bench, all echoing the same verdict - no clear employer-employee relationship existed. Undeterred, they pinned their hopes on the Supreme Court of AIDIN, where their plea awaited a fair hearing.

Amidst this turmoil, the intricate web of agreements between drivers and Road Rocker BV unfolded, revealing the complexities of modern-day transportation services. From fare calculations to service fees, the fine print of these contracts added layers to the drivers' quest for recognition and rights. As the wheels of justice turned, the fate of Harry, Hermoine, and countless others in the labor force hung in the

balance, symbolizing a larger struggle for dignity and fairness in the evolving landscape of work and technology in AIDIN.

TRIAL ADVOCACY

The School of Excellence in Law, organized a Law Fest (AAZHI), whereby it provided the students a variety of opportunity to showcase their legal knowledge and skills. The Law Fest proved to be a wonderful platform for the students to hone their practical skills and prepare them for a successful legal career.

One of the main events of the Law Fest was the Trial Advocacy Competition. The objective of conducting the Trial Advocacy competition was to nurture and create opportunities for development of the skills in litigation, evidence establishment and examination in the Trial Courts.

The Aazhi Trial Advocacy Competition, 2024 was held from 4th April 2024 to 7th April 2024. It was held offline at The School of Excellence in Law, The Tamil Nadu Dr. Ambedkar Law University. The Competition was open for all students who were pursuing a three-year or five-year Law Degree Course in School of Excellence in Law. Initially the number of teams participating in the Trial Advocacy competition was restricted to 24 teams on a first come first serve basis. But owing to the overwhelming response from the students of the School of Excellence in law, and the multiple requests made by

them, all the 36 teams which had registered for the Trial Advocacy competition were allowed to participate.

The Moot Court Association of the School of Excellence in Law also conducted an orientation programme for the Trial Advocacy competition, to educate and provide an overview to the participants on how the trial advocacy competition would be conducted. This orientation turned out to be a huge success, as majority of the participants had not attended any trial competitions prior to the Law Fest and had no idea on how the competition would be conducted.

Competition Format:

The Trial Advocacy competition was conducted in two phases. The first phase was the procedure test and the second phase was the oral rounds.

Procedure Test

The procedure test was conducted on 4th April 2024, via online. This test was taken up by the researchers of all the participating teams. It took place via G-Meet, in a proctored session, where an organizing committee member was supervising the procedure test to prevent any kind of malpractices.

The test was based on the procedural and evidentiary aspects of a Criminal Trial and the application of the penal provisions to the given Trial Proposition.

Oral Rounds

There were four oral rounds conducted for this competition,

1. Preliminary rounds
2. Quarter final rounds
3. Semi-final rounds
4. Final round

In the Preliminary rounds, each team argued, once on behalf of the prosecution and once on behalf of the defence. The aggregate of both these rounds for each team was used for ranking the teams and the teams that made it to the top 8 moved on to the Quarter final rounds. The preliminary rounds were judged by the students pursuing LLM in the School of Excellence in Law.

In the Quarter final rounds which was conducted on 6th April 2024, each team presented their case on behalf of either the prosecution or the defence. Whether the teams represented the prosecution or defence was decided by a draw of lots.

The team that secured a win against the opposition team in each Quarter Final Round, in a respective court hall, qualified for the Semi-Final Rounds which was also conducted on the 6th April 2024. The Semi-final rounds were judged by a division bench. In Court Hall 1, we had Adv. Ashwin and Adv. Hari as the judges. In Court Hall 2, we had Prof. Dr. D. Kannan and Prof. Dr. Vijayalakshmi as the judges. For both the Quarter finals and Semi-finals, the teams were provided with witnesses, who were student volunteers from the first year. The teams had to train the witnesses within 45 mins before the oral rounds began.

The team that secured a win against the opposition team in each Semi-Final Rounds, qualified for the Final round of the Trial Advocacy Competition which was conducted on the 7th April 2024. For the final round, members from the organizing committee played the role witnesses. The final round was judged by a full bench, consisting of an esteemed panel of judges, Honourable Justice Lingeshwaran, Additional Judge at the Sessions court; Dr. S. Rajalakshmi, Associate Professor and Head of Department of Criminal Law and Criminal Justice Administration in School of Excellence in Law; and Adv. Pratap, one of the founding members of

the Moot court Association of School of Excellence in Law, currently practicing at the Public Prosecutors office.
